The idea of this women's magazine originated with Samuel Williams, a Cincinnati Methodist, who thought that Christian women needed a magazine less worldly than Godey's Lady's Book and Snowden's Lady's Companion. Written largely by ministers, this exceptionally well-printed little magazine contained well-written essays of a moral character, plenty of poetry, articles on historical and scientific matters, and book reviews. Among western writers were Alice Cary, who contributed over a hundred sketches and poems, her sister Phoebe Cary, Otway Curry, Moncure D. Conway, and Joshua R. Giddings; and New England contributors included Mrs. Lydia Sigourney, Hannah F. Gould, and Julia C.R. Dorr. By 1851, each issue published a peice of music and two steel plates, usually landscapes or portraits. When Davis E. Clark took over the editorship in 1853, the magazine became brighter and attained a circulation of 40,000. Unlike his predecessors, Clark included fictional pieces and made the Repository a magazine for the whole family. After the war it began to decline and in 1876 was replaced by the National Repository. The Ladies' Repository was an excellent representative of the Methodist mind and heart. Its essays, sketches, and poems, its good steel engravings, and its moral tone gave it a charm all its own. -- Cf. American periodicals, 1741-1900. Before Masaki Tenchi was born, before Ryoko was released-- there was an enigmatic genius who traveled through space and time. Based on the hit Tenchi Muyo! Sometimes incomplete, sometimes apparently pointless, sometimes merely addenda to previously told tales, these eleven stories are the kind of tales family members told other - often younger - members of the family as they sat by thee fireside or on the porches of their "Sunday Houses," structures peculiar to the German Texans, built on lots so that farmers and their families would have a place to rest when conducting business in town, attending to medical needs, or attending church services. In this series, William Dean Howells delightfully describes the early years of his life, in the "Boy's Town" of Ohio, the state where he was born and raised. These stories remain as a vivid autobiographical records and colorful images of a life in the mid-nineteenth century American town. Extract: "If there was any fellow in the Boy's Town fifty years ago who had a good reason to run off it was Pony Baker. Pony was not his real name; it was what the boys called him, because there were so many fellows who had to be told apart, as Big Joe and Little Joe, and Big John and Little John, and Big Bill and Little Bill, that they got tired of telling boys apart that way; and after one of the boys called him Pony Baker, so that you could know him from his cousin Frank Baker, nobody ever called him anything else." William Dean Howells (1837-1920) was an American realist author, literary critic, and playwright. Nicknamed "The Dean of American Letters", he was particularly known for his tenure as editor of the Atlantic Monthly as well as his own prolific writings, including the Christmas story "Christmas Every Day", and the novels The Rise of Silas Lapham and A Traveler from Altruria. Howells is known to be the father of American realism, and a denouncer of the sentimental novel. He was the first American author to bring a realist aesthetic to the literature of the United States. His stories of Boston upper crust life set in the 1850s are highly regarded among scholars of American fiction. The story is based on Hindu mythology. It is about Ganesha, a boy who lost his human head and received that of an elephant. Despite this shortcoming, the boy outwits his brother Kumara, who is athletic and strong, circling the universe in response to a challenge by his father Shiva. Throughout the following pages the threads of history and fiction are closely

interwoven. The plot of the story is laid in the dark and stormy days of 1861, amid the waving trees and blue grass fields of Central Kentucky. No State wept more bitter tears at the commencement of the dreadful struggle between the North and the South than Kentucky. With loving arms she tried to encircle both, and when she failed, in the language of one of her most eloquent sons, "So intense was her agony that her great heart burst in twain." Resolutions of neutrality did little good. Sympathies and beliefs are not controlled by resolutions or laws, and never can be. Kentucky was divided into two great hostile camps. The Secession element was very active, and the Union men saw the State slowly but surely drifting into the arms of the Confederacy. Then it was that Lieutenant William Nelson of the United States navy, a well-known and very popular Kentuckian, asked the privilege of raising ten regiments of Kentucky troops. The request was granted, and Nelson at once commenced his task. Only a man of iron determination and the highest courage would have dared to undertake such a work. He became the object of the fiercest hatred and opposition,—even from many who professed to love the Union. But he never wavered in his purpose, and established a camp for his recruits at Dick Robinson, a few miles east of Danville. Here it is that the story opens, and Nelson is the chief historic figure—a figure with many imperfections, yet it can be said of him as it was of King James V., in "The Lady of the Lake": "On his bold visage middle age Had slightly pressed its signet sage, Yet had not quenched the open truth And fiery vehemence of youth; Forward and frolic glee was there, The will to do, the soul to dare." All military movements chronicled in the story are historically correct. The Boy Who Outwitted Mengele is the true story of Holocaust survivor, Michael (Miki) Popik. Miki grew up in the small town of Levice in Czechoslovakia. In 1944, his life changed forever. At the age of 13, Miki and his family were sent to the concentration camps at Auschwitz. Miki survived against all odds and ultimately triumphed to live a life of love."Miki Popik shares an incredible tale of survival, courage and resilience. He speaks of his life as a child in Czechoslovakia at the dawn of World War II, of his imprisonment at two concentration camps, of his family's struggles for survival, and his efforts after the war to locate his family. Though he was the only one from his extended family to survive, he felt very fortunate to have learned where in a mass grave in M•hldorf, Germany, his father and brother had been interred. M•hldorf was a sub-camp of the infamous Dachau, not far from Munich. Miki's story moves like none other."- Alan S. Blaustein, JD, MD "In 2012, my classmates and I from the Sherman Block Supervisory Leadership Institute were fortunate to hear you speak at the Museum of Tolerance. Your words were truly inspiring! I left the museum that day speechless and humbled. I realized that nothing in my life can be assimilated to what you have experienced in yours. It shed a new light on the human race and how we treat one another."- Sergeant Robert O'Brine, San Bernardino County Sheriff's Dept.
