Creative Industries in Canada Oct 26 2020 Creative Industries in Canada is a foundational text that encourages students to think critically about creative industries within a Canadian context and interrogate the current state and future possibilities of the industry. While much of current creative industries literature concerns the United Kingdom, the United States, and Asia, this text captures the breadth of how Canadian industries are organized and experienced, and how they operate. This ambitious collection aims to guide students through the current landscape of Canadian creative industries through three thematic sections. "Production" collects chapters focused on how national discourses and identities are produced through creative industries and the tensions that exist between policy and media. "Participation" explores how we engage with these industries in different roles: as consumer, creator, policy-maker, and more. "Pedagogies" explores how education impacts inclusion and visibility in creative industries. Truly intersectional, Creative Industries in Canada provides students with practical industry knowledge and frameworks to explore the current state of the field and its future. With a broad application to many undergraduate programs, this text is a must-read resource for those pursuing media studies, arts management, creative and cultural industries studies, communications, and arts and humanities.

Contemporary Dance and Southern African Rock Art Jan 09 2022 This book weaves archaeology, anthropology, culture, politics, colonial history, dance and choreography into a life-transforming tapestry. It charts the extraordinary story of the author's work in South Africa during the abhorrent system of Apartheid when she started a mixed-race dance company called Moving into Dance in the garage of her house. Her in-depth research into rock art, its meaning, the creation and performance of Tranceformations, the dancers' own transformative experiences, as well as issues of cultural appropriation, are at the core of this book. It straddles different disciplines, and shows in real terms how art, or specifically dance, can transform people's lives, not only in physical or cognitive parameters, but that it can change attitudes and perceptions of both participants and observers; that it can

touch the human spirit and transcend the very essence of being human. This book also includes a link to a video of the 30-minute dance "Tranceformations", choreographed by the author.

The Oxford Handbook of Dance and Theater Nov 26 2020 The Oxford Handbook of Dance and Theater collects a critical mass of border-crossing scholarship on the intersections of dance and theatre. Taking corporeality as an idea that unites the work of dance and theater scholars and artists, and embodiment as a negotiation of power dynamics with important stakes, these essays focus on the politics and poetics of the moving body in performance both on and off stage. Contemporary stage performances have sparked global interest in new experiments between dance and theater, and this volume situates this interest in its historical context by extensively investigating other such moments: from pagan mimes of late antiquity to early modern archives to Bolshevik Russia to post-Sandinista Nicaragua to Chinese opera on the international stage, to contemporary flash mobs and television dance contests. Ideologically, the essays investigate critical race theory, affect theory, cognitive science, historiography, dance dramaturgy, spatiality, gender, somatics, ritual, and biopolitics among other modes of inquiry. In terms of aesthetics, they examine many genres such as musical theater, contemporary dance, improvisation, experimental theater, television, African total theater, modern dance, new Indian dance theater aesthetics, philanthroproductions, Butoh, carnival, equestrian performance, tanztheater, Korean Talchum, Nazi Movement Choirs, Lindy Hop, Bomba, Caroline Masques, political demonstrations, and Hip Hop. The volume includes innovative essays from both young and seasoned scholars and scholar/practitioners who are working at the cutting edges of their fields. The handbook brings together essays that offer new insight into well-studied areas, challenge current knowledge, attend to neglected practices or moments in time, and that identify emergent themes. The overall result is a better understanding of the roles of dance and theater in the performative production of meaning.

Researching Dance May 01 2021 In Researching Dance, an introduction to research methods in dance addressed primarily to graduate students, the editors explore dance as evolutionary, defining it in view of its intrinsic participatory values, its developmental aspects, and its purposes from art to ritual, and they examine the role of theory in research. The editors have also included essays by nine dancer-scholars who examine qualitative and quantitative inquiry and delineate the most common approaches for investigating dance, raising concerns about philosophy and aesthetics, historical scholarship, movement analysis, sexual and gender identification, cultural diversity, and the resources available to students. The writers have included study questions, research exercises, and suggested readings to facilitate the book's use as a classroom text.

Orchestral "Pops" Music Aug 16 2022 In this second edition of Orchestral "Pops" Music: A Handbook, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy

gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

Index to Dance Periodicals 2001 Dec 28 2020 The "Index to Dance Periodicals," prepared by the staff of the Dance Division of The New York Public Library for the Performing Arts, indexes current periodical literature on dance and dance-related topics. This "Index" provides easy access for the scholar, student, performer and general interest researcher. From professional to artistic, from scholarly to popular, the articles represent a multitude of topics and issues illustrating the present diversity of the dance field, and are international in scope. Although most of the thousands of articles in each annual volume are in English, three foreign language periodicals have also been indexed. The "Index to Dance Periodicals" supplements the annual "Bibliographic Guide to Dance," which lists bibliographic citations to all forms of materials, including rare treatises and visual materials, cataloged each year by the Dance Division of New York Public Library for the Performing Arts. The entire catalog of the Dance Division of the New York Public Library for the Performing Arts is cumulated each year in G.K. Hall's annual CD-ROM, "Dance on Disc," which contains more than 200,000 catalog entries, representing all forms of materials. Also, "Dance on Disc" now contains the Dance Division authority file of 165,996 standardized forms of proper names for people, dance companies, titles of choreographic works and subjects. The authority file includes cross-references, clarifying notes, and first performance information for staged choreographed works, including location, date, choreographer, other credits and dance company. Periodicals indexed include: "American Journal of Dance Therapy Attitude: The Dancers? Magazine BalletReview Ballett International/Tanz Aktuell [English edition] Ballett-Journal/Das Tanzarchiv Brolga: an Australian Journal about Dance Choreography and dance Contact Quarterly Current Biography Yearbook" (Occasionally indexed for articles pertinent to the dance field) "Dance Australia Dance Chronicle Dance Europe Dance International Dance Magazine Dance Research (London) Dance Research Journal Dance Teacher (Formerly Dance Teacher Now) Dance Theatre Journal Dancing Times Danser Skating Tanzdrama Magazine "

Envisioning Dance on Film and Video Feb 10 2022 Virtually everyone working in dance today uses electronic media technology. Envisioning Dance on Film and Video chronicles this 100-year history and gives readers new insight on how dance creatively exploits the art and craft of film and video. In fifty-three essays, choreographers, filmmakers, critics and collaborating artists explore all aspects of the process of rendering a three-dimensional art form in two-dimensional electronic media. Many of these essays are illustrated by ninety-three photographs and a two-hour DVD (40 video excerpts). A project of UCLA – Center for Intercultural Performance, made possible through The Pew Charitable Trusts (www.wac.ucla.edu/cip).

Tracing the Landscape of Dance in Greece Dec 08 2021 This volume critically discusses dance's role as an art form in modern Greek society, exploring both ethnographic and cross-cultural issues. The contents of the book unfold in parallel and intertwining dialogues and discourses incorporating reflections on philosophical and scientific subjects and experiences relating to dance. The investigation places ballet, modern and contemporary dance within the Greek context, and juxtaposes these genres with international dance making. It also uncovers the factors that have affected the development of dance practices in Greece during the twentieth and twenty-first centuries, and considers the reasons why, until now, dance, as an embodied art form, has not been established in Greece as an autonomous academic discipline with its own sustainable educational structures. It paints a picture of the past and the present, while also serving to inspire future artist-practitioners and scholars to advocate and support the discipline of dance in Greece.

Dance Research Methodologies Sep 05 2021 Dance Research Methodologies: Ethics, Orientations, and Practices captures the breadth of methodological approaches to research in dance in the fine arts, the humanities, the social sciences, and the natural sciences by bringing together researchers from around the world writing about a variety of dance forms and practices. This book makes explicit the implicit skills and experiences at work in the research processes by detailing the ethics, orientations, and practices fundamental to being a researcher across the disciplines of dance. Collating together approaches from key subdisciplines, this book brings together perspectives on dance practice, dance studies, dance education, dance science, as well as dance research in cross-, multi-, and interdisciplinary fields. Practice-based chapters cover methodological approaches that provide rich examples of how research design and implementation are navigated by practicing scholars. Dance Research Methodologies also includes a practical workbook that helps readers to decide upon, refine, and enact their research, as well as develop ways in which to communicate their process and outcomes. This vital textbook is a valuable resource for research faculty interested in interdisciplinary conversation and practice, emerging scholars honing their methodological approaches, graduate

students engaged in research-based coursework and projects, and advanced undergraduates.

Contemporary Directions in Asian American Dance Mar 11 2022 Original essays and interviews by artists and scholars who are making, defining, questioning, and theorizing Asian American dance in all its variety.

Moving History/Dancing Cultures Jan 29 2021 This new collection of essays surveys the history of dance in an innovative and wide-ranging fashion. Editors Dils and Albright address the current dearth of comprehensive teaching material in the dance history field through the creation of a multifaceted, non-linear, yet well-structured and comprehensive survey of select moments in the development of both American and World dance. This book is illustrated with over 50 photographs, and would make an ideal text for undergraduate classes in dance ethnography, criticism or appreciation, as well as dance history—particularly those with a cross-cultural, contemporary, or an American focus. The reader is organized into four thematic sections which allow for varied and individualized course use: Thinking about Dance History: Theories and Practices, World Dance Traditions, America Dancing, and Contemporary Dance: Global Contexts. The editors have structured the readings with the understanding that contemporary theory has thoroughly questioned the discursive construction of history and the resultant canonization of certain dances, texts and points of view. The historical readings are presented in a way that encourages thoughtful analysis and allows the opportunity for critical engagement with the text. Ebook Edition Note: Ebook edition note: Five essays have been redacted, including "The Belly Dance: Ancient Ritual to Cabaret Performance," by Shawna Helland; "Epitome of Korean Folk Dance", by Lee Kyong-Hee; "Juba and American Minstrelsy," by Marian Hannah Winter; "The Natural Body," by Ann Daly; and "Butoh: 'Twenty Years Ago We Were Crazy, Dirty, and Mad'," by Bonnie Sue Stein. Eleven of the 41 illustrations in the book have also been redacted.

[an] important step... in the ineluctable dance by postmodern historians across a bridge that spans the gaps among disciplines, between theory and practice, and between present and past." -- Theatre Journal "This complex and important book needs to be read by anyone interested in dance history or the cultural politics of dance." -- Dance Theatre Journal "Mark Franko's *Dancing Modernism/Performing Politics* is challenging, groundbreaking, insightful, and, I believe, an important contribution to the field of dance scholarship." -- Dance Research Journal A revisionary account of the evolution of "modern dance" in which Mark Franko calls for a historicization of aesthetics that considers the often-ignored political dimension of expressive action. Includes an appendix of articles of left-wing dance theory, which flourished during the 1930s.

Directing the Dance Legacy of Doris Humphrey Mar 19 2020 *Directing the Dance Legacy of Doris Humphrey* looks inside four of Doris Humphrey's major choreographic works—*Water Study* (1928), *The Shakers* (1931), *With My Red Fires* (1936), and *Passacaglia* (1938)—with an eye to how directorial strategies applied in recent contemporized stagings in the United States and Europe could work across the modern and contemporary dance genre. Author Lesley Main, a seasoned practitioner of Doris Humphrey choreography, stresses to the reader the need to balance respect for classical works from the modern dance repertory with the necessity for fresh directorial strategies, to balance between traditional practices and a creative role for the reconstructor. Drawing upon her own dance experience, Main's book addresses an area of dance research and practice that is becoming increasingly pertinent as the dancer-choreographers of the 20th century modern and contemporary dance are no longer alive to attend to the re-stagings of the body of their works. Insightful and thought-provoking, *Directing the Dance Legacy of Doris Humphrey* calls for the creation of new forms of directorial practice in dance beyond reconstruction. The radical new practices it proposes to replace the old are sure to spark debate and fresh thinking across the dance field.

Preserving Dance Across Time and Space Mar 31 2021 *Dance is the art least susceptible to preservation since its embodied, kinaesthetic nature has proven difficult to capture in notation and even in still or moving images. However, frameworks have been established and guidance made available for keeping dances, performances, and choreographers' legacies alive so that the dancers of today and tomorrow can experience and learn from the dances and dancers of the past. In this volume, a range of voices address the issue of dance preservation through memory, artistic choice, interpretation, imagery and notation, as well as looking at relevant archives, legal structures, documentation and artefacts. The intertwining of dance preservation and creativity is a core theme discussed throughout this text, pointing to the essential continuity of dance history and dance innovation. The demands of preservation stretch across time, geographies, institutions and interpersonal connections, and this book focuses on the fascinating web that supports the fragile yet urgent effort to sustain our dancing heritage. The articles in this book were originally published in the journal *Dance Chronicle: Studies in Dance and the Related Arts*.*

Improvised Dance Oct 18 2022 This book elucidates the technical aspects of improvised dance performance and reframes the notion of labour in the practice from one that is either based on compositionally formal logic or a mysterious impulse, to one that addresses the (in)corporeal dimensions of practice. Mobilising the languages and conceptual frameworks of theories of affect, embodied cognition, somatics, and dance, this book illustrates the work of specialist improvisers who occupy divergent positions within the complex field of improvised dance. It offers an alternative narrative of the history and current practice of Western improvised dance centred on the epistemology of its (in)corporeal knowledges, which are elusive yet vital to the refinement of expertise. Written for both a disciplinary-specific

and interdisciplinary audience, this book will interest dance scholars, students, and practising artists.

Dancing with Giants Feb 27 2021 China is now the world's fourth largest economy and growing very fast. India's economic salience is also on the rise. Together these two countries will profoundly influence the pace and nature of global economic change. Drawing upon the latest research, this volume analyzes the influences on the rapid future development of these two countries and examines how their growth is likely to impinge upon other countries. It considers international trade, industrialization, foreign investment and capital flows, and the implications of their broadening environmental footprints. It also discusses how the two countries have tackled poverty, inequality and governance issues and whether progress in these areas will be a key to rapid and stable growth.

Composing while Dancing Jun 02 2021 Composing while Dancing: An Improviser's Companion examines the world of improvisational dance and the varied approaches to this art form. By introducing the improvisational strategies of twenty-six top contemporary artists of movement improvisation, Melinda Buckwalter offers a practical primer to the dance form. Each chapter focuses on an important aspect of improvisation including spatial relations, the eyes, and the dancing image. Included are sample practices from the artists profiled, exercises for further research, and a glossary of terms. Buckwalter gathers history, methods, interviews, and biographies in one book to showcase the many facets of improvisational dance and create an invaluable reference for dancers and dance educators.
