History of Vikings May 07 2021 History of Vikings Thank you for purchasing "History of Vikings: An Epic Guide to the Viking Age and Feared Norse Seafarers. Such as Egil Skallagrimsson, Ragnar Lothbrok, Ivar the Boneless, and More" History is always filled with information, which describes different events that took place at different periods. As we read history books, we learn and discover about certain events. We learn what preceded those events or what caused them. We want to know why things were as they were (or how we learned). However, the main thing with history is that information we have can often be misleading or incomplete. The similar thing happened with Vikings. For many of us, the first picture that comes to our minds when we mention the word "Viking" is a savage, colossal man, wearing a beard, and carrying a huge axe in one hand. Many of us have at least heard of the Vikings. We think we know something about them. However, things we know are usually not in correlation with the real historical facts. This is where this book comes to the scene. "History of Vikings" is a book where we read about Vikings, their customs, their life, and more. Since the book is a collection of

close historical facts, "History of Vikings" is written to educate its readers. If you wanted to know more about the mystical people from the Northern Europe then this book is just for you! Here is a Preview of What You Will Get: □ A Full Book Summary □ An Analysis □ Fun quizzes □ Quiz Answers □ Etc Get a copy of this summary and learn about the book.

Vikings at War Dec 22 2019 An illustrated guide to Viking warfare from strategy and weapons to culture and tradition: "a very excellent introduction to the Viking age as a whole" (Justin Pollard, historical consultant for the Amazon television series Vikings). From the time when sailing was first introduced to Scandinavia, Vikings reached virtually every corner of Europe and even America with their raids and conquests. Wherever Viking ships roamed, enormous suffering followed in their wake, but the encounters between cultures also brought immense change to both European and Nordic societies. In Vikings at War, historian Kim Hjardar presents a comprehensive overview of Viking weapons technology, military traditions and tactics, offensive and defensive strategies, fortifications, ships, and command structure. The most crucial element of the Viking's success was their strategy of arriving by sea, attacking with great force, and withdrawing quickly. In their militarized society, honor was everything, and ruining one's posthumous reputation was considered worse than death itself. Vikings at War features more than 380 color illustrations, including beautiful reconstruction drawings, maps, cross-section drawings of ships, line-drawings of fortifications, battle plan reconstructions, and photos of surviving artifacts, including weapons and jewelry. Winner of Norway's Saga Prize, Vikings at War is now available in English with this new translation. "A magnificent piece of work [that] I'd recommend to anyone with an interest in the Viking period." —Justin Pollard, historical consultant for the Amazon television series Vikings

Vikings and the Vikings Feb 22 2020 This essay collection is a wide-ranging exploration of Vikings, the television series that has successfully summoned the historical world of the Norse people for modern audiences to enjoy. From a range of critical viewpoints, these all fresh essays explore the ways in which past and present representations of the Vikings converge in the show's richly textured dramatization of the rise and fall of Ragnar Loobrok--and the exploits of his heirs--creating what many viewers label a "true" representation of the age. From the show's sources in both saga literature and Victorian revival, to its engagement with contemporary concerns regarding gender, race and identity, via setting, sex, society and more, this first book-length study of the History Channel series appeals to fans of the show, Viking enthusiasts, and anyone with an interest in

medievalist representation in the 21st century.

The Hammer and the Cross Sep 11 2021 For those living outside Scandinavia, the Viking Age effectively began in 793 with an attack on the monastery at Lindisfarne. The attack on Lindisfarne was a characteristically violent harbinger of what was in store for Britain and much of Europe from the Vikings for the next 300 years, until the final destruction of the heathen temple to the Norse gods at Uppsala around 1090. Robert Ferguson is a sure guide across what he calls ♦the treacherous marches which divide legend from fact in Viking Age history♦. His long familiarity with the literary culture of Scandinavia ♦ the eddas, the poetry of the skalds and the sagas ♦ is combined with the latest archaeological discoveries and the evidence of picture-stones, runes, ships and objects scattered all over northern Europe, to make the most convincing modern portrait of the Viking Age in any language. **The Hammer and the Cross** ranges from Scandinavia itself to Kievan Rus and Byzantium in the east, to Iceland, Greenland and the north American settlements in the west. Beyond its geographical boundaries the book takes us on a journey to a misty region inhabited by Hallfred the Troublesome Poet, Harald Bluetooth, Ragnar Hairy-Breeches, Ivar the Boneless and Eyvind the Plagiarist, in which literature, history and myth dissolve into one another.

The Vikings in History Oct 24 2022 Completely updated to include important primary research, archaeological findings and debates from the last decade, this third edition of F. Donald Logan's successful book examines the Vikings and their critical role in history. The author uses archaeological, literary and historical evidence to analyze the Vikings' overseas expeditions and their transformation from raiders to settlers. Focusing on the period from 800-1050, it studies the Vikings across the world, from Denmark and Sweden right across to the British Isles, the North Atlantic and the New World. This edition includes: a new epilogue explaining the aims of the book updated further reading sections maps and photographs. By taking this new archaeological and primary research into account, the author provides a vital text for history students and researchers of this fascinating people.

The Vikings Apr 25 2020 The story of the Norse is a Viking adventure in history. The Norse saga began with the first ancient tribes of Norsemen during the Early Nordic Stone Age. The beginning of the Nordic Ax Culture when primitive Norsemen created their first battle axes from stone. The evolution of an innovative and progressive culture that groomed legendary warriors whose voices still roar out today. Take a journey into the Age of Viking Expansion where Ragnar Lothbrok, Rollo, Erik the Red, and many other famous Vikings take you on a ride into the very Halls of Valhalla. Very

interesting and worth the read to anyone interested in the Vikings or Norse history. Explore knowledge and technology specific to a culture that was shaped by a people able to reach great distances beyond their homelands and seas. A battle ferocious people with shields, armor, and weaponry that was unmatched by their opponents. A whole new world of understanding about the ancient vikings has been opened up by new archaeological discoveries and studies. New findings that lead to new questions. Could some of the mythological tales about giants in the Norse Sagas have had some truth behind them? Researchers have found proof of giants and humans interacting together in our own DNA! There are also many shared technologies between the Ancient Norse, Asians, the Inuit and other North American aborigines. Viking explorers have long interacted and traded with many people and cultures afar. Were ancient Norse already in contact with early Native Americans? Were these the people they referred to as "Skraelings?" Were they Proto-Inuits known by the ancients as Thule People? See for yourself with new information about the Norse that was once lost in time.

And much, much more.. The Viking era may have ended, but their

legacy lives on. And if you want to find out more about The Vikings then this is The Book for You

Silk for the Vikings Jan 23 2020 The analysis of silk is a fascinating topic for research in itself but here, focusing on the 9th and 10th centuries, Marianne Vedeler takes a closer look at the trade routes and the organization of production, trade and consumption of silk during the Viking Age. Beginning with a presentation of the silk finds in the Oseberg burial, the richest Viking burial find ever discovered, the other silk finds from high status graves in Scandinavia are discussed along with an introduction to the techniques used to produce raw silk and fabrics. Later chapters concentrate on trade and exchange, considering the role of silk items both as trade objects and precious gifts, and in the light of coin finds. The main trade routes of silk to Scandinavia along the Russian rivers, and comparable Russian finds are described and the production and regulation of silk in Persia, early Islamic production areas and the Byzantine Empire discussed. The final chapter considers silk as a social actor in various contexts in Viking societies compared to the Christian west.

Ragnar Lothbrok and a History of the Vikings May 27 2020 "The popular TV show may have popularized Ragnar's story but the real facts are not very well known. Discover the truth behind this Viking Warrior and the rich history of the Vikings."--Publisher's description.

Viking Tales and Sagas Aug 30 2020 Explore Captivating Viking Tales and Sagas Two captivating manuscripts in one book: *Viking Sagas: The Captivating Tale of Ragnar Lothbrok, Ivar the Boneless, Lagertha, and More, in Their Historical Context* *Tales from the Viking Age: Captivating Legendary and Historical Sagas* The period between the end of the eighth century CE and the middle of the eleventh is often called the "Viking Age" because this is the period in which Scandinavian people expanded their contacts with the outside world through trade, raiding, exploration, and colonization. The first manuscript of this book presents a version of Ragnar's saga compiled from different modern sources, along with information providing additional historical and documentary context, followed by a discussion of some aspects of modern appropriations and representations of ancient Norse culture. The first section of the first manuscript provides historical context for Ragnar's saga through an exploration of daily life in ninth-century Scandinavia and of contemporary Viking culture and history. The text of the saga itself forms the second part of the first manuscript, along with notes giving further information about how this version of the saga is presented and about elements within the story that might not be familiar to modern readers. The

third section of the first manuscript deals with representations of ancient Norse cultures in modern popular media. The second manuscript in this book presents three Viking sagas. Two are legendary sagas, while the third is historical. Some of the topics covered in manuscript 1 of this book include: The World of Ragnar Lothbrok The Saga of Ragnar Lothbrok and His Sons Representations of Norse Myths and History in Modern Media The Clash of History and Drama in the History Channel Television Series Vikings And much more! Some of the topics covered in manuscript 2 of this book include: The Saga of King Heidrek the Wise Selections from The Saga of Örvar-Oddr The Voyages to Vinland Scroll up and click the "add to cart" button to discover captivating Viking tales and sagas!

The Untold History of the Vikings Nov 20 2019 Beginning in 789AD, the Vikings raided monasteries, sacked cities and invaded western Europe. They looted and enslaved their enemies. But that is only part of their story. In long boats they discovered Iceland and America (both by accident) and also sailed up the Seine to Paris (which they sacked). They settled from Newfoundland to Russia, founded Dublin and fought battles as far afield as the Caspian Sea. A thousand years after their demise, traces of the Vikings remain all the way from North America to Istanbul. They traded walrus with Inuits, brought Russian furs to Western Europe and took European slaves to Constantinople. Their graves contain Arab silver, Byzantine silks and Frankish weapons. In this accessible book, the whole narrative of the Viking story is examined from the eighth to the 11th century. Arranged thematically, Vikings □ A History of the Norse People, examines the Norsemen from exploration to religion to trade to settlement to weaponry to kingdoms to their demise and legacy. But today questions remain: what prompted the first Viking raids? What stopped their expansion? And how much of the tales of murder, rape and pillage is myth?

Chronicles of the Vikings Jun 08 2021 Chronicles of the Vikings defines the social values of the Viking Age, their heroic view of life which sometimes contrasts with their more prosaic way of looking at things.

Daily Life of the Vikings Sep 30 2020 Examines the daily lives of the Vikings.

Historical Dictionary of the Vikings Feb 28 2023 This book provides a comprehensive work of reference for people interested in the vikings, including entries on the main historical figures involved in this dramatic period, important battles and treaties, significant archaeological finds, and key works and sources of information on the period. It also summarizes the impact the vikings had on the areas where they traveled and settled. There is a chronological table, detailed and annotated bibliographies for different themes and geographical locations, and an introduction discussing the major events and developments of the viking age.

The Penguin Historical Atlas of the Vikings Jan 15 2022 Atlas showing the range of Viking developments and exploration.

The Children of Ash and Elm Apr 18 2022 A TIMES BOOK OF THE YEAR 'As brilliant a history of the Vikings as one could possibly hope to read' Tom Holland The 'Viking Age' is traditionally held to begin in June 793 when Scandinavian raiders attacked the monastery of Lindisfarne in Northumbria, and to end in September 1066, when King Harald Hardrada of Norway died leading the charge against the English line at the Battle of Stamford Bridge. This book, the most wide-ranging and comprehensive assessment of the current state of our knowledge, takes a refreshingly different view. It shows that the Viking expansion began generations before the Lindisfarne raid, and traces Scandinavian history back centuries further to see how these people came to be who they were. The narrative ranges across the whole of the

Viking diaspora, from Vinland on the eastern American seaboard to Constantinople and Uzbekistan, with contacts as far away as China. Based on the latest archaeology, it explores the complex origins of the Viking phenomenon and traces the seismic shifts in Scandinavian society that resulted from an economy geared to maritime war. Some of its most striking discoveries include the central role of slavery in Viking life and trade, and the previously unsuspected pirate communities and family migrations that were part of the Viking 'armies' - not least in England. Especially, Neil Price takes us inside the Norse mind and spirit-world, and across their borders of identity and gender, to reveal startlingly different Vikings to the barbarian marauders of stereotype. He cuts through centuries of received wisdom to try to see the Vikings as they saw themselves - descendants of the first human couple, the Children of Ash and Elm. He also reminds us of the simultaneous familiarity and strangeness of the past, of how much we cannot know, alongside the discoveries that change the landscape of our understanding. This is an eye-opening and surprisingly moving book.

Viking Britain Aug 22 2022 A new narrative history of the Viking Age, interwoven with exploration of the physical remains and landscapes that the Vikings fashioned and walked: their rune-stones and ship burials, settlements and battlefields.

Vikings Jan 03 2021 Who were the Vikings? Did they earn the reputation of remorseless raiders and greedy pirates? Were they more than the mere barbarians and plunderers that history makes them out to be? Find out the truth about the Vikings with *History of Vikings: From The History of "Rune Stones" to "Norse Mythology"* by Michael J. Stewart. Stewart takes you beyond rumor and speculation and into the real world of the Scandinavian seafarers known as the Vikings. You'll get the true story, not an oversimplified Hollywood myth. You'll learn: Who the Vikings were and why they raided their neighbors How the Vikings used runestones to tell stories about the gods and themselves What life was like in the Viking Age for an ordinary Viking family What Vikings at war fought with and lived and died for About their myths and their pantheon of gods including Freyja, Odin, Thor, and Loki With *History of Vikings: From The History of "Rune Stones" to "Norse Mythology"* by Michael J. Stewart, you get more than a simple history. This quick dip uses the study of archeological findings and surviving collections of prose and poetic works to paint an accurate picture of these famous people. Stewart presents the facts; it's up to you to draw your own conclusions. Don't dismiss the Vikings as heretical barbarians. Learn how they really lived.

In Search of Vikings Jun 20 2022 The Viking Age lasted a little over three

centuries, but has left a lasting legacy across Europe. These dynamic warrior-traders from Scandinavia, who fought and interacted with peoples as far apart as North America, Russia, and Central Asia, are some of the most recognizable historical figures in the western world. In the modern imagination they represent ruthlessness, heroism, adventurousness, and a unique prestige embellished by the wondrous tales and poetry of the sagas. Yet the sum of evidence for the Viking presence is far less clear than their reputation implies. *In Search of Vikings* presents a collection of papers from experts in a broad range of disciplines, including history, archaeology, genetics, and linguistics, to provide a detailed understanding of the Vikings in peace and in war. This book focuses on one particularly exciting area of the Viking world, namely the north-west region of England, where they are known to have settled in large numbers. North-west England was the crossroads between Ireland, Scotland, Wales, the Isle of Man, and the Anglo-Saxon kingdoms. It was a battleground for distant powers and dynasties, and its Irish Sea coastline created opportunities for trading and settlement. Silver hoards, burials, and Old Norse place-names attest to the Viking presence, and Scandinavian DNA is detectable amongst the modern population. The 12 integrated studies in this book are designed to reinvigorate the search for Vikings in this crucial region and to provide must-reading for anyone interested in Viking history.

The Viking Age Oct 20 2019 Who were the Vikings, and do they deserve their unsavoury reputation? Through over 100 primary source documents, this fascinating collection weighs the cultural importance and lasting influence of the Vikings.

The Oxford Illustrated History of the Vikings Nov 25 2022 Were the Vikings, as an early description had it, a 'valiant, wrathful, foreign, purely pagan people' who swept in from the sea to plunder and slaughter? Or in the words of a Manx folksong, 'war-wolves keen in hungry quest', who lived and died by the sea and the sword? Or were they unusually successful merchants, extortionists, and pioneer explorers? This book considers the latest research and presents an authoritative account of the Vikings and their age. Excavations as far apart as Dublin and Newfoundland, York and Russia, provide fascinating archaeological evidence, expertly interpreted in this extensively illustrated book.

Sons of Vikings Jan 27 2023 *Sons of Vikings* tells the story of the Viking Age (793-1066 A.D.) through the lives of extraordinary people. Each chapter is a biography of Ragnar Lothbrok, Ivar the Boneless, Bjorn Ironside, Rollo, Brian Boru, Erik the Red, Floki, Leif Erikson, Lagertha, Alfred, Rurik, Sviatoslav,

William the Conqueror, and many other heroes and villains. It provides an understanding of this pivotal historical period in a way that facts and chronologies alone cannot. *Sons of Vikings* is meticulously researched from almost 100 sources but is also not afraid to challenge conventional beliefs and offer new perspectives. It is the perfect introduction for the casual fan of Vikings in television and popular culture but also offers a new take for the well-read history enthusiast. From myths, legends, sagas, and stories, to the most-recent archeology and DNA research, this book brings the Viking Age to life.

Vikings Mar 17 2022 The saga of the Vikings rises and falls on the banks of history, ebbing and flowing with popular opinion and whimsical anecdotes. The Vikings are routinely typecast and labeled anywhere from bloodthirsty tyrants to valiant heroes. They have been condemned as pirates and praised as explorers. We have all heard the stories of the fierce warriors with long ships and horned helmets storming onto the shores of medieval Europe; but who were these men really? Inside you will read about... □ From the Fury of the Northmen □ Retaliation, Royal Ambition, and Bribery □ The Viking Age of Exploration and Expansion □ Tidings from the East □ The End of the Viking Age □ The Vikings Come to Christ □ The Second Viking Invasion This book helps to unravel the mystery. Helping to finally shed the light on why the Vikings abruptly descended onto the world stage in such dramatic fashion, this book begins to explore the motives of the Viking exodus like no other and takes an in depth evaluation of all the geographical, political, economic and religious underpinnings that led the Viking Age.

Vikings Nov 01 2020 This audiobook is an in-depth look at the Viking Age and the deeds and daily lives of these ancient, sometimes mysterious people. The Vikings of Scandinavia were heroic, adventurous, and often barbaric, but there can be no debate that they were also a people with big aspirations. Viking culture is still a topic of interest today, and this offers an insight into just how enduring their legacy is. This audiobook will discuss: Daily life during the Viking Age The cultural and societal norms of the Vikings Conquering raids, explorations, and Viking actions that spanned the globe during their golden era The conversion from paganism to Christianity of the people of Scandinavia The Vikings' enduring legacy in modern times The Vikings were a people of power, brute strength, and industry. Their lasting impression cannot be ignored and deserves our appreciation. Enjoy discovering who these people really were, and how they impact us even still, centuries later.

A History of the Vikings Dec 26 2022 A look at the ancient Scandinavian

peoples.

The Vikings: Facts and Fictions Jul 29 2020 This book explores 11 popular misconceptions about the Vikings. Each chapter looks at a particular misconception, examines how it became popular, discusses what we now believe to be the truth, and provides excerpts from primary source documents. • Examines popular misconceptions about the Vikings • Discusses how misconceptions became popular, providing historical truths contradicting the fictions • Provides excerpts from primary source documents to help readers to understand the transmission of the fictions and to provide evidence for the historical truths • Directs readers to additional print and electronic resources on the Vikings in suggestions for further reading

Vikings and Goths Mar 05 2021 The Vikings descended upon Europe at the close of the 8th century, invading the continent's western seas and river systems, trading, raiding and spreading terror. In the north, they settled Iceland and Greenland and reached North America. In the east, Swedish Varangians established a river road to the Orient. With the collapse of the Viking commercial empire, Sweden and the other Scandinavian countries struggled to survive, their hardships exacerbated by internal strife, foreign domination and the Black Death. This book details the development of Scandinavia—Sweden in particular—from the end of the Ice Age, through a series of prehistoric cultures, the Bronze and Iron ages, to the Viking period and late Middle Ages. Recent research suggests a Swedish origin of the Goths, who helped dismember the Roman Empire, and evidence of Swedish participation in the western Viking expeditions. Special attention is given to Eastern Europe, where Sweden dominated commerce through the conquest of trade towns and the river systems of Russia.

The Vikings and the Victorians Aug 10 2021 The first book-length treatment of C19 fascination with Norse heroes.

The Vikings Dec 14 2021 A comprehensive and thrilling history of the Vikings for fans of the History Channel series, soon to return for its fifth season From Harald Bluetooth to Cnut the Great, the feared seamen and plunderers of the Viking Age ruled Norway, Sweden, and Denmark but roamed as far as Byzantium, Greenland, and America. Raiders and traders, settlers and craftsmen, the medieval Scandinavians who have become familiar to history as Vikings never lose their capacity to fascinate, from their ingeniously designed longboats to their stormy pantheon of Viking gods and goddesses, ruled by Odin in Valhalla. Robert Ferguson is a sure guide across what he calls "the treacherous marches which divide legend from fact in Viking Age history." His long familiarity with the literary culture of Scandinavia with its

skaldic poetry is combined with the latest archaeological discoveries to reveal a sweeping picture of the Norsemen, one of history's most amazing civilizations. Impeccably researched and filled with compelling accounts and analyses of legendary Viking warriors and Norse mythology, *The Vikings* is an indispensable guide to medieval Scandinavia and is a wonderful companion to the History Channel series. "Integrating archaeological, genetic, linguistic, and literary information, Ferguson realizes a Viking history bound to satisfy."

Viking History 3 in 1 Mar 25 2020 A bundle of three audiobooks about the Viking history and mythology. Book One: This audiobook is an in-depth look at the Viking Age, and the deeds and daily lives of these ancient, sometimes mysterious people. The Vikings of Scandinavia were heroic, adventurous, and often barbaric, but there can be no debate that they were also a people with big aspirations. Viking culture is still a topic of interest today, and this offers an insight into just how enduring their legacy is. Book Two: In this audiobook, *Norse Mythology: A Concise Guide to the Gods, Heroes, Sagas, Rituals, and Beliefs of Norse Mythology*, the listener will be transported to the ancient customs of beliefs of the ancient Vikings of the North. This audiobook is dedicated to exploring the gods and goddesses that the Norse worshiped. Book Three: *The Tale of a Viking Warrior King* delves into the mystery surrounding the Viking warrior who conquered European nations and became a king in his own right. Over nine centuries after the death of this great warrior, ancient poems, songs, and sagas about him still remain today. This audiobook considers the facts as we know them, the myths attributed to Ragnar, and the way this iconic heathen from the North continues to impact modern culture today.

Vikings Jul 21 2022 "From the fury of the Northmen, good Lord deliver us." - Anonymous monk, Noirmoutier, France, 9th century AD Beginning in 789AD, the Vikings raided monasteries, sacked cities and invaded western Europe. They looted and enslaved their enemies. But that is only part of their story. In long boats they discovered Iceland and America (both by accident) and also sailed up the Seine to Paris (which they sacked). They settled from Newfoundland to Russia, founded Dublin and fought battles as far afield as the Caspian Sea. A thousand years after their demise, traces of the Vikings remain all the way from North America to Istanbul. They traded walrus with Inuits, brought Russian furs to Western Europe and took European slaves to Constantinople. Their graves contain Arab silver, Byzantine silks and Frankish weapons. In this accessible book, the whole narrative of the Viking story is examined from the eighth to the eleventh centuries. Arranged thematically,

Vikings: A History of the Norse People examines the Norsemen from exploration to religion to trade to settlement to weaponry to kingdoms to their demise and legacy. But today questions remain: what prompted the first Viking raids? What stopped their expansion? And how much of the tales of murder, rape and pillage is myth? Illustrated with more than 200 photographs, maps and artworks, Vikings: A History of the Norse People is an expertly written account of a people who have long captured the popular imagination.

The Vikings and Their Age Feb 16 2022 "The Vikings and Their Age offers a quick overview of the chronology and major themes of the Viking period. Written in an accessible manner, it also provides a great introduction to some of the most interesting and significant figures in Viking lore, such as Harald Bluetooth, Eirik the Red, Leif Eiriksson, and Gudrid Thorbjarnardottir, a female Viking traveller. Insights and evidence from such diverse disciplines as archaeology, philology, linguistics, and genetics are provided.

The Sea Wolves Jul 09 2021 In AD 793 Norse warriors struck the English isle of Lindisfarne and laid waste to it. Wave after wave of Norse 'sea-wolves' followed in search of plunder, land, or a glorious death in battle. Much of the British Isles fell before their swords, and the continental capitals of Paris and Aachen were sacked in turn. Turning east, they swept down the uncharted rivers of central Europe, captured Kiev and clashed with mighty Constantinople, the capital of the Byzantine Empire. But there is more to the Viking story than brute force. They were makers of law - the term itself comes from an Old Norse word - and they introduced a novel form of trial by jury to England. They were also sophisticated merchants and explorers who settled Iceland, founded Dublin, and established a trading network that stretched from Baghdad to the coast of North America. In *The Sea Wolves*, Lars Brownworth brings to life this extraordinary Norse world of epic poets, heroes, and travellers through the stories of the great Viking figures. Among others, Leif the Lucky who discovered a new world, Ragnar Lodbrok the scourge of France, Eric Bloodaxe who ruled in York, and the crafty Harald Hardrada illuminate the saga of the Viking age - a time which "has passed away, and grown dark under the cover of night".

A Brief History of the Vikings Nov 13 2021 'From the Fury of the Northmen deliver us, O Lord.' Between the eighth and eleventh centuries, the Vikings surged from their Scandinavian homeland to trade, raid and invade along the coasts of Europe. Their influence and expeditions extended from Newfoundland to Baghdad, their battles were as far-flung as Africa and the Arctic. But were they great seafarers or desperate outcasts, noble heathens or

oafish pirates, the last pagans or the first of the modern Europeans? This concise study puts medieval chronicles, Norse sagas and Muslim accounts alongside more recent research into ritual magic, genetic profiling and climatology. It includes biographical sketches of some of the most famous Vikings, from Erik Bloodaxe to Saint Olaf, and King Canute to Leif the Lucky. It explains why the Danish king Harald Bluetooth lent his name to a twenty-first century wireless technology; which future saint laughed as she buried foreign ambassadors alive; why so many Icelandic settlers had Irish names; and how the last Viking colony was destroyed by English raiders. Extending beyond the traditional 'Viking age' of most books, *A Brief History of the Vikings* places sudden Scandinavian population movement in a wider historical context. It presents a balanced appraisal of these infamous sea kings, explaining both their swift expansion and its supposed halt. Supposed because, ultimately, the Vikings didn't disappear: they turned into us.

The Book of Viking Myths Jun 27 2020 This fascinating new book reveals the origins of the Vikings—from Thor and Leif Erikson to Loki and the Valkyries—and the tales that have influenced our own lives. For thousands of years, Vikings have held a storied place in our culture—their distinct appearance, their mighty longships, their reputation for causing death and destruction. But who were these strange and mysterious folk? *The Book of Viking Myths* retells the stories of the Viking people, with myths of their gods and goddesses, monsters, and great heroes. From tales of the beautiful and powerful Freyja, to the gold-toothed Heimdallr, to the wolf Fenrir, Peter Archer explores all the figures and tales that make up Norse mythology. Along with these legends of seafaring, dwarves, giants, and the exploits of Thor, you will also discover the influences that Viking culture has had on our own lives. It's a true exploration of Nordic culture—and a glimpse into the history and lore of these fabled Nordic warriors.

A History of the Vikings Feb 04 2021 First published in 1968

What an exciting book this is! Make sure you buy a copy today so you can start reading right away.

[The Age of the Vikings](#) Apr 06 2021 A major reassessment of the vikings and their legacy The Vikings maintain their grip on our imagination, but their image is too often distorted by myth. It is true that they pillaged, looted, and enslaved. But they also settled peacefully and traveled far from their

homelands in swift and sturdy ships to explore. The Age of the Vikings tells the full story of this exciting period in history. Drawing on a wealth of written, visual, and archaeological evidence, Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage. He not only explains the Viking attacks, but also looks at Viking endeavors in commerce, politics, discovery, and colonization, and reveals how Viking arts, literature, and religious thought evolved in ways unequalled in the rest of Europe. The Age of the Vikings sheds new light on the complex society, culture, and legacy of these legendary seafarers.

The Vikings May 19 2022 Highlighting the latest archaeological evidence, Julian Richards reveals the whole Viking world: their history, society and culture, and their expansion overseas for trade, colonization, and plunder.
