The Acorn People Oct 06 2021
This true story of a boy who must overcome prejudice and weakness to treat a group of special needs children with the respect—and love—they deserve “will give your innards

a bear hug. . . . You will read this book with a lump in your throat.” (Lincoln Journal) From Ron Jones, a teacher who started the classroom program that inspired the movie *The Wave*, comes a memoir about a life-changing summer. Ron expected that his time as a counselor at Camp Wiggin would be filled with sunny days spent hiking, swimming, and boating. But when he arrives on day one, his illusions are quickly shattered. He knew that the kids would be “handicapped,” but he didn’t anticipate having to care for children who can barely walk or see or retain the use of their limbs. At first, the severity of the campers’ disabilities seems

too much to bear. But everything changes once Ron gets to know his group—kids who call themselves “the Acorn People” because of the acorn necklaces they wear around their necks. The campers teach him that, inside, they are the same as any average kid, and with encouragement, determination, and friendship, nothing is impossible. “A fantastic and beautiful story.”—Seattle Times “Uncomfortably moving, yet told in surprisingly unsentimental terms. . . . Succinct and tender, it will haunt the reader long after the brief passages have been read.”—Houston Chronicle “Ron Jones’ true story of a

group of handicapped children at summer camp is one of the most poignant, beautiful and eloquent tales to come this way in a long time.”—Flint Journal *The Golden Acorn* Nov 26 2020 When the Golden Nut Hunt race becomes a team event, will speedy Squirrel’s competitive spirit take over, or will she learn how to be a team player? A Thousand Forests in One Acorn Sep 17 2022 *A Thousand Forests in One Acorn: An Anthology of Spanish-Language Fiction* brings together twenty-eight of the most important Spanish-language writers of the twentieth century--several of which will be familiar to English-language readers, like Carlos Fuentes, Javier Marías, and Mario Vargas Llosa, and many who will be new revelations, such as Aurora Venturini, Sergio Pitol, and Elvio Gandolfo--and provides them with a chance to discuss

their careers and explain the aesthetic influences behind the pieces they chose to include in this volume. Unlike other anthologies, the stories and excerpts collected here were selected by the authors themselves and represent the "high point" of their writing career. Valerie Miles--translator, editor, and co-founder of *Granta en español*--not only curated perhaps the greatest cross-section of contemporary Spanish-language literature to be anthologized, but also brings to this collection original interviews with every author, along with biographic prefaces before each, in order to best introduce the reader to the

author's entire oeuvre and his or her literary impact. Breathtaking in scope and historical detail, this anthology will no doubt become a fixture in personal literary collections, as well as a go-to resource for classrooms and libraries alike. Valerie Miles is a publisher, writer, translator, and the co-founder of *Granta en español*. She is also the co-director of *The New York Review of Books* in its Spanish translation and, in 2013, was voted one of the "Most Influential Professionals in Publishing" by the Buenos Aires Book Fair.
