5 Days in the Valley of the Shadow of Death Sep 24 2022 This book is a compelling and

true story, a must read story about a man who died, then slipped into a coma, and by a miracle came back to life and back from the other side of death. About being given a second chance in life, and what I have learned from it. That is; a choice between spending eternity in either Heaven or Hell. To tell everyone what awaits all of us upon death. This could be one of the most important books you ever read, I hope to encourage all who believe in Jesus, and if these words could just reach one lost soul, then my purpose is fulfilled. This is real events: It is riveting and encouraging yet fearful. The answer to what everyone seeks is revealed in this book. What happens when we die, what will we see, where will we go?

5 Days to a Clutter-Free House Oct 21 2019

While most of us aren't hoarders we can all benefit from assessing and reducing the clutter in our homes--and then organizing what's left. Many things stop us from succeeding: the sheer scope of the project, the tendency to lose momentum if the job takes too long, and the fact that we're always acquiring new clutter. But what if it really took only a week to de-clutter the whole house, and then you even had the weekend to relax and enjoy your new clutter-free space? Could it really be that simple? Organizing and time management experts Sandra Felton and Marsha Sims show how with the right game plan and a healthy dose of adrenaline, anyone can de-clutter their home in just five days. With this systematic,

team-based approach, even the most overwhelming de-cluttering job becomes doable. The authors' enthusiasm and energy keep readers pushing forward to the goal, and their time-tested tips and habits help readers maintain their hard-won gains. The authors even show how to deal with common obstacles to achieving and keeping a clutter-free house, like filing, storage needs, health issues, space restrictions, the car, and even family sabotage!

5 Days in August Dec 27 2022 My story deals with a Psychotic Paranoid Schizophrenic with a rating of ten, the highest on the scale and the most severe and violent of all. Much of this story is based on real people, events and places. Dates, names and locations may have been changed. It is an extremely violent, and explicitly sexual novel. But real life in this world is violent and sexual. How environment, heredity, chemical imbalance, family influences, love, hate and relationships may at times affect the mental state of a mind that is already hanging on the edge.

Five Days at Memorial Jun 21 2022 In the tradition of the best writing on human behaviour and moral choices in the face of disaster, physician and reporter Sheri Fink reconstructs five days at New Orleans' Memorial Medical Center during Hurricane Katrina and draws the reader into the lives of those who struggled mightily to survive and to maintain life amidst chaos. After Katrina struck and the floodwaters rose, the power failed, and the heat climbed, exhausted caregivers chose to designate certain patients last for rescue. Months later, several health professionals faced criminal allegations that they deliberately injected numerous patients with drugs to hasten their deaths. Five Days at Memorial, the culmination of six years of reporting, unspools the mystery of what happened in those days, bringing the reader into a hospital fighting for its life and into a conversation about the most terrifying form of health care rationing. In a voice at once involving and fair, masterful and intimate,

Fink exposes the hidden dilemmas of end-of-life care and reveals just how ill-prepared we are for the impact of large-scale disasters - and how we can do better. A remarkable book, engrossing from start to finish, Five Days at Memorial radically transforms our understanding of human nature in crisis.

Five Days Jun 28 2020 "An illuminating portrait of Baltimore in the aftermath of the April 2015 death of Freddie Gray . . .

Readers will be enthralled by this propulsive account."—Publishers Weekly **LONGLISTED**

FOR THE PORCHLIGHT BUSINESS BOOK

AWARD • NAMED ONE OF THE BEST

BOOKS OF THE YEAR BY LIBRARY

JOURNAL *From the New York Times*

bestselling author of The Other Wes Moore,

a kaleidoscopic account of five days in the

life of a city on the edge, told through eight

characters on the front lines of the uprising

that overtook Baltimore and riveted the

world *When Freddie Gray was arrested for*

possessing an "illegal knife" in April 2015,

he was, by eyewitness accounts that video

evidence later confirmed, treated "roughly"

as police loaded him into a vehicle. By the

end of his trip in the police van, Gray was in

a coma from which he would never recover. In the wake of a long history of police abuse in Baltimore, this killing felt like the final straw—it led to a week of protests, then five days described alternately as a riot or an uprising that set the entire city on edge and caught the nation's attention. Wes Moore is a Rhodes Scholar, bestselling author, decorated combat veteran, former White House fellow, and CEO of Robin Hood, one of the largest anti-poverty nonprofits in the nation. While attending Gray's funeral, he saw every stratum of the city come together: grieving mothers, members of the city's wealthy elite, activists, and the long-suffering citizens of Baltimore—all looking to comfort one another, but also looking for answers. He knew that when they left the church, these factions would spread out to their own corners, but that the answers they were all looking for could be found only in the city as a whole. Moore—along with journalist Erica Green—tells the story of the Baltimore uprising both through his own observations and through the eyes of other Baltimoreans: Partee, a conflicted black captain of the Baltimore Police Department;

Jenny, a young white public defender who's drawn into the violent center of the uprising herself; Tawanda, a young black woman who'd spent a lonely year protesting the killing of her own brother by police; and John Angelos, scion of the city's most powerful family and executive vice president of the Baltimore Orioles, who had to make choices of conscience he'd never before confronted. Each shifting point of view contributes to an engrossing, cacophonous account of one of the most consequential moments in our recent history, which is also an essential cri de coeur about the deeper causes of the violence and the small seeds of hope planted in its aftermath.
