The New Guidebook for Pastors is written in the tradition of classics like Criswell's Guidebook for Pastors. But since most pastoral guidebooks available today date back to 1980 or earlier, this new resource by Mac Brunson and James W. Bryant will offer fresh experience-based encouragement to all pastors in their pursuit of excellence and development in their God-called profession. Among the twenty chapters are "The Pastor and His Call," "The Pastor and His Family," "The Pastor and His Staff," "The Pastor and Worship," "The Pastor and Finances," "The Pastor, Wedding, and Funerals," "The Pastor, Politics, and Moral Issues," and "The Pastor and His Denomination." Traditionally understood as an ancient teaching method conceived by the philosopher Socrates, scholars in education have boldly explored the definitions, philosophical underpinnings, assumptions, and uses of Socratic dialogue in various learning situations and educational settings. Despite its ancient origins, the Socratic Method has an impact on contemporary leadership, critical thinking skills, e-learning, adult education, and social-emotional learning. Enhancing Teaching and Learning With Socratic Educational Strategies: Emerging Research and Opportunities presents scholarly work, philosophical investigations, educational claims, and the latest empirical research on the process and outcome of the Socratic Method in educational contexts. It delves deeply into the instructional strategy uncovering its practical impact in educational contexts and its philosophical and societal consequences in the modern world. Covering topics such as female voice, maieutic instruction, and teacher preparation, this book is an essential resource for philosophers, educational administration, educators, researchers, pre-service teachers, academicians, and government programs. And once you have a person in place, there are several key things you can do to help develop a healthy student ministry that includes encouraging your youth pastor, engaging teens, and involving parents. In this practical book for church leaders, you'll:

- Facilitate communication with your entire church ministry staff by using the included discussion guide.
- Discover how to implement a ministry that supports families and their involvement in the youth ministry.

Whether you already have a youth pastor or are just beginning your search, this book will help you set up your student ministry and youth pastor for health and longevity. Make sure you understand what's going on inside the mind of your youth pastor—whether he or she is a veteran, a volunteer, or an inexperienced new pastor—so that together, you can create a life-changing student ministry that reaches teens and draws them to Jesus. In the spirit of Cyril Barber's classic work from the 1970s, The Minister's Library, Robert Yost provides students and pastors with expert guidance on building a working ministerial library. From Old and New Testament languages, lexical aids, and grammatical tools, to commentaries and theologies as well as pastoral resources, Yost is a trustworthy guide through the multiplicity of books that seem to just keep rolling off the presses. Far more than just a guide to commentaries as are so many works today, this resource is a balanced pastoral tool for pastors and students who are overwhelmed by the proliferation of literature in the fields of biblical and pastoral studies. "Any reader who desires a modern reliable guide for building a good library needs this new book. It is a treasure, especially for serious pastors and teachers." --John H. Armstrong, President, ACT3 Network, Wheaton, Illinois "Robert Yost has done biblical and theological students and pastors everywhere a great service in producing The Pastor's Library. His book is insightful, current, substantive, and readable. It is an excellent tool and will help equip both the present and emerging generation of church leaders." --Dave Epstein, Senior Pastor, Calvary Baptist Church, New York City "Carrying on the tradition of Cyril Barber's Minister's Library, Yost's much-needed bibliographic resource provides the type of recommendations evangelical pastors, college, and seminary students will want to use to build their own personal library. Readers will find commendations of contemporary scholarship [and] timeless classics--some still out-of-print--an important resource list in its own right." --Klaus Issler, Talbot School of Theology, Biola University "In an age when paper and electronic Old Testament resources abound, it is good to have a veteran scholar's guidance to navigate them. Robert Yost offers practical, accurate, and specific opinions on each volume's theological viewpoint and usefulness, and his assessments are clear and generous. This work will aid beginning and seasoned students alike." --Paul House, Beeson Divinity School of Samford University, Birmingham, Alabama "The Pastor's Library is an important work and merits purchase and perusal by all ministers, scholars, and thoughtful persons who care about biblical and theological depth as integral to discipleship and mission. I recommend this work highly and as one serving pastors, this will be immensely helpful in directing leaders to the best resources." --Charlie Self, Assemblies of God Theological Seminary "Dr. Yost has revitalized and renewed the scholarship of theological research without sacrificing the practical application for students and pastors. Of extraordinary value! Every scholar should add it to his or her library as a valuable resource." --Harvey Solganick, Southwestern Baptist Theological Seminary, Fort Worth, Texas "Students benefit from expert evaluation in finding the best reference books. Diligent pastors want to keep up with new research done since college/seminary days. Professors and librarians need to evaluate textbooks. All should consult Dr. Yost's annotated bibliography for guidance as to how to best use limited study time." --Steven Waterhouse, Senior Pastor, Westcliff Bible Church, Amarillo, Texas "As a pastor far removed from my seminary days, I am in need of a carefully selected list of books that will help me make informed choices when it comes to sermon preparation, Old and New Testament studies, Apologetics, Practical Theology and much more. Robert Yost has written an exceptionally well-compiled bibliography that has become a great addition to my library. He does an excellent job informing the reader of the relevance and quality of the sources he cites by offering succinct annotations about the book's usefulness." --Jeffrey Winter, Senior Pastor, First Presbyterian Church, Haines City, Florida "Every pastor who is serious about teaching the Scriptures Provides a comprehensive examination of the emerging church phenomenon, considering emerging patterns in leadership, worship, mission, spiritual practices, and cultural engagement. The Heart of a Great Pastor salutes pastors everywhere – those wanting to take a fresh look at their ministries, as well as those just starting out. As the baton is passed to the “new breed of pastors,” there is a great need to help them count the cost of serving Christ and equip them with the tools, wisdom and encouragement from those who have gone before them. H.B. London, Jr., and Neil B. Wiseman bring their experiences and heart to pastors for such a task. To the “new breed,” they ask: Do you have a mentor? Have you examined your unique call and place in society? Do you have buy-in from your spouse and children? Do you spend as much time in the Word and study as you do in the entrepreneurial pursuits of your ministry? Do you genuinely love people? Do you really understand how invested God is in you and how important it is for you to make it? Here is help for young pastors and their mentors to stay strong personally while taking churches to the edge of creative, imaginative newness for Christ while remaining safely anchored to the abiding and adventuresome gospel. This book is written to help pastors understand and unleash the praying people in their churches and praying people to understand their pastors. The emerging partnership between the two is critical to the completion of the Great Commission and to extend the kingdom of God throughout the earth. The Asian American church is in transition. Congregations face the challenges of preserving ethnic culture and heritage while contextualizing their ministry to younger generations and the unchurched. Many Asian American church leaders struggle with issues like leadership development, community dynamics and intergenerational conflict. But often Asian American churches lack the resources and support they need to fulfill their callings. Peter Cha, Steve Kang and Helen Lee and a team of veteran Asian American pastors and church leaders offer eight key values for healthy Asian American churches. Drawing on years of expertise and filled with practical examples from landmark churches like Evergreen Baptist Church of Los Angeles, NewSong Church and Lighthouse Christian Church, the book provides soundly biblical perspectives for effective ministry that honors the Asian American cultural context. Insights from such pioneering leaders as Ken Fong, David Gibbons, Grace May, Wayne Ogimachi, Steve Wong, Nancy Sugikawa and Soong-Chan Rah make this an essential guide for Asian American church leaders wanting to help their congregations achieve health and growth. Produced in partnership with the Catalyst Leadership Center, a resource organization for Asian American church ministry. What are the beliefs of the new movement known as the emerging church? In thought-provoking debate, prominent emerging leaders John Burke, Mark Driscoll, Dan Kimball, Doug Pagitt, and Karen Ward discuss their sometimes controversial views under the editorship of author and educator Robert Webber. Hear what they say about their views of Scripture, Christ, the atonement, other world religions, and other important doctrines, so you can come to your own conclusions about the emerging church. Packed with practical tips, reproducible pages, checklists, and suggested resources, this ready-to-use resource helps first-time pastors or those new to an established church get started the first day and the first Sunday. The author, a pastor and rising leader in the emergent church movement, provides a practical exploration of a creative new leadership style that shows how Christian mission should look in a culture that is rapidly changing. Original. 10,000 first printing. Church leaders young and old will find professional advice and inspirations worth revisiting time and again throughout their ministry career in The New Guidebook for Pastors. The European religious landscape is changing fundamentally. Are we experiencing a decline, revival, recycling or transformation of religion? Moreover, will Europe become a museum of religions or a laboratory of new religious experiences? A group of experts from different disciplines and nationalities, meeting in Pecs, Hungary - the European Capital of Culture 2010 -, examines in detail, the contrasting developments around the religious lives of individuals, communities, institutions, emerging from processes of secularisation, relativisation, and privatisation ("believing without belonging"). What emerges is a picture of very contrasting mega-trends, with positive and negative aspects, characterised, for example, by a sharp decline in traditional situations as well as the emergence of new situations rich of

flurries, which are featured mostly under the so-called "creative minorities". On which heritage of ultimate values does the EU and its member states, want to base the cohesion of the new society, while respecting cultural diversities and religious pluralism? What happens in the world of religions cannot be side-lined, if we are looking for an appropriate response. Important indications can be provided by the way in which, the heads of religious institutions, as well as communities and individuals live in "possible dialogue", in a European society that is increasingly multicultural, multi-ethnic and multi-religious. The analysis of on-going experiences in Europe shows that a truly constructive dialogue can give a vital contribution to the strengthening of social cohesion and democracy. But what are the real terms in this confrontation? In other words, what is tolerable? And, what is acceptable? European experts, who have worked with a multidisciplinary and systemic approach of the analysis of these phenomena, attended the initiatives of the European Research Group R.I.P.E. - Religious Innovation and Pluralism in 21st Century Europe, which was founded in 2006, by P This book focuses on problems in parishes from stewardship to worship to strategic planning and then examines new ideas and solutions. The approach is positive and practical; the tone is conversational and engaging. The God's Big Plans for Me Storybook Bible uses kid-sized versions of the 40 foundational principles found in the #1 New York Times bestseller The Purpose Driven Life by pastor Rick Warren, helping boys and girls find the same motivating love of Christ in their own lives. Pastor Warren's unique approach starts by introducing each Bible story with a theme that aligns with one of his renowned PDL principles. Then, he uses colorful illustrations and an engaging, narrative tone to guide younger readers through each story. Finally, he wraps up the stories with a closing thought that turns each principle into a practical step boys and girls can take to discover God's big plans for them. Warren is a natural storyteller, and his principles have changed the lives of millions of adults. The God's Big Plans for Me Storybook Bible is the kid-friendly version that parents, grandparents, pastors, and teachers have been waiting for. God's Big Plans for Me Storybook Bible: Uses child-friendly language to introduce and engage children ages 4-8 in 40 of the most important Bible stories Includes illustrations that visually highlight—at a child's comprehension level—the 40 foundational principles from the New York Times bestseller, The Purpose Driven Life Features an easy-to-understand, chronological approach to Bible reading David Brooks wrote in The Second Mountain, "A pilgrimage is a journey undertaken in response to a story." My life story has been lived in response to God's story revealed in the Bible. This book is about the highways I have traveled in obedience to the Voice of the Holy breaking into my successes and failures, desires and doubts, and leading me by the power of grace in ever merciful and transforming ways. If you are drawn to my story, it is because the same Voice is calling you to share the adventure of a lifetime in following Jesus as he set his face to go up to Jerusalem. Through my story may you hear Aslan's (Christ's) invitation, "Come further in! Come further up!" This story travels by way of the "highways to Zion" (Ps 84:5-7). Those highways become deeply paved in the hearts and minds of those who work for the healing of the world and who bring the blessings of the reign of God to barren, dry, and thirsty lands. In this book Augusto Rodr'guez provides a historical survey of the different paradigms of Christianity in order to understand how and why the church has changed her concept of being the church and of mission. This book will help in understanding how the different paradigms of Christianity, throughout history, have changed the church's self-understanding of being the church and of mission. Rodr'guez's aim is to provide an opportunity for Christians to see the different paradigms the church has gone through and understand the present situation of the church in order to live out as fully as possible the New Testament understanding of its mission and better accomplish the task. Annotation The first book to examine the relationship between church organizations and urban politics. Through transparent personal stories and incisive insight, author and pastor Tim Conder encourages church leaders to embrace the changes necessary to transition their congregations toward effectiveness and authenticity in the emerging culture. Excerpt from Old New England Churches and Their Children In telling the story of New England Churches, I have been greatly assisted by the kind cooperation of many New England people: public-spirited citizens and pastors of churches; and by reference to pamphlets, books of general history, ecclesiastical histories, town records, old sermons, and the like. Especial thanks are due the trustees, librarians and to the least of the staff of the Boston Public Library. I wish eagerly to acknowledge the hospitality of the trustees and here to thank the librarians for their efficient help in placing well classified and helpful material in my hands. I wish to thank the attendants for their cheerful comings and goings, their fetchings and carryings in the interest of this work, and to express the pleasure I have felt in observing how indiscriminately willing they are to serve all those who work within that rare library's gates. In this book, Dr. Matthew Todd looks into the anecdotal reporting of high numbers of Canadian-born Chinese leaving Western Canadian Chinese churches--what is termed the silent exodus. Some of the fastest-growing Canadian churches are Chinese, yet reportedly the highest dropout rates are among Chinese and Asian church adult ministries. This book recommends solutions towards the retention of Canadian-born Chinese adults in Chinese bicultural churches through empowerment. To address retention, the key factors that contribute to a silent exodus are established through qualitative research with participants of diverse church affiliations. Todd examines various models and proposed solutions the Chinese church has used to retain its English-speaking congregants, and gives attention to a theological basis for being inclusive in mission initiatives and for empowerment through passing the leadership baton. Todd makes some recommendations on the new wave of an emerging congregational model that requires negotiation with Chinese church leadership to give power away to English ministry leaders and congregations. He anticipates that this will permit transformational leadership practices that contribute to shalom, community transformation, and lasting congregations. Excerpt from The Pastors of New Hampshire, Congregational and Presbyterian: A Chronological Table of the Beginning and Ending of Their Pastorates As this Appendix is likely to fall widely into the same hands, and interest the same circle of inquirers, as The Iliim'slry and Churches of New Hampshire, it seems appropriate to add, at the end, a list of such further errata as have been found, and are not corrected, on the final page of that work [or Congregational Quarterhy, 187g, 'p. On that page I make an exception in favor of original sources of information, as trustworthy. But two of the birth dates, here corrected, were furnished me by the gentlemen concerned, and the same is true of several other items. The Center for Pastor Theologians (CPT) seeks to overcome the bifurcation that has developed between the roles of pastor and theologian. Based on the first CPT conference in 2015, this volume brings together the reflections of church leaders and academic theologians to consider how these roles might be reconnected once again. On 13 June 1525, Martin Luther married Katharina von Bora, a former nun, in a private ceremony officiated by city preacher Johann Bugenhagen. Whilst Luther was not the first former monk or Reformer to marry, his marriage immediately became one of the iconic episodes of the Protestant Reformation. From that point on, the marital status of clergy would be a pivotal dividing line between the Catholic and Protestant churches. Tackling the early stages of this divide, this book provides a fresh assessment of clerical marriage in the first half of the sixteenth century, when the debates were undecided and the intellectual and institutional situation remained fluid and changeable. It investigates the way that clerical marriage was received, and viewed in the dioceses of Mainz and Magdeburg under Archbishop Albrecht of Brandenburg from 1513 to 1545. By concentrating on a cross-section of rural and urban settings from three key regions within this territory - Saxony, Franconia, and Swabia - the study is able to present a broad comparison of reactions to this contentious issue. Although the marital status of the clergy remains perhaps the most identifiable difference between Protestant and Roman Catholic churches, remarkably little research has been done on how the shift from a "celibate" to a married clergy took place during the Reformation in Germany or what reactions such a move elicited. As such, this book will be welcomed by all those wishing to gain greater insight, not only into the theological debates, but also into the interactions between social identity, governance, and religious practice. In Calvin's Company of Pastors, Scott Manetsch examines the pastoral theology and practical ministry activities of Geneva's reformed ministers from the time of Calvin's arrival in Geneva until the beginning of the seventeenth century. During these seven decades, more than 130 men were enrolled in Geneva's Venerable Company of Pastors (as it was called), including notable reformed leaders such as Pierre Viret, Theodore Beza, Simon Goulart, Lambert Daneau, and Jean Diodati. Aside from these better-known epigones, Geneva's pastors from this period remain hidden from view, cloaked in Calvin's long shadow, even though they played a strategic role in preserving and reshaping Calvin's pastoral legacy. Making extensive use of archival materials, published sermons, catechisms, prayer books, personal correspondence, and theological writings, Manetsch offers an engaging and vivid portrait of pastoral life in sixteenth- and early seventeenth-century Geneva, exploring the manner in which Geneva's ministers conceived of their pastoral office and performed their daily responsibilities of preaching, public worship, moral discipline, catechesis, administering the sacraments, and pastoral care. Manetsch demonstrates that Calvin and his colleagues were much more than ivory tower theologians or "quasi-agents of the state," concerned primarily with dispensing theological information to their congregations or enforcing magisterial authority. Rather, they saw themselves as spiritual shepherds of Christ's Church, and this self-understanding shaped to a significant degree their daily work as pastors and preachers. Ministry is challenging, complex, and costly. Too many pastors and church leaders are getting spread thin, burned out, and walking away! In an ever-changing church culture that includes social media, blurred denominational lines, and an increased demand for relational ministry, many pastors are feeling overwhelmed, becoming discouraged, and dropping out of leadership roles. You may be one of them--but you are not ready to give up. The Resilient Pastor will help you to focus on character development and spiritual formation as a Christian leader, engaging the challenges of ministry with passion and perseverance. You will explore ten principles for developing pastoral resilience and consider biblical examples as well as testimonies from contemporary leaders as you lay the foundation for becoming a resilient leader. This journey through The Resilient Pastor will be worth your time as an individual leader or in a small group context with other pastors. If the emerging church movement is looking for a theology, Ray Anderson offers clear and relevant theological guidance for it in this timely book. Reaching back through time, Anderson roots an emergent theology in what happened at Antioch, where Saul (Paul) and Barnabas were set apart for a mission to establish churches outside of Jerusalem--among Gentiles who had to be reached in their own cultures. He shows how the Lord Holy Spirit himself revolutionized and inspired how the message of salvation was offered to others, and provided a model to follow. Explaining that an emergent theology is messianic, revelational, kingdom-coming and eschatological, this book addresses many of the concerns of those looking for a church that is contemporary, yet true to the gospel. If you wrestle with the challenges that face the church in these "postmodern" days, you will benefit from this book. The New Orleans Spiritual Churches constitute a distinctive African American belief system. Influenced by Catholicism, Pentecostalism, Spiritualism, and Voodoo, the group is a New World syncretic faith, similar to Espiritismo, Santeria, and Umbanda. In The Spiritual Churches of New Orleans, Claude Jacobs and Andrew Kaslow combine a historical account of the emergence of this religion with careful ethnographic description of current congregations. Complementing their text with striking photographs, the authors convey the ecstasy at the heart of the Spiritual experience. Copyright © Libri GmbH. All rights reserved.
