When Arie reveals her Gift, she thinks the worst is over. But she couldn't be more wrong. The only one who can save her now is a mermaid named Rena. Rena is the youngest daughter of the Sea King, and she's dreamed of the surface for years. But her first visit on her 16th birthday isn't what she expects. She watches a Jinni fall from the sky—and chooses to save him, despite her mother's warnings that all Jinn are evil. Once she meets Gideon, she can't get him out of her mind. And maybe, with a little help from Arie and some magic of her own, she doesn't have to... The Jinni Key is a loose "Little Mermaid" retelling. Set in a world that humans share with mermaids, dragons, and the elusive Jinn, this is not the fairytale you remember... If you enjoy fantasy worlds, magical races, and surprising spins on classic fairy tales, then you'll love this enchanting retelling of The Little Mermaid. WHAT READERS ARE SAYING: "There was very little that I predicted, when there was a moment of loss I truly felt it, and I loved the unique spins she placed on the well-known THE LITTLE MERMAID tale." Rachael Martin (Goodreads Reviewer) "I went into this story super excited to find out more about Rena and Arie, and I was left unable to wait for the next book! I seriously read this book in one sitting (which left everything aching, but so worth it!). I absolutely loved The Stolen Kingdom, and book two did not disappoint. The Jinni Key's world-building was actually one of my favorites, so complex and detailed and very fun." Sarah Sutton (Goodreads Reviewer) "I couldn't even put the book down because I had to know what happened... These are the kind of retellings that I love because while the base story is weaved in there lightly the story doesn't rely on The Little Mermaid. It goes so far past that and you are invested in everything that is happening..." Katelyn Spedden (Goodreads Reviewer) "There is so much action going on in this book and as the story moved on, the stakes kept getting higher and higher - I couldn't put it down (read it in a few hours) and I can't wait to read the next book in the series!" Elira Barnes (Goodreads Reviewer) "This was an amazing second book! All of Bethany's hard work paid off ten fold! I loved how all the relationships developed and all the animal moments. I especially love Rena and her quirky personality. She makes an amazing POV character." Andrea Roberts (Goodreads Reviewer) "Once again, Bethany Atazadeh takes some risks with this Little Mermaid retelling and mixes in a lot of original story and world elements, along with engaging characters to make it an intriguing and magical read that I was sad to see end." Janine (Goodreads Reviewer) "I loved finding out what happens next. I'm excited and am definitely going to read the third book. Captivating story." Table of Contents Introduction It Is All His Fault! But I Married Too Young... Self-Justification Criticism and Contempt Escalation of the Situation The Silent Treatment Do NOT Bring Me Flowers Anymore The Importance of Physical Intimacy in a Successful Marriage Conclusion Author Bio Publisher Introduction All these years happily married and still going strong... Once while I was training under a psychologist, she told me that in her particular country, nobody had ever heard of marriage counseling, because the option of divorce, a couple splitting up was unheard of, in their culture, traditions, and upbringing. For them, marriage was a once-in-a-lifetime proposition, to be ended only after "till death do us part." And even then, many partners did not marry again, because they still considered themselves married to their spouses, even after becoming a widow or widower. I also have been brought up in such a supposedly old-fashioned milieu, and society, naturally thanks to our upbringing, culture, and one may almost say old-fashioned traditions, for every one of us, marriage is once and forever, and never ever to be broken up under any circumstances. So it was with great surprise, that I began to see the trend of divorces gaining popularity, because that had become a modern fashionable option, and if so many people in the West were doing it, this was of course the best way of getting out of a partnership which one had begun considering to be a bit of a drag, and look for more exciting options elsewhere. Sadly enough, you are going to be surprised to know that statistics say that 27% of married American men are going to have an extramarital affair, just because it happened and they could not control it. Isn't it interesting to know that just three generations ago, their own grandparents considered extramarital affairs to be a thing of shame, not a thing of which a virtuous responsible father or husband did, and faithfulness was a part of his principles, upbringing, tradition, and culture. He believed in his marriage vows. And so did his wife. And using him as an example, his children followed in his steps. But then suddenly in the 70s, 80s, and 90s, it began to be fashionable to divorce and marry again, not understanding about the emotional, psychological, spiritual, physical, and mental trauma this would have on all the members of the family, parents, and children. Step-by-step instructions for making such handicraft items as a huffel hat, flibbers, and limp lamps. The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author" "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows. From zines you can fold in a minute to luxurious leather journals and sumptuous sketchbooks, How to Make Books will walk you through the easy basics of bookmaking. In *To Make a Difference*, Montreal entrepreneur and philanthropist Morris Goodman shares his personal and professional prescription for success and enduring happiness. Born in 1931 in Montreal to Ukrainian immigrants during the worst days of the Great Depression, Goodman recounts the events, strategies, and lucky breaks that led to a thriving company and a life of philanthropic accomplishments. From his first job as a pharmacy delivery boy to his graduation from the University of Montreal's Faculty of Pharmacy - when he had already started his own pharmaceutical company - through the crucial moments that created an international business, Goodman depicts stirring accounts of Montreal's Jewish community and the development of the global pharmaceutical industry. Along the way, he presents vivid, generous portraits of colleagues and business collaborators. *To Make a Difference* is a powerful rags-to-riches story but it is also much more - it is a heartfelt, candid, and inspiring exploration of what makes our lives rich, what we value, and why. My name is *How To Make A Billion Leones From Home*, and I am a book. Not any old book. A special book! I am special; not because I was written to make you wealthy, which I was. Ohh no! I have the special distinction of having been written with Sierra Leone in mind. You see, relative to the total number of books written every year, not many books are written with Sierra Leone in mind. So, I am chuffed to be alive and in your hands right now. Really chuffed!!! You give me life! "An exceptionally relevant book for this age of activism." Bob Geldof With a foreword by Kofi Annan, former Secretary-General of the UN (1997-2006). *How to Make a Difference* is a practical roadmap to modern day activism created by the powerful and imaginative minds behind the world's biggest campaigns including Colin Kaepernick, Emma Watson, Sir Bob Geldof, Fatima Bhutto, Black Lives Matter, Doutzen Kroes, Yeonmi Park, Terry Crews, Cher, Matt Damon, Paul Polman and Gina Miller; collectively they combine the latest models of thinking, their real life experiences, radical techniques and effective advice in order to help incentivize everyone and anyone who has ever wondered, how can I help?
