Written by expert Molly Abolson, this book provides information on gear, skills, and preparation so that beginners and intermediate participants alike can enjoy this emerging sport with confidence. Have you ever thought about taking time off to ride your bike across the United States? conduct research in the Amazonian rain forest? work on a presidential campaign? build houses for the poor? Tens of thousands of students each year take a break before, or even during college to work, travel, volunteer, or do something just plain different. No matter what you may plan to do with your time away, Taking Time Off shows you how to make the most of it. Included are the inspiring stories of 26 students whose pursuits in their time away from school were fulfilling and enjoyable. You'll find practical advice on every aspect of planning a break, from researching your options and financing your leave to convincing your parents it's a worthy idea. This book's resources section also lists programs, jobs, and American and international organizations that can help you to plan your own time off. Find everything you need to plan a safe and fun winter hiking or camping trip. The authors share practical advice on winter gear, clothing, navigation, and trip planning. * GPS chapter completely updated to reflect newer models and features of GPS receivers now available * Expanded to include a section on routefinding on glaciers, along with additional information on changing declination * Extensive illustrated examples of orientation and wilderness navigation Proceed with confidence when heading off-road or off-trail with the second edition of Wilderness Navigation. Whether you are climbing a glacier, orienteering in the backcountry, or on an easy day hike, Mike and Bob Burns cover all the latest technology and time-tested methods to help you learn to navigate--from how to read a map to compasses and geomagnetism. Bob Burns is a long-time member of The Mountaineers. He has taught classes in the use of map and compass since the late 1970s. Mike Burns is an avid climber. He has instructed climbing and navigation classes, and written articles for Climbing magazine. Part of the The Mountaineers Outdoor Basics series! Created for beginning-to-intermediate enthusiasts, this series includes everything anyone would need to know about staying safe and having fun in the backcountry. Nutrition, menu planning, packaging, equipment, open-fire and high-altitude cooking, and more are covered in this revised and updated NOLS book. More than 170 recipes. The key to winter travel is knowing how to travel as light as possible. The Ultralight series is perfect for both beginner and experts alike as Justin Lichter and Shawn Forry, the first ever winter thru-hikers of the Pacific Crest Trail, use their knowledge to form the most comprehensive companion for traveling farther with less weight. Ultralight Winter Travel focuses on all of the skills and techniques that winter adventurers would want at their fingertips while in the outdoors. Perfect for winter travelers from beginner to advanced, this book contains: Worst-case-scenario advice you'd want handy if stuck in a precarious situation. Topics like: how to

predict weather patterns, how to keep your pack light without sacrificing the essentials, how to repair or replace gear with limited materials, and how to deal with the elements when you don't have a lot of gear. The book is formatted to make learning easy and user-friendly. Readers will be able to adapt their surroundings to the techniques shown in the book and safely overcome challenges that which may otherwise have turned them back.
