Encyclopedia of Rap and Hip-hop Culture

Apr 13 2022 A complete guide to the history, development, people, events, and ideas of Hip Hop music and culture.

This Day in Rap and Hip-Hop History Mar 12 2022 ****FREE SAMPLER**** In the more than 40 years since the days of DJ Kool Herc and "Rapper's Delight," hip-hop and rap have become a billion-pound worldwide cultural phenomenon that reaches well beyond music, into fashion, movies, art and politics. Yet there is no definitive history of the genre - until now. Get a first look at this massive and comprehensive compendium before it officially publishes in October. Including details of the most iconic moments and influential songs in the genre's recorded history, from Kurtis Blow's "Christmas Rappin'" to The

Miseducation of Lauryn Hill to Kendrick Lamar's verse on "Control," the book will also include key events in hip-hop history, from Grandmaster Flash's first scratch through to Tupac's holographic appearance at Coachella. Throughout the book, Chuck offers an insider's perspective on the chart toppers, artists and key moments. Illustrating the pages are more than 150 portraits from mADurgency, an artist collective specialising in art and design for the hip-hop community.

From Jim Crow to Jay-Z Apr 20 2020 This multilayered study of the representation of black masculinity in musical and cultural performance takes aim at the reduction of African American male culture to stereotypes of deviance, misogyny, and excess. Broadening the significance of hip-hop culture by linking it to other expressive forms within popular culture, Miles White examines how these representations have both encouraged the demonization of young black males in the United States and abroad and contributed to the

construction of their identities. From Jim Crow to Jay-Z traces black male representations to chattel slavery and American minstrelsy as early examples of fetishization and commodification of black male subjectivity. Continuing with diverse discussions including black action films, heavyweight prizefighting, Elvis Presley's performance of blackness, and white rappers such as Vanilla Ice and Eminem, White establishes a sophisticated framework for interpreting and critiquing black masculinity in hip-hop music and culture. Arguing that black music has undeniably shaped American popular culture and that hip-hop tropes have exerted a defining influence on young male aspirations and behavior, White draws a critical link between the body, musical sound, and the construction of identity.

Hip-hop Revolution Jan 30 2021 As hip-hop artists constantly struggle to "keep it real," this fascinating study examines the debates over the core codes of hip-hop authenticity--as it reflects and reacts to problematic black images in

popular culture--placing hip-hop in its proper cultural, political, and social contexts.

The Musical Artistry of Rap Jan 18 2020

For years Rap artists have met with mixed reception—acclaimed by fans yet largely overlooked by scholars. Focusing on 135 tracks from 56 artists, this survey appraises the artistry of the genre with updates to the traditional methods and measures of musicology. Rap synthesizes rhythmic vocals with complex beats, intonational systems, song structures, orchestration and instrumentalism. The author advances a rethinking of musical notation and challenges the conventional understanding of Rap through analysis of such artists as Eminem, Kanye West and Jean Grae.

Fight the Power Jan 10 2022 Chuck D, the creative force behind Public Enemy and one of the most outspoken rappers in the history of music, discusses his views on everything from rap and race to the problems with politics in society today.

In the Heart of the Beat Nov 15 2019

Despite its extraordinary popularity and

worldwide influence, the world of rap and hip hop is under constant attack.

Impressions and interpretations of its meaning and power are perpetually being challenged. Somewhere someone is bemoaning the negative impact of rap music on contemporary culture. In *In the Heart of the Beat: The Poetry of Rap*, bestselling author and scholar Alexs Pate argues for a fresh understanding of rap as an example of powerful and effective poetry, rather than a negative cultural phenomenon. Pate articulates a way of "reading" rap that makes visible both its contemporary and historical literary values. He encourages the reader to step beyond the dominance of the beat and the raw language and come to an appreciation of rap's literary and poetic dimensions. What emerges is a vision of rap as an exemplary form of literary expression, rather than a profane and trendy musical genre. Pate focuses on works by several well-known artists to reveal in rap music, despite its penchant for vulgarity, a power and beauty that is the heart of great literature.

Hip Hop's Amnesia Sep 25 2020 What did rap music and hip hop culture inherit from the spirituals, classic blues, ragtime, classic jazz, and bebop? What did rap music and hip hop culture inherit from the Black Women's Club Movement, New Negro Movement, Harlem Renaissance, Hipster Movement, and Black Muslim Movement? In *Hip Hop's Amnesia* award-winning author, spoken-word artist, and multi-instrumentalist Reiland Rabaka answers these questions by rescuing and reclaiming the often-overlooked early twentieth century origins and evolution of rap music and hip hop culture.

Rap Music and Street Consciousness May 14 2022 In this first musicological history of rap music, Cheryl L. Keyes traces the genre's history from its roots in West African bardic traditions, the Jamaican dancehall tradition, and African American vernacular expressions to its permeation of the cultural mainstream as a major tenet of hip-hop lifestyle and culture. Rap music, according to Keyes, is a forum that addresses the political and economic disfranchisement of black

youths and other groups, fosters ethnic pride, and displays culture values and aesthetics. Blending popular culture with folklore and ethnomusicology, Keyes offers a nuanced portrait of the artists, themes, and varying styles reflective of urban life and street consciousness. Drawing on the music, lives, politics, and interests of figures including Afrika Bambaataa, the "godfather of hip-hop," and his Zulu Nation, George Clinton and Parliament-Funkadelic, Grandmaster Flash, Kool "DJ" Herc, MC Lyte, LL Cool J, De La Soul, Public Enemy, Ice-T, DJ Jazzy Jeff and the Fresh Prince, and The Last Poets, *Rap Music and Street Consciousness* challenges outsider views of the genre. The book also draws on ethnographic research done in New York, Los Angeles, Detroit and London, as well as interviews with performers, producers, directors, fans, and managers. Keyes's vivid and wide-ranging analysis covers the emergence and personas of female rappers and white rappers, the legal repercussions of technological advancements such as electronic mixing

and digital sampling, the advent of rap music videos, and the existence of gangsta rap, Southern rap, acid rap, and dance-centered rap subgenres. Also considered are the crossover careers of rap artists in movies and television; rapper-turned-mogul phenomenons such as Queen Latifah; the multimedia empire of Sean "P. Diddy" Combs; the cataclysmic rise of Death Row Records; East Coast versus West Coast tensions; the deaths of Tupac Shakur and Christopher "The Notorious B.I.G." Wallace; and the unification efforts of the Nation of Islam and the Hip-Hop Nation.

Becoming an Emcee Dec 09 2021 As the world celebrates Hip Hop with the Pulitzer Prize and title of "first billionaire rapper," what is lost in the noise of recognition is the craft, artistry, and techniques of Hip-Hop music or rapping. Hailed as a "genius" by Dr. Cornel West and acknowledged as one of the most innovative musicians by Hip-Hop legends and icons of rap, O'hene Savant redefines the rapper as an "emcee"—an artist with vision and not simply rote

technique. In *Becoming an Emcee*, the multi-instrumentalist, producer, and Hip-Hop artist Savant offers the rapper and anyone who wants to learn the art of emceeing a first-of-its-kind guide, organized into seven principles and packed with original insights for every artist from a master musician. It is one thing to rap, but it is quite another to know how to rap and then teach it.

Becoming an Emcee introduces readers to philosophies that lay at the foundation of rap as well as disc jockeys, jazz musicians, and other Hip-Hop pioneers. Lyrics from Savant and a range of rappers are analyzed to show technique, evolution and the musical structures underlying rhymes, while immersing us in the art of composition, wit, word manipulation, voicing, flow, and live performance. Through *Becoming an Emcee*, Savant reclaims the craft, artistry and musicianship of Hip-Hop music.

Hip-Hop Revolution Mar 20 2020 In the world of hip-hop, "keeping it real" has always been a primary goal-and realness takes on special meaning as rappers mold

their images for street cred and increasingly measure authenticity by ghetto-centric notions of "Who's badder?" In this groundbreaking book, Jeffrey O. G. Ogbar celebrates hip-hop and confronts the cult of authenticity that defines its essential character-that dictates how performers walk, talk, and express themselves artistically and also influences the consumer market. Hip-Hop Revolution is a balanced cultural history that looks past negative stereotypes of hip-hop as a monolith of hedonistic, unthinking noise to reveal its evolving positive role within American society. A writer who's personally encountered many of hip-hop's icons, Ogbar traces hip-hop's rise as a cultural juggernaut, focusing on how it negotiates its own sense of identity. He especially explores the lyrical world of rap as artists struggle to define what realness means in an art where class, race, and gender are central to expressions of authenticity-and how this realness is articulated in a society dominated by gendered and racialized stereotypes. Ogbar also

explores problematic black images, including minstrelsy, hip-hop's social milieu, and the artists' own historical and political awareness. Ranging across the rap spectrum from the conscious hip-hop of Mos Def to the gangsta rap of 50 Cent to the "underground" sounds of Jurassic 5 and the Roots, he tracks the ongoing quest for a unique and credible voice to show how complex, contested, and malleable these codes of authenticity are. Most important, Ogbur persuasively challenges widely held notions that hip-hop is socially dangerous-to black youths in particular-by addressing the ways in which rappers critically view the popularity of crime-focused lyrics, the antisocial messages of their peers, and the volatile politics of the word "nigga." Hip-Hop Revolution deftly balances an insider's love of the culture with a scholar's detached critique, exploring popular myths about black educational attainment, civic engagement, crime, and sexuality. By cutting to the bone of a lifestyle that many outsiders find threatening, Ogbur makes hip-hop

realer than it's ever been before.

Rap and Hip Hop Jul 24 2020 Explores the history and social aspects of rap music and hip hop culture, which emerged underground through African American artistic expressions in the 1970s.

What's Good? Dec 29 2020 A love letter to the verbal artistry of hip-hop, *What's Good* is a work of passionate lyrical analysis.

Brithop Feb 28 2021 "Brithop investigates rap music's politics in the 21st century United Kingdom. In what follows, I argue that this music is partly an extension of, or often a counter to, political discourses happening in other realms of British society. These rappers are essentially "talking back" (hooks 1989, see also Hutton and Burns 2020) to mainstream Britain's political discourses, as "an act of resistance, a political gesture that challenges politics of domination that would render us nameless and voiceless." (hooks 1989: 8) The rappers in this book critique the UK's more conservative narratives, and they express

their relationship to Britain in the politically turbulent climate of the new century, providing valuable perspectives which can go unnoticed by those skeptical of or ignorant of hip-hop culture.

Through themes of nationalism, history, subculture, politics, humor and identity, this book looks at multiple forms of politics in rap discourses from Wales, Scotland and England. It covers selected hip-hop scenes from 2002-2017, featuring rappers and groups such as The Streets, Goldie Lookin Chain, Akala, Lowkey, Stanley Odd, Loki, Speech DeBelle, Lady Sovereign, Shadia Mansour, Shay D, Stormzy, Sleaford Mods, Riz MC and Lethal Bizzle. What follows investigates how rappers in the UK respond to the "postcolonial melancholia" (Gilroy) of post-Empire Britain. In contrast to more visible narratives of national identity in Britain, Brithop tells a different, arguably more important, story" - -

The Evolution of Rap and Roll May 02 2021 This work provides an analysis of the evolution of rap music from a technological, cultural, and historical

perspective. The author uses historical references as well as interviews conducted within the London hip-hop community in order to discuss this evolution. By comparing technological and cultural trends in hip-hop to related trends in rock & roll fifty years ago, this work provides a basis for forecasting the future of rap music. The project was also a lot of fun for the author because Stanford funded his travel to London, where he got to hang out and chat with rappers, DJs, and producers. In the unlikely event that you read this book, the author hopes that some of the fun he had rubs off on you too.

Rap and Hip Hop Culture Jun 03 2021 "The complete history of Rap and Hip Hop and its impact on global culture"--

Chuck D Presents This Day in Rap and Hip-Hop History Jan 22 2023 A one-of-a kind survey of rap and hip hop history from 1973 to today by Chuck D, arguably the most influential rapper in the world. In the more than 40 years since the days of DJ Kool Herc and "Rapper's Delight," hip hop and rap have become a billion-dollar

worldwide phenomenon. Yet there is no definitive history of the genre-until now. Based on Chuck's long-running show on Rapstation.com, this massive compendium details the most iconic moments and influential songs in the genre's recorded history, from Kurtis Blow's "Christmas Rappin'" to The Miseducation of Lauryn Hill to Kendrick Lamar's ground-breaking verse on "Control." Also included are key events in hip hop history, from Grandmaster Flash's first scratch through Tupac's holographic appearance at Coachella. Throughout, Chuck offers his insider's perspective on the chart toppers and show stoppers as he lived it. Illustrating the pages are more than 100 portraits from the talented artists specializing in hip hop.

The Roots of Rap Nov 27 2020 "Carole Boston Weatherford, once again, delivers a resounding testament and reminder, that hip-hop is a flavorful slice of larger cultural cake. And to be hip-hop-to truly be it-we must remember that we are also funk, jazz, soul, folktale, and poetry.

We must remember that . . . we are who we are!" –Jason Reynolds, New York Times best-selling author "Starting with its attention-getting cover, this picture book does an excellent job of capturing the essence of rap . . . This tribute to hip hop culture will appeal to a wide audience, and practically demands multiple readings." –Booklist, STARRED REVIEW "No way around it, this book is supa-dupa fly, with lush illustrations anchored in signature hip-hop iconography for the future of the global hip-hop nation." –Kirkus Reviews, STARRED REVIEW "With short, rhyming lines and dramatic portraits of performers, the creative team behind How Sweet the Sound: The Story of Amazing Grace offers a dynamic introduction to hip-hop. . . . This artful introduction to one of the most influential cultural movements of the 20th century pulses with the energy and rhythm of its subject." –Publishers Weekly, STARRED REVIEW Explore the roots of rap in this stunning, rhyming, triple-timing book, now available as a board book! A generation voicing stories,

hopes, and fears founds a hip-hop nation. Say holler if you hear. The roots of rap and the history of hip-hop have origins that precede DJ Kool Herc and Grandmaster Flash. Kids will learn about how it evolved from folktales, spirituals, and poetry to the showmanship of James Brown, to the culture of graffiti art and break dancing that formed around the art form and gave birth to the musical artists we know today. Written in lyrical rhythm by award-winning author and poet Carole Boston Weatherford and complete with flowing, vibrant illustrations by Frank Morrison, this book beautifully illustrates how hip-hop is a language spoken the whole world 'round.

Who Got the Camera? Sep 06 2021 Reality first appeared in the late 1980s—in the sense not of real life but rather of the TV entertainment genre inaugurated by shows such as Cops and America's Most Wanted; the daytime gabfests of Geraldo, Oprah, and Donahue; and the tabloid news of A Current Affair. In a bracing work of cultural criticism, Eric Harvey argues that reality TV emerged in dialog with

another kind of entertainment that served as its foil while borrowing its techniques: gangsta rap. Or, as legendary performers Ice Cube and Ice-T called it, "reality rap." Reality rap and reality TV were components of a cultural revolution that redefined popular entertainment as a truth-telling medium. Reality entertainment borrowed journalistic tropes but was undiluted by the caveats and context that journalism demanded. While N.W.A.'s "Fuck tha Police" countered Cops' vision of Black lives in America, the reality rappers who emerged in that group's wake, such as Snoop Doggy Dogg and Tupac Shakur, embraced reality's visceral tabloid sensationalism, using the media's obsession with Black criminality to collapse the distinction between image and truth. Reality TV and reality rap nurtured the world we live in now, where politics and basic facts don't feel real until they have been translated into mass-mediated entertainment.

Dropin' Science Oct 07 2021 Rap and hip hop, the music and culture rooted in African American urban life, bloomed in

the late 1970s on the streets and in the playgrounds of New York City. This critical collection serves as a historical guide to rap and hip hop from its beginnings to the evolution of its many forms and frequent controversies, including violence and misogyny. These wide-ranging essays discuss white crossover, women in rap, gangsta rap, message rap, raunch rap, Latino rap, black nationalism, and other elements of rap and hip hop culture like dance and fashion. An extensive bibliography and pictorial profiles by Ernie Pannicelli enhance this collection that brings together the foremost experts on the pop culture explosion of rap and hip hop. Author note: William Eric Perkins is a Faculty Fellow at the W.E.B. DuBois House at the University of Pennsylvania, and an Adjunct Professor of Communications at Hunter College, City University of New York.

Therapeutic Uses of Rap and Hip-Hop Feb 23 2023 In perceiving all rap and hip-hop music as violent, misogynistic, and sexually charged, are we denying the way

in which it is attentive to the lived experiences, both positive and negative, of many therapy clients? This question is explored in great depth in this anthology, the first to examine the use of this musical genre in the therapeutic context. The contributors are all experienced therapists who examine the multiple ways that rap and hip-hop can be used in therapy by listening and discussing, performing, creating, or improvising. The text is divided into three sections that explore the historical and theoretical perspectives of rap and hip-hop in therapy, describe the first-hand experiences of using the music with at-risk youth, and discuss the ways in which contributors have used rap and hip-hop with clients with specific diagnoses, respectively. Within these sections, the contributors provide rationale for the use of rap and hip-hop in therapy and encourage therapists to validate the experiences for those for whom rap music is a significant mode of expression. Editors Susan Hadley and George Yancy go beyond promoting

culturally competent therapy to creating a paradigm shift in the field, one that speaks to the problematic ways in which rap and hip-hop have been dismissed as expressive of meaningless violence and of little social value. More than providing tools to incorporate rap into therapy, this text enhances the therapist's cultural and professional repertoire.

Contact High Aug 25 2020 ONE OF AMAZON'S BEST ART & PHOTOGRAPHY BOOKS OF 2018 AN NPR AND PITCHFORK BEST MUSIC BOOK OF 2018 PICK ONE OF TIME'S 25 BEST PHOTOBOOKS OF 2018 NEW YORK TIMES, ASSOCIATED PRESS, WALLSTREET JOURNAL, ROLLING STONE, AND CHICAGO SUN HOLIDAY GIFT GUIDE PICK The perfect gift for music and photography fans, an inside look at the work of hip-hop photographers told through their most intimate diaries—their contact sheets. The Genres, Prosody and Pragmatics of Rap Nov 08 2021 Bachelor Thesis from the year 2010 in the subject English Language and Literature Studies - Linguistics, grade: 1,1, Bielefeld University, language: English, abstract: Preliminaries The first song whose rhythmic style of singing predates rapping was already published in the 1920s. About 50 years later, the first historically known rap song was published. Since then, this genre has undergone many changes and has been examined from diverse angles. Various cultural, historical and language-centered studies have been conducted on rap music. There is, however, little research particularly concerned with the

different musical categories of rap, vocal deliveries of rap and the usage and understanding of language in contexts of rap from a pragmatical point of view. To investigate some of the genres linguistic properties, the main focus of this paper will be on the genres, prosody and pragmatics of rap music. The paper is divided into five chapters and three major parts. After the introduction and some general thoughts about the history of rap music, the first major part deals with the generic classification of this genre in chapter three. A general overview of the different genres of rap is given here by focusing on their musical, thematic and vocal style variations. It will be explored whether genres of rap are related to each other, overlap and whether each genre encompasses a different style of vocal delivery. All the lyrics of the songs which will be mentioned and discussed in this thesis are available in the appendix accompanied by a CD of songs and files. Taking into account the different vocal styles, which will be mentioned in

chapter three, in chapter four, particular focus will be drawn to the prosodic variations of vocal styles, especially to stress. In this respect, an experiment has been conducted by which prosodic differences of vocal styles will be discussed in chapter four. It is not the objective of this thesis to focus on the physical nature of musical s

How to Rap Feb 11 2022 A first of its kind collection, How to Rap is an insightful and intelligent breakdown of the elements of rap for anyone wanting to learn the art form or understand the principles behind it. Author Paul Edwards examines the dynamics of hip hop from every region and in every form - mainstream, underground, current and classic - looking in particular at content, flow, writing and delivery. Edwards provides unparalleled access to the most acclaimed names in rap and their methods of working, with a foreword by Kool G Rap and interviews with over 100 artists, including Public Enemy, Mobb Deep, Schoolly D, Nelly, will.i.am, Arrested Development, A Tribe Called

Quest, and Rah Digga. This one and only comprehensive examination of the MC art form is pure gold for the hip hop lover.

The History of Trap Jul 04 2021 The only Hip Hop Book Series that explains the culture fully in the fewest words! ***

Author of "Rapper's Delight" essay

currently archived at the Library of

Congress *** *** Guest speaker of BBC2

Radio "Rapper's Delight 40th Anniversary"

by DJ Trevor Nelson - September 2019 ***

Whether you are a fan of hip hop or you are just curious about it, you will not have to look further after finding Eric Reese's The History of Hip Hop Series and now the latest addition, The History of Trap. This concise but in-depth book explores all the distinguishing traits of what is not only a genre of music but a lifestyle. Reese traces the history of hip hop from its beginnings in the 1970s and reveals how it changed in the next decades until it became a worldwide phenomenon. The author gives attention to the influence of hip hop at every level, including art and fashion. He also makes valuable considerations about its

originality in comparison with other genres. From the pages of *The History of Hip Hop*, you will realize the impact hip hop has on our society. Reese explains every aspect of its powerful influence and considers it not only as a musical genre but as a way of living. I like that after exploring the origins of hip hop and its meaning for African Americans, Reese included references to its worldwide presence. It shows its importance better than anything else. Reese's style is essential and clear. He does not linger on long and superfluous dissertations, but he goes straight to the point and enlightens the key concepts with clarity. At the end of *The History of Hip Hop*, you can be sure you will have all the elements to understand hip hop. You will also know what sets it apart from other musical genres. In short, you will have a clear picture in your mind, and you will be able to understand hip hop better. - Reviewed By Astrid Iustulin for Readers' Favorite Hip Hop Truth for the Art and Pulse of America! "From the beginning of the 2000s, Trap's evolution

transformed Hip Hop and Rap to a whole new phenomenon!" With the gradual shift from traditional hip hop, a new style of music known as Trap paved way for inner-city youth; bringing out new flavor from new and old artists all over the globe. Now referred as "The Era of Trap." T.I., Waka Flocka Flame, Young Jeezy, Lil Wayne, Gucci Mane, Travis Scott and many more brought in a new urban sound that is now competing with America's loudest street voice known as hip hop. This book takes you behind the scenes, giving you a fresh look at the new era of urban artistic talent that hopes to stay for many years to come. In this book, I provide you with simple perspectives (for beginners to advanced - student to professor) of the following: Origins of Trap Earliest Influence of the Trap Genre Examples of Trap culture Trap's Subgenres Details on Fusion Trap and its subgenres And much more... As hip hop's legacy continues to expand its sway, know for sure it's here to stay. The History of Trap gives you a direct-straight to the point history of the indisputable force

of new rap and trap artists. Hip Hop lives on!

The Rap Year Book Sep 18 2022 A New York Times–bestselling, in-depth exploration of the most pivotal moments in rap music from 1979 to 2014. Here’s what *The Rap Year Book* does: It takes readers from 1979, widely regarded as the moment rap became recognized as part of the cultural and musical landscape, and comes right up to the present, with Shea Serrano hilariously discussing, debating, and deconstructing the most important rap song year by year. Serrano also examines the most important moments that surround the history and culture of rap music—from artists’ backgrounds to issues of race, the rise of hip-hop, and the struggles among its major players—both personal and professional. Covering East Coast and West Coast, famous rapper feuds, chart toppers, and show stoppers, *The Rap Year Book* is an in-depth look at the most influential genre of music to come out of the last generation. Picked by *Billboard* as One of the 100 Greatest Music Books of All-Time *Pitchfork Book Club*’s first

selection

Old School Rap and Hip-hop May 22 2020

Contains brief reviews of over five hundred old school rap and hip-hop albums, as well as albums from the 1960s and 70s that provided inspiration for the development of rap; arranged alphabetically, some with cover art.

The Anthology of Rap Aug 17 2022 From the school yards of the South Bronx to

the tops of the "Billboard" charts, rap has emerged as one of the most influential cultural forces of our time. This pioneering anthology brings together more than 300 lyrics written over 30 years, from the "old school" to the present day.

Black Studies, Rap, and the Academy Oct 15 2019 Traces the history of black studies as an academic discipline. Looks specifically at the incidence of urban rap music and its influence on the young urban black population. Highlights the spate of attacks in New York's Central Park in 1990 and the consequent legal action against rap band 2 Live Crew.

Noise and Spirit Aug 05 2021 2007 Choice Outstanding Academic Title Winner of the Passing the Torch Award from the Center for Lesbian and Gay Studies It has been called sperm, semen, seed, cum, jizz, spunk, gentlemen's relish, and splooge. But however the "tacky, opaque liquid that comes out of the penis" is described, the very act of defining "sperm" and "semen" depends on your point of view. For Lisa Jean Moore, how sperm

comes to be known is based on who defines it (a scientist vs. a defense witness, for example), under what social circumstances it is found (a doctor's office vs. a crime scene), and for what purposes it will be used (in vitro fertilization vs. DNA analysis). Examining semen historically, medically, and culturally, *Sperm Counts* is a penetrating exploration of its meaning and power. Using a "follow that sperm" approach, Moore shows how representations of sperm and semen are always in flux, tracing their twisting journeys from male reproductive glands to headline news stories and presidential impeachment trials. Much like the fluid of semen itself can leak onto fabrics and into bodies, its meanings seep into our consciousness over time. Moore's analytic lens yields intriguing observations of how sperm is "spent" and "reabsorbed" as it spurts, swims, and careens through penises, vaginas, test tubes, labs, families, cultures, and politics. Drawn from fifteen years of research, *Sperm Counts* examines historical and scientific

documents, children's "facts of life" books, pornography, the Internet, forensic transcripts and sex worker narratives to explain how semen got so complicated. Among other things, understanding how we produce, represent, deploy and institutionalize semen-biomedically, socially and culturally-provides valuable new perspectives on the changing social position of men and the evolving meanings of masculinity. Ultimately, as Moore reveals, sperm is intimately involved in not only the physical reproduction of males and females, but in how we come to understand ourselves as men and women.

The History of Rap and Hip-Hop Dec 21 2022 Hip-hop culture has grown from its humble beginnings in the South Bronx section of New York City into a significant and influential cultural movement. This volume examines the rich history and promising future of this musical genre. Created in the mid-1970s by poor Bronx residents with few resources, hip-hop has become a billion-dollar industry whose reach now stretches

around the world. Hip-hop has influenced the way people make music, the way they dance, and the way they wear their clothes. It has also shaped people's political views and turned many people into entrepreneurs.

Rap on Trial Oct 27 2020 A groundbreaking exposé about the alarming use of rap lyrics as criminal evidence to convict and incarcerate young men of color Should Johnny Cash have been charged with murder after he sang, "I shot a man in Reno just to watch him die"? Few would seriously subscribe to this notion of justice. Yet in 2001, a rapper named Mac whose music had gained national recognition was convicted of manslaughter after the prosecutor quoted liberally from his album *Shell Shocked*. Mac was sentenced to thirty years in prison, where he remains. And his case is just one of many nationwide. Over the last three decades, as rap became increasingly popular, prosecutors saw an opportunity: they could present the sometimes violent, crime-laden lyrics of amateur rappers as confessions to crimes,

threats of violence, evidence of gang affiliation, or revelations of criminal motive—and judges and juries would go along with it. Detectives have reopened cold cases on account of rap lyrics and videos alone, and prosecutors have secured convictions by presenting such lyrics and videos of rappers as autobiography. Now, an alarming number of aspiring rappers are imprisoned. No other form of creative expression is treated this way in the courts. Rap on Trial places this disturbing practice in the context of hip hop history and exposes what's at stake. It's a gripping, timely exploration at the crossroads of contemporary hip hop and mass incarceration.

How Music Empowers Feb 17 2020 How Music Empowers argues that empowerment is the key to unlocking the long-standing mystery of how music moves us. Drawing upon cutting-edge research in embodied cognitive science, psychology, and cultural studies, the book provides a new way of understanding how music affects listeners. The argument develops from our

latest conceptions of what it is to be human, investigating experiences of listening to popular music in everyday life. Through listening, individuals have the potential to redefine themselves, gain resilience, connect with other people, and make a difference in society. Applying a groundbreaking theoretical framework to postmillennial rap and metal, the book uncovers why vast numbers of listeners engage with music typically regarded as 'social problems' or dismissed as 'extreme'. In the first ever comparative analytical treatment of rap and metal music, twenty songs are analysed as case studies that reveal the empowering potential of listening. The book details how individuals interact with rap and metal communities in a self-perpetuating process which keeps these thriving music cultures – and the listeners themselves – alive and well. Can music really change the world? How Music Empowers answers: yes, because it changes us. How Music Empowers will interest scholars and researchers of popular music, ethnomusicology, music

psychology, music therapy, and music education.

Rap and Religion: Understanding the Gangsta's God Nov 20 2022 This book provides an enlightening, representative account of how rappers talk about God in their lyrics—and why a sense of religion plays an intrinsic role within hip hop culture. • A bibliography of cited sources on rap music and hip hop culture • An index of key terms and artists • A discography of rap songs with religious themes

The Story of Rap Oct 19 2022 From Grandmaster Flash to Jay-Z rap has shaped generations and transformed the charts. Bop along with the greats in this adorable baby book that introduces little ones to the rappers that started it all.

The Variety in the Lexicon of Rap and Gospel Jun 15 2022 Seminar paper from the year 2010 in the subject English Language and Literature Studies - Linguistics, grade: 1,0, University of Wuppertal, course: Varieties of English, language: English, abstract: At first sight, Rap and Gospel music do not seem to have much

in common. That is why I attempt to analyze whether there are any similarities or just discrepancies. The topic deals with The Variety in the Lexicon of Rap and Gospel and therefore, the aim of this paper is the linguistic description of the special lexicon. The foundation of this paper is provided by the presentation held on the 13th of July 2010 in the seminar "Varieties of English". I have chosen this topic, because the two styles of music have a similar history, but developed into opposite directions and they are, furthermore, both mostly sung by people of African American descent. Another reason for my choice is that I want to know if the images of Rap and Gospel I have in mind are really true or just prejudices: Are Rap lyrics full of swear words? Is Gospel by some means or other related to Rap? One of the images I have in mind, are the lexicons of Rap and Gospel, because when you listen to two typical song you will clearly hear the differences in speaking and in the choice of words. For my analysis I chose two

representative songs: Only God Can Judge Me by the 'gangster rapper' Tupac Shakur (1971-1996) and Judge Me Not by the baptist preacher Timothy Wright (1947-2009). I will start with a general overview of Rap and Gospel, give a short history of their development, so that the same roots of the styles of music become more obvious. In the following, I will present the results of the analyzed domains of register, commencing with the use of swear words and the application to the five types of linguistic forms of swearwords. Then I will go on with the use of slang, and especially the phonological representation of the features of African American Vernacular English, due to the descent of the two singers.

Global Noise Apr 01 2021 International scholars explore the hip hop scenes of Europe, Canada, Japan and Australia. The thirteen essays that comprise Global Noise explore the hip hop scenes of Europe, Anglophone and Francophone Canada, Japan and Australia within their social, cultural and ethnic contexts.

Countering the prevailing colonialist view that global hip hop is an exotic and derivative outgrowth of an African-American-owned idiom subject to assessment in terms of American norms and standards, *Global Noise* shows how international hip hop scenes, like those in France and Australia, developed by first adopting then adapting US models and establishing an increasing hybridity of local linguistic and musical features. The essays reveal diasporic manifestations of international hip hop that are rarely acknowledged in the growing commentary on the genre in the US. In the voices of rappers from around the globe with divergent backgrounds of race, nationality, class and gender, the authors find a consistent rhetoric of opposition and resistance to institutional forms of repression and the construction of a cohesive, historically-based subculture capable of accommodating regional and national diversities.
