Murakami Feb 15 2020 Vintage Readers are a perfect introduction to some of the greatest modern writers presented in attractive, accessible paperback editions. "Murakami's bold willingness to go straight over the top is a signal indication of his genius. . . . A world-class writer who has both eyes open and takes big risks." —The Washington Post Book World Not since Yukio Mishima and Yasunari Kawabata

His genre-busting novels, short stories and reportage, which have been translated into 35 languages, meld the surreal and the hard-boiled, deadpan comedy and delicate introspection. Vintage Murakami includes the opening chapter of the international bestseller Norwegian Wood; "Lieutenant Mamiya's Long Story: Parts I and II" from his monumental novel The Wind-Up Bird Chronicle; "Shizuko Akashi" from Underground, his non-fiction book on the Toyko subway attack of 1995; and

The David Story: A Translation with Commentary of 1 and 2 Samuel Jan 08 2022 "A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a

fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

Dreams 1-2-3 May 20 2020 You've got the best life coach imaginable talking to you in your sleep. "Dream work is a very personal process. There is no Rosetta Stone for

interpreting dreams, no universal meaning for every dream symbol," says reddit.com dreams forum moderator DeBord. But don't let that scare you. With a few simple tools, you will soon be on your way to discovering just how much specific, guiding wisdom is packed into your dreams. This groundbreaking book takes you step-by-step through the process of learning the language of your dreams. It is a language like any other. It has nouns (characters and settings), verbs (actions and your reactions), and adjectives (symbols and feelings). At first you may only catch the simple

words and phrases, then whole sentences and paragraphs, but soon enough you will get all the subtext, humor, irony, and slang. You will not only understand the language but speak it fluently. You'll see that we dream to help reconcile with the past, handle the present, and step into the future. Three steps: remember, interpret, and live your dreams. It's easier than you think.
