Donovan Chase is a privileged, popular seventeen year old who finds himself amidst a throng of

homeless youth insurgents set against a corrupting American government in the wake of a third world war. After meeting the extremely independent Zhi, and a mysterious girl named Zoe who immediately catches his eye, he is forced to make the decision to return to his old life or to join the two. When the group finds out about a secret government agency known as the NCDC, he and his new friends take on the daunting task of restoring the US to its former glory, and attempting to establish what 'One Nation Under God' really is. Following a cross-country journey that takes him from boy to man, Donovan must face himself and learn the skills that it takes to become a leader and to learn to value what is truly important in life. On the journey, the group rallies together like-minded young individuals as the NCDC makes power plays and the nation begins to slowly self-implode. The US is not the only nation at play, however, as alliances are made, lines are drawn, and treaties take place around the world making war inevitable. War Thr3e is a contemporary, action packed saga that follows the title character from riches to rags to becoming the leader of a third world war. Book 9 of Se7en Deadly SEALs While playing in the championship softball game, star pitcher KT Sutton blacks out and awakes to a changed world where the roles of academics and sports at her

middle school have flipped, making talented athletes, such as KT, outcasts and brainy nerds popular. A freak storm has spawned three tornadoes that are bearing down on the town of Summerville. Yet under the cover of the storm looms a much more ominous threat: A vindictive killer known as Red who's left a string of victims in his wake and is now bent on exacting his final revenge on the unsuspecting town. But there is an enigma surrounding Red that the FBI is unwilling to admit—closely guarded secrets of something gone terribly wrong beneath the skin of Summerville. Secrets that will destroy far more than one small town. Wendy Davidson is caught in the middle. She's a recovering cult survivor who takes refuge in Summerville on her way to visit her estranged mother. And with her, four strangers, any of whom could be the next victim . . . or the killer. Two stranded couples find shelter in an inn but find themselves trapped in a game with rules setting up a life-or-death situation. An Adrenaline-Laced Epic Where Dreams and Reality Collide. Fleeing assailants through deserted alleyways, Thomas Hunter narrowly escapes to the roof of a building. Then a silent bullet from the night clips his head . . . and his world goes black. From the blackness comes an amazing reality of another world where evil is contained. A world where

Thomas Hunter is in love with a beautiful woman. But then he remembers the dream of being chased through an alleyway as he reaches to touch the blood on his head. Where does the dream end and reality begin? Every time he falls asleep in one world, he awakes in the other. Yet in both, catastrophic disaster awaits him . . . may even be caused by him. Some say the world hangs in the balance of every choice we make. Now the fate of two worlds hangs in the balance of one man's choices. This interdisciplinary study examines the still vivid phenomenon of the most controversial psychiatric diagnosis in the United States: multiple personality disorder, now called dissociative identity disorder. This syndrome comprehends the occurrence of two or more distinct identities that take control of a person's behavior paired with an inexplicable memory loss. Synthesizing the fields of psychiatry and the dynamics of the disorder with its influential representation in American fiction, the study researches how psychiatry and fiction mutually shaped a mysterious syndrome and how this reciprocal process created a genre fiction of its own that persists until today in a very distinct self-referential mode. THR3E, a compilation of three very different stories all with two things in common, mystery and suspense. Each of these thrillers weave

a wicked tale of murder, deceit and betrayal while shifting you in every direction at once. If you're a fan of suspenseful thrillers, you're going to love what happens at "Fingers Reach." There's Often a Fine Line Between a Criminal and a Saint Constable Jackson Forge intends to make the world safer, or at least the streets of Victorian London. But that's Kit Turner's domain, a swindler who runs a crew that acquires money the old-fashioned way—conning the rich to give to the poor. When a local cab driver goes missing, Jackson is tasked with finding the man, and the only way to do that is by enlisting Kit's help. If Jackson doesn't find the cabby, he'll be fired. If Kit doesn't help Jackson, he'll arrest her for thievery. Yet neither of them realize those are the least of their problems. This encyclopedia presents informed essays on close to 100 of the American, Canadian, and British writers whose works have significant Christian themes. To be included, authors must have written in the last 60 years and must maintain a Christian "worldview." Although the author defines this worldview in light of six assumptions about God and Jesus, she mentions that a number of the writers profiled reject one or more of the assumptions. --from publisher description. This book introduces a new conceptual category to philosophical and political discourse, namely

Hecate-isms, which can be applied to post-postmodernist theory. This concept is defined here as resulting from the philosophical and political mechanisms of the rule of three, and as representing a tri-phase construction of homo triplex, including elements such as prosperity–security–freedom and distance–power–security. The book will appeal to the wider academic community, to PhD students, professors, and researchers with an interest in political philosophy, political science, postmodern philosophy, and cultural studies. A collection of poems by the Iranian-born poet and novelist, set in the dark and vast landscapes of Southern California, the world of natives, immigrants, on the edges of life, marginal and still. Its the must-have collection of poetry for the 21st-century... Thr3e is a proven, Biblical model of three "characters" that are needed for success in every area of life: The Leader The Learner and The Lifter. This mode of discipleship and mentorship is seen throughout scripture and in the life of almost every world leader that ever rose to power. It's an easy concept to grasp - yet one that many have failed to utilize by placing the people in their lives into wrong categories of connection. In the book "Thr3e" you will be able to evaluate the relationships you have with others, as well as learning the people you should be seeking out to live

your best life now. You'll discover the strategy God had used from the beginning of time, in Jesus' ministry and the early church to grow a team that changes the world. Living out this model of discipleship doesn't require a degree in theology or a Bible Study course - it is simply following God's example for leadership and discipleship by fulfilling your call in other's lives, and seeking out those who are called to fulfill a mandate in your life as well. A famine relief expert, a Canadian Red Cross nurse, and an Ethiopian orphan experience the power of the Holy Spirit and ignite a spiritual revolution.

As the number of victims increases, a major investigation team battles to unravel a deadly puzzle which, appears to have links to a series of historic murders from the 90's. In 1995, Peter Moore

owned and operated the cinema in Holyhead. It is thought he assaulted over 40 men and he was arrested and charged with four murders, which he'd committed in as many months. He was jailed for life in 1996 and is still the only recorded Welsh serial killer. Fast forward to today and Detective Inspector Alan Williams is investigating a series of murders with uncanny similarities to the Peter Moore attacks. Is there a copycat on the loose or are the murders connected to the local underworld, which controls the supply of narcotics across North Wales and the North West? Finding a motive, is the challenge he might not win. ALL THE TIME THEY'RE TRACKING THE KILLER, THE KILLER IS STALKING THEM... A nightmare world begins for Kevin, a young seminarian, when he receives a cell phone call from an unknown man directing him to confess his sin to the world in three minutes or be blown to bits. This richly informed study analyzes how various cinematic tools and techniques have been used to create horror on screen--the aesthetic elements, sometimes not consciously noticed, that help to unnerve, frighten, shock or entertain an audience. The first two chapters define the genre and describe the use of pragmatic aesthetics (when filmmakers put technical and budgetary compromises to artistic effect). Subsequent chapters cover mise-en-scene, framing, photography, lighting, editing and sound, and a final chapter is devoted to the aesthetic appeals of horror cinema. "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime.

Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He

enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power. Three: Enter a world where nothing is what it seems. Where your closest friend could be your greatest enemy. Kevin Parson is driving his car late one summer day when, suddenly, his cell phone rings. A man who identifies himself as Slater speaks in a breathy voice: You have exactly three minutes to confess your sin to the world. Refuse, and the car you're driving will blow sky high. Kevin panics. Who would make such a call? What sin? Kevin ditches the car. Precisely three minutes later, a massive explosion sets his world on a collision course with madness. That man is Roth Braun, a serial killer who has been waiting for Stephen for thirty years. Roth was stopped once before. This time nothing will get in his way. Known worldwide for

page-turning, adrenaline-laced thrillers, Dekker raises the stakes in this story of passion, revenge, and an all-consuming obsession for the ultimate treasure. He will be the killer's first Adam. After sixteen hopeless months, the case takes a drastic turn on a very dark night when Daniel is shot and left for dead. Resuscitated after twenty minutes of clinical death,

And Daniel's obsession explodes into a battle for his life . . . his sanity . . . his very soul. Enter a world of death and near death that blurs the lines between fiction and reality in a way that will leave you stunned. "The detail is stunning, pointing to meticulous research in FBI methods, forensic medicine, and psychological profiling. We have to keep telling ourselves that this is fiction.
