[Buddha Nature](#) Jan 27 2023 The Buddha's definitive teachings on how we should understand the ground of enlightenment and the nature and qualities of buddhahood. All sentient beings, without

exception, have buddha nature—the inherent purity and perfection of the mind, untouched by changing mental states. Thus there is neither any reason for conceit nor self-contempt. This is obscured by veils that are removable and do not touch the inherent purity and perfection of the nature of the mind. The Mahayana Uttarantra Shastra, one of the “Five Treatises” said to have been dictated to Asanga by the Bodhisattva Maitreya, presents the Buddha’s definitive teachings on how we should understand this ground of enlightenment and clarifies the nature and qualities of buddhahood. This seminal text details with great clarity the

view that forms the basis for Vajrayana, and especially Mahamudra, practice.

Dharm Shastra Dec 14 2021 "There is a common fallacy that dharma-shastra is concerned only with religion. This wrong notion has caused a lot of problems and controversies. This book explains that dharma is a divine, universal constitution, and it deals with values that have a universal application. It also indicates the methods by which we can determine if an action falls within the ambit of dharma or not. The special dharma of students, householders, kings

or rulers, and the various nuances of svadharma are discussed beautifully. Desire management is another interesting topic of discussion here. Dharma-shastra is a precious practical guideline to live life intelligently, grow out of your desires and reach higher goals. The ultimate goals of dharma is to attain peace, prosperity and purity, leading to total fulfilment.

Vastu Shastra and the Patterns of Traditional Houses of Iran
Dec 02 2020 Although the traditional houses of Kashan-Iran, are believed to be fine representations of "good-design" and healthy-living worldwide, providing the inhabitants with different levels of physical, psychological and spiritual needs, the rules and guidelines applied in their design have not yet been identified and introduced as a complete package. In fact insufficient documents regarding the design process of traditional houses, cultural values of traditional societies and esoteric knowledge have led to disputes among scholars in clearly determining these

rules and guidelines. Studying such houses, there is an evidence of a similar repeated pattern in plan, structure and decorations, which prove the influence of a well-established architectural system in their creation. Historical views further point towards an influence of Vastu Shastra on the design of traditional Iranian house, which appears to be the earlier practice within the IndoAryan communities. This book is an attempt to introduce the complete set of rules and guidelines applied in the creation of traditional Iranian houses, using Vastu Shastra as a framework.

Culture: Or the Patanjala Yoga Shastra The principles of yoga apply alike to the highest. Spheres of contemplative and religious life and to the humblest objects of worldly pursuit. It is like the fundamental processes of algebra which enter into the solution of the highest problems of Differential Calculus no less than into the solution of ordinary questions of calculation. The commentators of the Yoga Shastra however view it only in connection with the high meta physical and spiritual questions relating to humanity. This is no wonder, as the yoga Shastra itself deals with too many questions of this class. But the

need of the modern day is to know the Yoga Shastra as a general and abstract system, irrespective of the objects to which it may be applied. In the following pages I have tried to present it in this shape. The appendix is intended by the publisher to explain how far the discoveries and the researches of modern Europe comport with the facts and theories of yoga shastra. India Shastra Feb 28 2023

This has been a time of unprecedented change in the country. The transformation of India's politics, economy, foreign policy, media, civil rights, governance and a myriad other aspects of our society and government has been swift and disruptive, sometimes brutally so. Narendra Modi, the nation's new Prime Minister, and his Bharatiya Janata Party, dominate the political scene, as the Congress once did, and are attempting to change the way we work, think, pray and conduct ourselves as citizens of the planet's most populous democracy. There are signs that the nation is moving in directions that will benefit its

people-the economy has begun to revive, its foreign policy appears to be purposefully pursuing a visible place in the world, polls show that a significant percentage of the nation's youth are optimistic about the future; at the same time, there are serious concerns about the rise of majoritarianism and religious fundamentalism (often, this is one and the same thing), a disquieting intolerance of free speech, dissent and religious freedom; moreover, there appears to be no end to corruption, hate speech, criminals in politics, terrorism, violence against women, bureaucratic lethargy, governmental incompetence,

endemic poverty, environmental degradation, and a host of other problems that India has been struggling to overcome for decades. What does the future hold? Is the promise of good times a mere illusion? Have we forgotten the democratic, humane, secular and liberal values that our founding fathers endowed us with? Are high-speed trains and missions to Mars eclipsing the vital need to achieve universal literacy, eradicate poverty, and provide food, shelter and health-care for all? Shashi Tharoor, one of our most distinguished and insightful writers, attempts to answer these and other important questions and demystify the

complex issues that have been thrown up by the ongoing transformation of the nation. After chronicling India's transformation over the years in several previous books, he brings his insights into Indian society, economics and politics up to date in wide-ranging short essays that extend the narrative right up to the present time. Lucid, brilliantly argued, balanced and illuminating, India Shastra is required reading for anyone who wishes to understand today's India

The Amazing Principles of Vastu Shastra Jan 15 2022

Vastu Shastra is basically one of the important traditional sciences that proposes principles of proper architecture. The book, "Amazing Principles of Vastu Shastra" is based on the study of the authors dealing with construction of traditional dwellings, especially the Indo-Aryan houses. In this research it was observed that structure of the houses mainly follow a similar module regardless of the wealth of the owner; a module which is very close to the principles proposed in Vastu Shastra science of

architecture. The universal principles of Feng Shui as another example of the sciences dealing with proper architecture can also be traced in the construction of such traditional houses. However, during this study, a number of differences between the practices introduced in Vastu Shastra and Feng Shui were noticed which are believed to be due to the differences in environmental configurations and cultural behaviors, especially regarding the knowledge of directions, slopes, etc. Therefore to have a thorough knowledge of the best energetic formation for architectural spaces, it is highly recommended to also

study the book "Fabulous Principles of Feng-Shui." *Atmasiddhi Shastra* Jan 03 2021 The Journey of Self-Discovery from the Heart of an Enlightened Master. Humanity has accomplished incredible feats. We have reached for the stars, and achieved things our forefathers considered impossible. And yet, the same key questions that eluded them, have eluded us - Who am I? Where have I come from? What is my true purpose? Questions spark the beginning of an inner journey. *Atmasiddhi Shastra* is a 142-verse masterpiece, composed by 19th century self-realised saint Shrimad Rajchandraji in a single sitting of about 1.5 hours

when He was only 28 years old. Quenching the genuine thirst of a seeker, Shrimadji shares six spiritual truths in this clearest, most cogent outline of the path. A brilliant clarification on diverse perspectives, it prompts you to realise who you are, and who you are not. World-renowned spiritual leader Pujya Gurudevshri Rakeshji reveals the hidden treasures embedded within every verse of *Atmasiddhi Shastra*. The book is a step-by-step guide to self-realisation written with great compassion and vision by an enlightened Master. An indisputable path to universal truths is presented through an open-hearted dialogue between an

experienced Master and an earnest seeker. Exploring the soul, destiny, karma, death, rebirth, God and liberation, Atmasiddhi Shastra weaves scriptural testimony with a scientific approach, philosophy with practicality, doctrine with devotion, and logic with love. It covers every step of the path, with milestones of progress, warnings of pitfalls and perils, and a vivid glimpse of the final destination. A guidebook for those in search of their everlasting nature, the deep spiritual richness of every verse is made accessible to read, retain and ruminate. Nothing that one requires to experience the soul, or to attain liberation is hidden or

left out. A revolution awaits all those who seek wholeheartedly within these pages. A masterclass in spirituality for every modern seeker, Atmasiddhi Shastra is a deeply personal experience. Ignite your inner quest. Discover your higher purpose. Reclaim your true identity. Experience your eternal bliss. Gift yourself this ocean of spirituality.
