Publisher's Note: The series is connected through characters, but each book in the series can be read as a stand-alone. \*pre-sale price increases after release\* "The world needs this book." —Brené Brown, Ph.D., New York Times bestselling author of Dare to Lead and Atlas of the Heart An instant New York Times bestseller As featured in The Wall Street Journal and The Washington Post Named a Must Read of 2022 by Forbes, Newsweek, and Goodreads From the #1 New York Times–bestselling author of When and Drive, a new book about the transforming power of our most misunderstood yet potentially most valuable emotion: regret. Everybody has regrets, Daniel H. Pink explains in The Power of Regret. They're a universal and healthy part of being human. And understanding how regret works can help us make smarter decisions, perform better at work and school, and bring greater meaning to our lives. Drawing on research in social psychology, neuroscience, and biology, Pink debunks the myth of the "no regrets" philosophy of life. And using the largest sampling of American attitudes about regret ever conducted as well as his own World Regret Survey—which has collected regrets from more than 15,000 people in 105 countries—he lays out the four core regrets that each of us has. These deep regrets offer compelling insights into how we live and how we can find a better path forward. As he did in his bestsellers Drive, When, and A Whole New Mind, Pink lays out a dynamic new way of thinking about regret and frames his ideas in ways that are clear, accessible, and pragmatic. Packed with true stories of people's regrets as well as practical takeaways for reimagining regret as a positive force, The Power of Regret shows how we can live richer, more engaged lives. What kind of an emotion is regret? What difference does it make whether, how, and why we experience it, and how does this experience shape our current and future thoughts, decisions, goals? Under what conditions is regret appropriate? Is it always one kind of experience, or does it vary, based on who is doing the regretting, and why? How is regret different from other backward-looking emotions? In The Moral Psychology of Regret, scholars from several disciplines—including philosophy, gender studies, disability studies, law, and neuroscience—come together to address these and other questions related to this ubiquitous emotion that so many of us seem to dread. And while regret has been somewhat under-theorized as a subject worthy of serious and careful attention, this volume is offered with the intent of expanding the discourse on regret as an emotion of great moral significance that underwrites how we understand ourselves and each other. Life is an often-confusing mixture of heartache and hilarity, or so prove Seth Greenland's appealing characters in this tenderly comedic story of modern love. Imbued with Greenland's signature wit, I Regret Everything confronts the oceanic uncertainty of what it means to be young and alive. Jeremy Best, a Manhattan-based trusts and estates lawyer, has a second life as the poet Jinx Bell. To his boss's daughter, Spaulding, Jeremy, at 33, is at first, already halfway to dead. When Spaulding, an aspiring 19-year-old writer, discovers Mr. Best's alter writerly ego, the two become bound by a devotion to poetry. Their budding relationship offers them the possibility of enduring love, or the threat of tragic loss. A skilled wordsmith with a talent for telling humor, Greenland creates fully realized characters, people that come to understand themselves as complex renderings of the human condition—at its often best, and sometimes worst. I Regret Everything explores happiness and heartache with a healthy dose of skepticism, and an understanding that the reality of love encompasses life, death, iambic pentameter, regret, trusts and estates. A NEW YORK TIMES BESTSELLER From the co-creator and co-star of the hit series Broad City, a hilarious and poignant collection about love, loss, work, comedy and figuring out who you really are when you thought you already knew. When Abbi Jacobson announced to friends and acquaintances that she planned to drive across the country alone, she was met with lots of questions and opinions: Why wasn't she going with friends? Wouldn't it be incredibly lonely? The North route is better! Was it safe for a woman? The Southern route is the way to go! You should bring mace! And a common one . . . why? But Abbi had always found comfort in solitude, and needed space to step back and hit the reset button. As she spent time in each city and town on her way to Los Angeles, she mulled over the big questions - What do I really want? What is the worst possible scenario in which I could run into my ex? How has the decision to wear my shirts tucked in been pivotal in my adulthood? In this collection of anecdotes, observations and reflections - all told in the sharp, wildly funny and relatable voice that has endeared Abbi to critics and fans alike - readers will feel like they're in the passenger seat on a fun and, ultimately, inspiring journey. With some original illustrations by the author. ColeRegrets, I have many in my life, but the top two regrets haunt me every day. One is the future I stole from my sister, Claire, because of a car accident I caused. The second? Grace. I was six years old when I met the love of my life. I didn't know. How could I? After years of my life being filled with Grace, grace itself became my regret. My sister always said, "The past doesn't always stay where it should." And damn, she was right. My past is staring right at me. Golden eyes, slick blood-red hair, killer body, and a shy smile. A smile that was once mine, and mine alone. Grace now lives in the same apartment building, attends the same university, and is friends with my siblings. She came back into my life for a second time. I should walk away, just like she once had. Regrets. Is it possible to regret the same person twice? Grace Living on an island, they always preach about the power of the sea. The hazards of the riptide. But my riptide was too much for me to fight, and the current never slowed. So, I went away. Away from him. Cole. My shore. Three years ago, strangers broke me with their hateful words. They didn't even know me. But I was weak. It's true. People could destroy you with words--in this case, a sex tape. A single video managed to ruin my reputation--my self-worth--and my soul drowned along with it. After my family isolated me, keeping me away from the aftermath, I left my safe-haven and decided to go to college. My soul knows he's here, too. It's been three years, but now I'm stronger. Fear is designed to paralyze us, to keep us safe from the risk of rejection and failure. But change and growth are often on the other side of such risk, how are we to get there if fear is so controlling! Reduce the control that fear has on you so that you take back control of your life. Fear is merely a guest in your mind, albeit a noisy one, and you are the host. Or are there some wounds that go so deep they can never heal? *Anatomy of Regret* has a highly clinical focus, with cases that illustrate how critical psychic change can emerge from the mourning of the grief of "psychic regret". This book highlights the developmental achievement of owning the guilt of aggression, and of tolerating insight into the losses one had produced. The author uses the term "psychic regret" to capture the essence of the process of facing regret consciously. This is in contrast to the split-off and persecutory dynamics of unconscious guilt. Unconscious guilt exposes itself through visceral and cognitive impingements, which are related to internal world enactments, and it relies on unconscious avoidance of the pain and loss involved in facing psychic regret. The author's theory of "developmental mourning" is illustrated in this book through in-depth lively clinical processes (cases and vignettes). Who can you trust when your mind is pulling you in two different directions and your heart has to choose for you? The Haze brothers are sexy, daring and possibly . . . dangerous. This *Regret* is a story of love, lust, betrayal and danger with an ending that no one saw coming. 'Incredibly fun to read but also full of these frank and wise observations that stuck in my head long after' Aimee Bender, bestselling author of *The Particular Sadness of Lemon Cake* In *The Wrong Heaven*, Amy Bonnaffons draws us into a delightfully strange universe, in which her conflicted characters seek to solve their sexual and spiritual dilemmas in all the wrong places. The title story's heroine reckons with grief while arguing with Jesus and Mary lawn ornaments that come to life when she plugs them in. In "Horse", we enter a world in which women transform themselves into animals through a series of medical injections. In "Alternate", a young woman convinces herself that all she needs to revive a stagnant relationship is the perfect poster of the Dalai Lama. Intelligent, wry and crackling with energy, *The Wrong Heaven* is a stunning debut collection about the subtle mysteries beneath the surface of our lives and our power to transform. Oscar Wilde wrote of this novel, "Its directness, its uncompromising truths, its depth of feeling, and above all, its absence of any single superfluous word, make Reuben Sachs, in some sort, a classic." Reuben Sachs, the story of an extended Anglo-Jewish family in London, focuses on the relationship between two cousins, Reuben Sachs and Judith Quixano, and the tensions between their Jewish identities and English society. The novel's complex and sometimes satirical portrait of Anglo-Jewish life, which was in part a reaction to George Eliot's romanticized view of Victorian Jews in *Daniel Deronda*, caused controversy on its first publication. This Broadview edition prints for the first time since its initial publication in *The Jewish Chronicle* Levy's essay "The Jew in Fiction." Other appendices include George Eliot's essay on anti-Jewish sentiment in Victorian England and a chapter from Israel Zangwill's novel *The Children of the Ghetto*. Also included is a map of Levy's London with landmarks from her biography and from the "Jewish geography" of Reuben Sachs. Drawing from psychology, economics, philosophy, anthropology, and classic works of literature, Landman provides an insightful anatomy of regret—what it is, how you experience it, and how it changes you. At best regret is a dynamic changing process—one can transcend regret and thus transform the self. Reproduction of the original: *The Sorceress* by Margaret Oliphant Reality and dream collide in Amy Bonnaffons's "dazzling," wildly inventive "miracle of a love story" about an affair between the living and the dead (NPR) For weeks, Rachel has been noticing the same golden-haired young man sitting at her Brooklyn bus stop, staring off with a melancholy air. When, one day, she finally musters the courage to introduce herself, the chemistry between them is undeniable: Thomas is wise, witty, handsome, mysterious, clearly a kindred spirit. There's just one tiny problem: He's dead. Stuck in a surreal limbo governed by bureaucracy, Thomas is unable to "cross over" to the afterlife until he completes a 90-day stint on earth, during which time he is forbidden to get involved with a member of the living -- lest he incur "regrets." When Thomas and Rachel break this rule, they unleash a cascade of bizarre, troubling consequences. Set in the hallucinatory borderland between life and death, *The Regrets* is a gloriously strange and breathtakingly sexy exploration of love, the cataclysmic power of fantasies, and the painful, exhilarating work of waking up to reality, told with uncommon grace and humor by a visionary artist at the height of her imaginative power. The day I truly started to live, I sentenced him to die. At twenty-four, I'd resigned myself to a simple life following in my mother's footsteps. I would manage the antique shop she left me and marry a kind, stable man. Most importantly, I would never tell a soul about my psychic abilities. But with a single, intentional touch and a vision of the past, I set events in motion that expose my secret. I'm part of a world I never knew existed, and my new allies are dismantling my carefully constructed walls. Except, those walls had a purpose—they kept me hidden. Now, my abilities make me a target. And my mere existence is endangering everyone I care about. My name is Adele Rose, and I know nothing but regret. \*\*Touch of Regret is the first book in a completed slow-burn reverse harem series.\*\* Topics include: reverse harem, why choose, slow burn romance, friends to lovers, enemies to lovers, paranormal romance, psychic, psychometry, telepathy, empath, magic TLC star Amy shares what it was like growing up with dwarfism, how she struggled to overcome obstacles both physical and emotional while learning, as we all must, to accept herself for who she is. "God doesn't make mistakes." For Amy Roloff, star of TLC's hit reality show *Little People, Big World*, her father's words would repeatedly serve as an anchor, reminding her of her inherent worth and purpose, whenever feelings of insecurity and inadequacy surfaced and threatened to overwhelm her. In *A Little Me*, Amy shares what it was like growing up with achondroplasia dwarfism, how she struggled to overcome obstacles both physical and emotional—navigating the average-size world as a little person, dealing with a serious illness as a young girl, bullying, and issues of body image and unachievable beauty ideals—while learning, as we all must, to accept herself for who she is. Finally allowing herself to be vulnerable enough to open up to others, she learned that it's worth risking possible rejection for a chance at genuine relationships. Ultimately, it was Amy's faith, as well as the support and encouragement of her community of loving family and good friends, that saw her through the dark times and allowed her to realize her greatest dreams and beyond. Amy's memoir is an inspiring and at times heart-wrenching account of resilience and the strength of the human spirit to overcome seemingly insurmountable obstacles.
