People I Want to Punch in the Throat Feb 23 2023 NATIONAL BESTSELLER • A debut collection of witty, biting essays laced with a surprising warmth, from Jen Mann, the writer behind the popular blog

People I Want to Punch in the Throat People I want to punch in the throat: • anyone who feels the need to bling her washer and dryer • humblebraggers • people who treat their pets like children Jen Mann doesn't have a filter, which sometimes gets her in trouble with her neighbors, her fellow PTA moms, and that one woman who tried to sell her sex toys at a home shopping party. Known for her hilariously acerbic observations on her blog, *People I Want to Punch in the Throat*, Mann now brings her sharp wit to bear on suburban life, marriage, and motherhood in this laugh-out-loud collection of essays. From the politics of joining a play group, to the thrill of mothers' night out at the gun range, to the rewards of your most meaningful relationship (the one you have with your cleaning lady), nothing is sacred or off-limits. So the next time you find yourself wearing fuzzy bunny pajamas in the school carpool line or accidentally stuck at a co-worker's swingers party, just

think, What would Jen Mann do? Or better yet, buy her book. Praise for *People I Want to Punch in the Throat* “*People I Want to Punch in the Throat* is so good that it’ll make you want to adopt all the cats in the world. I’m not sure about the correlation, but it’s that good. It should come with a warning.”—Jenny Lawson, author of *Let’s Pretend This Never Happened* “Jen Mann has an amazing way of telling stories that will make you cringe and burst out laughing at the same time. From swinger parties to racist toddlers, she makes the suburbs unbelievably funny.”—Karen Alpert, author of *I Heart My Little A-Holes* “Jen Mann says the things we’re all too afraid to say. Her honest and hilarious writing style reminds me of David Sedaris and Tina Fey.”—Robin O’Bryant, author of *Ketchup Is a Vegetable: And Other Lies Moms Tell Themselves* “Jen Mann’s shrewd and unrelenting assault on the absurdity of suburban life is an honest peek into the occasional

nightmare that is part of living the American dream. I love Jen. I wish she was my neighbor. It’s so refreshing to know that I’m not the only one who wants to punch almost everyone in the f***ing throat.”—Nicole Knepper, author of *Moms Who Drink And Swear* [Spending the Holidays with People I Want to Punch in the Throat](#) Jan 22 2023 For fans of Laurie Notaro and Jenny Lawson comes an uproarious and oddly endearing essay collection for anyone trying to survive the holidays in one piece. When it comes to time-honored holiday traditions, Jen Mann pulls no punches In this hilariously irreverent collection of essays, Jen Mann, nationally bestselling author of *People I Want to Punch in the Throat*, turns her mordant wit on the holidays. On Mann’s naughty list: mothers who go way overboard with their Elf on the Shelf, overzealous carolers who can’t take a hint, and people who write their Christmas cards in the third person (“Joyce is enjoying Bunko. Yeah, Joyce, we know you

wrote this letter.”). And on her nice list . . . well, she’s working on that one. Here, no celebration is off-limits. The essays include: • You Can Keep Your Cookies, I’m Just Here for the Booze • Nice Halloween Costume. Was Skank Sold Out? • Why You Won’t Be Invited to Our Chinese New Year Party From hosting an ill-fated Chinese New Year party, to receiving horrible gifts from her husband on Mother’s Day, to reluctantly telling her son the truth about the Easter Bunny, Mann knows the challenge of navigating the holidays while keeping her sanity intact. And even if she can’t get out of attending another Christmas cookie exchange, at least she can try again next year. Praise for *Spending the Holidays with People I Want to Punch in the Throat* “Mann’s writing has transcended from witty anecdotes and complaints to notable satire. Hidden among the many laugh-out-loud zingers are lessons on how we relate to each other, and how ridiculous parenting culture

has become.”—Associated Press “Following the success of her first book, she is now punching throats at holidays, starting from her being age two and continuing to the present, where she is a harried mother bemoaning not just Christmas but all holidays. . . . Harried holiday haters will chuckle and perhaps see themselves somewhere in Mann’s lifetime dislike of and misbehavior during America’s increasingly commercialized celebrations.”—Booklist “The cure for my cold holiday spirit this year is the sidesplitting new book by Jen Mann. . . . Mann delivers her signature punch lines and sharp critique on the oftentimes ridiculous shenanigans of the modern family. Her ability to make an otherwise boring subject come alive with colorful personalities, biting sarcasm, and impressively astute observations on suburban culture is what makes Mann so much fun to read and so easy to relate to.”—The Huffington Post “A lighthearted, laugh-out-loud book . . . with a feel of

peeking into a diary.”—Mommy’s Memorandum “It really does make you laugh out loud.”—Shooting Stars Mag “A quick and delightful read that you can sneak in right before bed or when the kids are finally napping.”—FangirlNation “Grab a cup of hot cocoa, sit back and enjoy Jen’s latest collection of humorous rants dissecting the ‘most wonderful time’ of the year. She unleashes her biting wit and hilarious opinions on everything from cookie exchanges to annual humblebrag Christmas letters from overachieving moms to horrifying Christmases of her childhood.”—Creating Serenity “[Mann] has really mastered the short story format. . . . She packs the maximum amount of funny into the fewest words, and many of these essays are downright hilarious. . . . If you’ve read and liked her other books, you will definitely want to read this one, too.”—Bug Bug Book Reviews

Working with People I Want to Punch in the Throat May 14 2022

If you've ever toiled away in a cubicle or sat through the third meeting your

boss scheduled to plan another meeting, then you can relate to this book. This is the third book in Jen Mann's New York Times best-selling People I Want to Punch in the Throat series and it will not disappoint. This is the book you'll want to accidentally on purpose leave on the desk of that blowhard in marketing. This is the book you'll just happen to drop next to the microwave in the break room hoping that Jan in accounting reads it before she reheats last night's smelly leftovers for lunch. This is the book you'll mail anonymously to your micromanaging boss with certain passages highlighted. The Punch List: Company-wide happy hours. I barely want to work with you. I definitely don't want to have a beer with you. The Ivy Leaguers. You do know every sentence doesn't have to start with, "When I was at Princeton..."? The martyrs. You get sick days-use one. Stop dragging your sniffling, snorting, coughing, sneezing ass to work and infecting the rest of us. You're not that important. Advance Praise for

Working with People I Want to Punch in the Throat: "I'm grateful to all of the people Jen Mann writes about in this book—the condescending managers, undermining editors, the plastic surgeon who helpfully offered free operations during a job interview, and the boss who fired her with a Post-It Note—because they made her into the rage-filled writer we all know and love." - Jancee Dunn, author of How Not to Hate Your Husband After Kids "I connected with Jen Mann's book more deeply than I'm comfortable with. It was brilliant and gross and hilarious and heartwarming and then hilarious again. I literally couldn't put it down. For what it's worth, the only book before this one that I read in one sitting without a break was Dances with Wolves. Don't judge me." - James Breakwell (@XplodingUnicorn), author of Only Dead on the Inside: A Parent's Guide to the Zombie Apocalypse

Punch in the Face. Lined Notebook

The Hardest Punch in the

World Nov 20 2022 The

Hardest Punch in the World

(formerly known as 'The

Punch!)

is the complete

scientific break down of what a

punch is. Interestingly, nobody

actually knows what a punch

is. This includes boxers and

martial artists of all styles and

disciplines. For instance:

people say it is how hard you

hit a person, or some such

thing. The fact of the matter is

that this definition is only a

shadow of the real definition; it

is not correct. What is even

more interesting is that once

people read the correct

definition they immediately

begin punching harder. The

incorrect definition actually

holds people back, it makes

them train in the wrong way,

so they never really achieve the

hardest punch possible. In this

book the author not only

defines the punch, but he goes

into the exact sequence of

training methods that will build

a punch of unimaginable

power. The exact sequence of

things a student has to know include the knowledge of and exact training drills for: Breaking The Fire Punch The Paper Punch The Water Punch The Sand Punch The Empty Punch The Pulsing Punch The Power Punch Less Means More If a martial artist fails to understand the physics behind these concepts, or is missing even one drill, his punch is immeasurably weakened, and he will never achieve his true 'one punch knock out' ability. Included in the book are several matrixes to help the student train, the real reason people hold themselves back, why a thousand punches might be thrown in a fight, but only one (the last 'knock out' one) is real, and more. Of most importance is the manner in which the author completely de-mystifies the concept known as 'Chi power.' About the author: Al Case began martial arts in 1967, and studied such martial arts as Kenpo, Karate, Wing Chun, Northern Shaolin Ton Toi, Southern Shaolin Fut Ga, Pa Kua Chang, and Tai Chi Chuan. He is the originator of

Matrixing (the first and only science of the martial arts) and of Neutronic Martial philosophy.
