This work aims to set the war in the Balkans in its full historical and political context. This edition includes a chapter covering the events between 1993 and 1995. From the fall of Constantinople in 1453 until the eighteenth century, many Western European writers viewed the Ottoman Empire with almost obsessive interest. Typically they reacted to it

with fear and distrust; and such feelings were reinforced by the deep hostility of Western Christendom towards Islam. Yet there was also much curiosity about the social and political system on which the huge power of the sultans was based. In the sixteenth century, especially, when Ottoman territorial expansion was rapid and Ottoman institutions seemed particularly robust, there was even open admiration. In this path-breaking book Noel Malcolm ranges through these vital centuries of East-West interaction, studying all the ways in which thinkers in the West interpreted the Ottoman Empire as a political phenomenon - and Islam as a political religion. *Useful Enemies* shows how the concept of 'oriental despotism' began as an attempt to turn the tables on a very positive analysis of Ottoman state power, and how, as it developed, it interacted with Western debates about monarchy and government. Noel Malcolm also shows how a negative portrayal of Islam as a religion devised for political purposes was assimilated by radical writers, who extended the criticism to all religions, including Christianity itself. Examining the works of many famous thinkers (including Machiavelli, Bodin, and Montesquieu) and many less well-known ones, *Useful Enemies* illuminates the long-term development of

Western ideas about the Ottomans, and about Islam. Noel Malcolm shows how these ideas became intertwined with internal Western debates about power, religion, society, and war. Discussions of Islam and the Ottoman Empire were thus bound up with mainstream thinking in the West on a wide range of important topics. These Eastern enemies were not just there to be denounced. They were there to be made use of, in arguments which contributed significantly to the development of Western political thought. Don't miss *Evermore*, the first book in Alyson Noël's #1 New York Times bestselling *The Immortals* series. Enter an enchanting new world where true love never dies. . . After a horrible accident claimed the lives of her family, sixteen-year-old Ever Bloom can see people's auras, hear their thoughts, and know someone's entire life story by touching them. Going out of her way to avoid human contact and suppress her abilities, she has been branded a freak at her new high school—but everything changes when she meets Damen Auguste. Damen is gorgeous, exotic and wealthy. He's the only one who can silence the noise and random energy in her head—wielding a magic so intense, it's as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery,

she's left with more questions than answers. And she has no idea just who he really is—or what he is. The only thing she knows to be true is that she's falling deeply and helplessly in love with him. Son and daughter of diplomats in Cairo, the gentle Serena Pasha and Mark Holt are good-looking and privileged, growing up in a magical world of champagne breakfasts and midnight picnics at the pyramids. Their lives entwined since childhood, they grow ever closer as adults. Yet Serena's hand has been promised not to Mark, but to his brother, Greg. However, as the Second World War speeds closer to Cairo, a terrible accident gives these young lovers a second chance - and with this chance comes terrible dangers. Egypt is threatened not only by the German army but by nationalist forces within Cairo determined to end the British occupation at any cost. The country torn apart, and with enemies on all sides, Mark and Serena's love is tested to the limit. Examines the leading theories of humor, focusing on the incongruity theory. Revised edition of: A brief history of ancient Rome. New York: Oxford University Press, 2005. Acclaimed writer and historian Noel Malcolm presents his sensational discovery of a new work by Thomas Hobbes (1588-1679): a propaganda pamphlet on behalf of the Habsburg side in the Thirty Years' War, translated by Hobbes from a Latin original. Malcolm's book explores a fascinating episode in seventeenth-century history, illuminating both the practice of early modern propaganda and the theory of "reason of state".

When pioneering doctor Kit Masters is forced to flee England, he makes a new start on the South Sea island of Koraloona. Enchanted by the island and its people, Kit falls in love with Gaugin's granddaughter and dreams of building a hospital. But all is under threat as World War II approaches. 'Barber is a master' Mail on Sunday Garden Flora surveys 133 of the most popular garden plants organized alphabetically by common name. In this fascinating and revealing book, Noel Kingsbury delves into the family histories of our most beloved flora—and discovers unexpected treasure. The author of children's classic 'Ballet Shoes' delights with a best-loved story of ice skating rivalry... Young, naive and too kind for her own good, Rose falls for a young Brigadier with a colourful history. Soon after their fling ends he drops a baby off on her doorstep begging her to raise it for his latest mistress. Tender hearted Rosie nurtures the baby into a sophisticated young woman called Marmie - alongside two other baby girls dropped off by the Brigadier - Daisy, a natural born dancer, and Tania who aspires to be a mechanic. But raising three growing girls on very little money after the war is an impossible task, so the girls find a way to earn their keep through a life on the stage. Revealing the toil a dancer goes through backstage and the friendship and love needed to survive it, *The Whicharts* is an exceptional inter-war novel from Carnegie Medal winning author Noel Streatfeild. 'The wonderful Noel Streatfeild's Christmas Stories collects, for the first time,

nine festive stories originally written for annuals and magazines in the 1940s and 1950s . . . As ever, Streatfeild's children always feel utterly real and relatable. A beautifully produced treat' Anna Carey, Irish Times In this captivating collection of stories by the author of *Ballet Shoes*, there are auditions on stage and antics on ice, trips to the pantomime, holiday adventures, and laughter shared with family and friends. Charming, heartwarming and funny, this collection will bring joy to readers of all ages. Originally written in 1940s-60s for annuals, magazines and the radio, these stories have never been collected before. With enchanting line drawings by Peter Bailey. Stories include: *The Audition* *The Bells Keep Twelfth Night* *The Moss Rose* *Thimble The Princess* *The Chain* *Christmas at Collers* *The Pantomime* *Goose Skating to the Stars* *How many Australians born in the 137 years since Truganini's death learnt her legend and scarcely thought deeper about the enormity of the loss she represented, and the history that led to it? Her spirit casts a long shadow over Australian history, but we have nearly all of us found a way to avert our eyes from its meaning. In *The War of the Worlds*, Noel Pearson considers the most confronting issue of Australian history: the question of genocide, in early Tasmania and elsewhere. With eloquence and passion, he explores the 'emotional convulsions of identification and memory' that he feels on encountering these events. Re-reading Dickens and Darwin, Pearson*

acknowledges the 'fatal logic' of the colonial project, and seeks to draw out its meaning for Australians today. A scientific discussion of Noel Malcolm's Kosovo. It demonstrates the extent of the betrayal of the historical truth and the manipulation of the past of nations, regions or states for the sake of the political ends of the day. It was a commonplace view that such books are possible only in totalitarian societies. But we can see that the appearance of such books is also possible in a milieu which, until recently at least, could not be called totalitarian, and that it is possible with a historiography excelling in great authors and trustworthy works. A Short History of Denver covers more than 150 years of Denver's rich history. The book recounts the takeover of Native American lands, the founding of small towns on the South Platte River at the base of the Rocky Mountains, and the creation of a city, which by 1890 was among the nation's major western urban centers. Leonard and Noel tell the stories of powerful economic and political leaders such as John Evans, Horace Tabor, and David Moffat, and delve into the contributions of women, including Elizabeth Byers and Margaret (Molly) Brown. The book also recognizes the importance of the city's ethnic communities, including African Americans, Asians, Latinos, and many others. A Short History of Denver portrays the city's twentieth-century ups and downs, including the City Beautiful movement, political corruption, the rise of the Ku Klux Klan in the 1920s, and the

Great Depression of the 1930s. Here readers will find the meat and potatoes of economic and political history and much more, including sports history, social history, and the history of metropolitan-wide efforts to preserve the past. Noel Malcolm, one of the world's leading experts on Thomas Hobbes, presents a set of extended essays on a wide variety of aspects of the life and work of this giant of early modern thought. Malcolm offers a succinct introduction to Hobbes's life and thought, as a foundation for his discussion of such topics as his political philosophy, his theory of international relations, the development of his mechanistic world-view, and his subversive Biblical criticism. Several of the essays pay special attention to the European dimensions of Hobbes's life, his sources and his influence; the longest surveys the entire European reception of his work from the 1640s to the 1750s. All the essays are based on a deep knowledge of primary sources, and many present striking new discoveries about Hobbes's life, his manuscripts, and the printing history of his works. Aspects of Hobbes will be essential reading not only for Hobbes specialists, but also for all those interested in seventeenth-century intellectual history more generally, both British and European. Lord Hideyoshi, the regent of Japan at the time, took the first step toward the control of firearms. It was a very small step, and it was not taken simply to protect feudal lords from being shot at by peasants but to get all weapons out of the hands of civilians. He said nothing about arms

control. Instead, he announced that he was going to build a statue of Buddha that would make all existing statues look like midgets. It would be so enormous (the figure was about twice the scale of the Statue of Liberty), that many tons of iron would be needed just for the braces and bolts. Still more was required to erect the accompanying temple, which was to cover a piece of ground something over an eighth of a mile square. All farmers, ji-samurai, and monks were invited to contribute their swords and guns to the cause. They were, in fact, required to. -- from publisher description. Puffin Classics: the definitive collection of timeless stories, for every child. We three Fossils vow to try to put our name into history books, because it's our very own, and nobody can say it's because of our grandfathers. Pauline, Petrova and Posy Fossil are sisters - with a difference. All three were adopted as babies by Great Uncle Matthew, an eccentric and rich explorer who then disappeared, leaving them in the care of his niece Sylvia. When Sylvia starts to run out of money they hit on an inspired idea: Pauline, Petrova and Posy will attend Madame Fidolia's Children's Academy of Dance and Stage Training - and take to the stage. But it's not long before the Fossils learn that being a star isn't as easy as they first thought... Ballet Shoes is the magical, warm-hearted and much loved classic tale of three very different girls who work hard to master their talents. Beatrix Potter's Classic Children's Stories in beautiful eBook editions

Peter is a naughty little rabbit who has adventures in Mr. McGregor's garden. The Tale of Peter Rabbit by Beatrix Potter is part of the Xist Publishing Children's Classics collection. Each eBook has been specially formatted with full-screen, full-color illustrations and the original, charming text. Fresh for the holidays, this hilarious and warm-hearted review of the top holiday stories of the last two millennia (with a special focus on Christmas Present) sparkles with dozens of shiny, new Christmas tales and tidbits, including vital stats on eating, shopping and other manifestations of the Christmas spirit, the Santa controversy, and much more. From the author of the critically acclaimed *Bosnia: A Short History* comes a 'magisterial work of history' TLSBy the early-1980s Kosovo had reached a state of permanent crisis and military occupation, and it became the main focus for the revival of Serbian nationalism. This book traces the history of Kosovo, examining the Yugoslavian conflict, and the part played by Western Europe in its destruction. 'This is a profound and important book, essential reading for those who wish to understand either the complex history or the present politics of Yugoslavia.' Hugh Trevor-Roper, SUNDAY TELEGRAPH 'A dreadnought of a book, all big guns, covering the whole history of Kosovo, with an authority that is often breathtaking and never oppressive.' Norman Stone, SUNDAY TIMES Albania and Kosovo have long, fascinating histories of connection with the wider European

world. These essays explore this history from the 15th century to the 20th, through stories of Italian pilgrims, British diplomats, Albanian village girls converting to Islam, Muslims practising secret Christianity, and Ottoman men enslaving fellow citizens. 'A uniquely charming and enticing journey through a remarkable life. Coward's own record is made all the more delightful by the wise and helpful interpolations of Barry Day, the soundest authority on the Master that there is.' Stephen Fry 'Precise, witty, remarkably observed and gloriously English' Dame Judi Dench 'Barry Day's analysis is both perceptive and irresistible' Lord Richard Attenborough With virtually all the letters in this volume previously unpublished - this is a revealing new insight into the private life of a legendary figure. Coward's multi-faceted talent as an actor, writer, composer, producer and even as a war-time spy(!), brought him into close contact with the great, the good and the merely ambitious in film, literature and politics. With letters to and from the likes of: George Bernard Shaw, Virginia Woolf, Winston Churchill, Greta Garbo (she wrote asking him to marry her), Marlene Dietrich, Ian Fleming, Graham Greene, Evelyn Waugh, Fred Astaire, Charlie Chaplin, FD Roosevelt, the Queen Mother and many more, the picture that emerges is a series of vivid sketches of Noel Coward's private relationships, and a re-examination of the man himself. Deliciously insightful, witty, perfectly bitchy, wise, loving and often surprisingly

moving, this extraordinary collection gives us Coward at his crackling best. A sublime portrait of a unique artist who made an indelible mark on the 20th century, from the Blitz to the Ritz and beyond. Studie over het begin van de Engelse nonsenspoëzie, dat in afwijking van de traditionele visie niet in de 19e maar in de 17e eeuw gesitueerd wordt. Met een bloemlezing van 17e-eeuwse voorbeelden. BY THE AUTHOR OF BALLETS SHOES with beautiful illustrations by Edward Ardizzone 'A joyous, sunlight book. For me, the best Noel Streatfeild of all' HILARY MCKAY "You have a whole wing of the house to yourselves. The glorious world outside to play in. All that the earth brings forth to feed you, and you stand there asking foolish questions until my head reels. Help yourselves, children, help yourselves." Then, flapping her cloak as if to shoo off a clutter of chickens, Great Aunt Dymphna was gone.' Summer will be different for the Gareth children this year. Their father, an epidemiologist, is ill abroad, and their mother must go to help him. So Alex, Penny, Naomi and Robin are sent to Ireland to stay with an eccentric distant relative. Great Aunt Dymphna is like nobody they've ever met. She lives in a ramshackle house, quotes swathes of poetry and flits about like a great bat. And, to the children's consternation, she expects them to fend for themselves. Despite tears and many mishaps, they learn something new every day, and living with Great Aunt Dymphna becomes an adventure. Antoine Verlaque, examining magistrate for the beautiful town of Aix-en-

Provence, doesn't like Christmas. The decorations appear in the shops far too early, festive tourists swarm the streets, and his beloved Cours Mirabeau is lined with chalets selling what he regards as tacky trinkets. But his wife and partner Marine Bonnet is determined to make this a Christmas they can both enjoy, beginning with the carol sing at the Cathedral Saint Sauveur, a beautiful service in a packed church. 'A very funny page-turner. Fantastique!' Adam Kay, Comedian and author of *This is Going to Hurt* 'A writer of immense wit and charm.' Paul Sinha, ITV's *The Chase*

THE FIRST NOVEL IN THE ENTHRALLING FOLLET VALLEY SERIES, BY TV/RADIO REGULAR IAN MOORE Richard is a middle-aged Englishman who runs a B&B in the fictional Val de Follet in the Loire Valley. Nothing ever happens to Richard, and really that's the way he likes it. One day, however, one of his older guests disappears, leaving behind a bloody handprint on the wallpaper. Another guest, the enigmatic Valérie, persuades a reluctant Richard to join her in investigating the disappearance. Richard remains a dazed passenger in the case until things become really serious and someone murders Ava Gardner, one of his beloved hens ... and you don't mess with a fellow's hens!

Unputdownable mystery set in rural France, by TV/radio regular and bestselling author Ian Moore - perfect for fans of Richard Osman's *The Thursday Murder Club*, Julia Chapman, or M.C. Beaton. Praise for *Death and Croissants*:

'Death and Croissants is a far funnier book than a story about a bloody murder has any right to be.' Josh Widdicombe, BBC's *Mock the Week* 'This is like two great books in one, a tricky whodunnit, and a really, really funny story.' Jason Manford 'Ian is one of my favourite writers; this is hilarious and a great mystery too.' Janey Godley 'Good food and a laugh-out-loud mystery. What more could anyone want in these dark times?' Mark Billingham 'Death and Croissants is such a relentless rollercoaster ride of laughs and twists, it should come with a height restriction and health warning.' Matt Forde 'Sharp, slick and surprising - like the author himself - *Death and Croissants* is the Loire Valley's answer to *Murder on the Orient Express*. I'd marry him tomorrow (Richard, the protagonist; Ian too).' Cally Beaton 'Though I disagree with the opinions on muesli and the hen naming system that are in this book, I will let those pass and say that it is funny, pacy and very entertaining! It also has short chapters - I find many modern novels take far too long to get to the next chapter, but there's no hanging about here.' Robin Ince 'I'd never connected the words "death" and "croissants" before, but now they're inextricably linked. It's a rollicking qui-dunnit with as many twists as the Loire itself'. Stephen Clarke, author of *1000 Years of Annoying the French* 'Moore's French whodunnit is an engaging caper through the Loire Valley with an expat reluctant hero mixed up with a Maigret-like rural cast, a glamorous heroine and a couple of Mafia killers. It is finely

paced, truly funny and written with a wry detachment that conjures up a gentler age of murder mystery.' Charles Bremner 'Just like the Loire's other great export, Sancerre, Ian Moore's prose is reassuringly dry, beautifully constructed, and deeply satisfying. The Follet Valley series is a pleasure you'll return to again and again.' Marty Wilson, former Australian Comic of the Year Everyone is wanting Moore! - what people are saying about Ian Moore: 'Charming, witty, a brilliant read.' Sarah Millican 'There are a great many comedians who think that they can also write books, myself included, but very few who can rival Ian Moore's immediate warmth and skill with language.' Jon Richardson 'Ian Moore is a brilliantly funny writer and that's all there is to it.' Annabel Giles 'Everything its author is: immaculately turned out, sharp and consistently hilarious.' Mark Billingham 'What a strange and wonderful sight Ian Moore must present in the Loire Valley - an English Mod kicking around rural France with a young family, a few goats and big dreams of the good life. His brilliant book is warm, funny and big-hearted - easily the best Englishman-abroad memoir since Gerald Durrell was in short trousers and knocking around pre-war Corfu.' Tony Parsons 'So well written and funny you feel you're there flailing with him in the chicken coop. Warm, tender and incredibly funny. Treads that perfect balance between thigh-slappingly hilarious and heartbreakingly human: a unique and wonderful book.' Isy

Suttie 'Ian Moore is a brilliant comedian whose wit is as sharp as his dress sense and he has managed to take that on stage story telling brilliance and put it in his writing. A great read – even if you're French!' John Bishop, Comedian and Broadcaster Om det spændte forhold mellem albanere og serbere i Kosovo, som har eksisteret siden middelalderen, og som til sidst førte til NATOs bombardement og Kosovos forvandling fra serbisk provins til internationalt protektorat Around the world Santa Claus has many names. But in a deep, swampy bayou of Louisiana, he's known as Papa Noël. In such a hot and humid place, there can be no sleds or reindeer, so Papa Noël rides the river in a boat that's pulled by eight alligators, with a snowy white one named Nicollette in the lead. On this particular Christmas Eve, it's so foggy on the river that even Nicollette's magical glowing-green eyes may not be enough to guide Papa Noël. The alligators are tired, grumpy and bruised from banging into cypress trees, and Papa is desperate to get all the gifts to the little children. Well, "quicker than a snake shimmies down the river," the clever Cajun people come up with a solution that saves the day. A colorfully inventive Christmas tale, Papa Noël is a lesson in fast thinking, as well as a witty introduction to a part of America that's rich in folklore and legend. Emily Huckwell spent almost her entire life working for one family. Born in a tiny Sussex village in the 1870s, she went into domestic service in the Burton household before she was twelve, earning £5 a

year. She began as a nursery maid, progressing to under nurse and then head nanny, looking after two generations of children. One of the children in her care was the father of Noel Streatfeild, the author of Ballet Shoes and one of the best-loved children's writers of the 20th century. Basing her story on fact and family legend, Noel Streatfeild here tells Emily's story, and with her characteristic warmth and intimacy creates a fascinating portrait of Victorian and Edwardian life above and below stairs. From the author of the critically acclaimed Bosnia: A Short History comes a 'magisterial work of history' TLS "First published in 1945 by Collins"--Copyright page. In the second half of the sixteenth century, most of the Christian states of Western Europe were on the defensive against a Muslim superpower - the Empire of the Ottoman sultans. There was violent conflict, from raiding and corsairing to large-scale warfare, but there were also many forms of peaceful interaction across the surprisingly porous frontiers of these opposing power-blocs. Agents of Empire describes the paths taken through the eastern Mediterranean and its European hinterland by members of a Venetian-Albanian family, almost all of them previously invisible to history. They include an archbishop in the Balkans, the captain of the papal flagship at the Battle of Lepanto, the power behind the throne in the Ottoman province of Moldavia, and a dragoman (interpreter) at the Venetian embassy in Istanbul. Through the life-stories of these

adventurous individuals over three generations, Noel Malcolm casts the world between Venice, Rome and the Ottoman Empire in a fresh light, illuminating subjects as diverse as espionage, diplomacy, the grain trade, slave-ransoming and anti-Ottoman rebellion. He describes the conflicting strategies of the Christian powers, and the extraordinarily ambitious plans of the sultans and their viziers. Few works since Fernand Braudel's classic account of the sixteenth-century Mediterranean, published more than sixty years ago, have ranged so widely through this vital period of Mediterranean and European history. A masterpiece of scholarship as well as storytelling, Agents of Empire builds up a panoramic picture, both of Western power-politics and of the interrelations between the Christian and Ottoman worlds. Reveals firsthand the devastating story of the city of Pec, the site of the worst atrocities in the Kosovo War With a new introduction by the author. A contested region of Serbia bordered by Albania and Macedonia, Kosovo was left out of the Bosnian peace agreement of 1995. For the 2.2 million Albanians living in Kosovo, this sparked the abandonment of a nonviolent independence movement in favor of armed struggle. The tinderbox Balkan province of Kosovo thus remains in limbo as Albanians urgently rally their forces against Serbian rule. Exemplifying once again the best of narrative, analytical history, Noel Malcolm here provides the definitive story of Kosovo, from its origins to its

current state of unrest. Kosovo clarifies the troubled past and present of this crucial region in a readable and neatly compressed style. A thrilling, classic children's adventure with a courageous heroine, from the beloved author of Ballet Shoes. The life of road-train pioneer Noel Buntine and a history of Top End pastoralists and moving cattle across northern Australia
