That is, until the town's queen of entertainment dies, and Abby James buys her antique Louis XV commode. The first night Abby takes possession of the commode, it's stolen. Joined by her sweet-obsessed English Mastiff, who she's named Baker, Abby is on the hunt to get back her Louis! Abby knows "who done it," but she has to catch the thief in possession. The heat is on with midnight chases through cornfields, police standoffs with a monkey wrench, and an impromptu festival at an arrest. "It's Christmas in New York, but holiday cheer is in short supply for homicide detective Abbot Chase. On the night of tenor Amado Sandoval's triumphant return to the stage, a body has been found in the costume shop at The Metropolitan Opera. The evidence takes Abby too close to home for comfort. To make matters worse, Sandoval hasn't been entirely honest with her about his relationship with the victim. As she struggles to manage her personal and professional lives, [Abby] gets an unexpected gift: her ex-husband is released from jail"--Cover. Covering over ten thousand phrases, including "bite the bullet," "take the cake," and "buy the farm," a reference on common American vocabulary and idiomatic expressions defines each entry and provides a contextual sentence. This thesis questions whether it is possible to locate a boundary between gift and bribe that can survive comparison across cultures and history. This question is addressed in a multidisciplinary way, engaging the literature on the current use and the history of the language of bribery, studies of gifting and reciprocity, and the anthropological and philosophical literature on

relativism. The approach is non-linear--like a hound on a chase, stopping in medieval England, ancient Athens and various societies in the modern world. It is concluded that if there is a universal gift/bribe boundary, it is likely based on a norm of reciprocity rather than on a foundation of assumptions that incorporate modern capitalism and Weberian bureaucracy. This implies that global anti-bribery initiatives, as presently conceived, are ill founded. An alternative account, founded on reciprocity and conventionalism, is postulated as a more secure foundation for locating a gift/bribe boundary. When Ella accidentally releases her father's championship rabbit, he leads her on a merry chase. Cam Madden had a good job and a carefree bachelor lifestyle when he impulsively tried out for the police academy of the Las Vegas Metropolitan Police Department. Now that he's mastered the theories of law enforcement in the academy, his education in its realities begins with field training and an ugly suicide call. Learning the lessons of the street leaves scars on Cam's ego and more on his body, but it's even tougher on his relationships with women. It doesn't matter until he falls for Karrie May, a paramedic, whereupon making it work becomes all-important. One Cop's Journey is in a sense every cop's journey, the story of finding his own place in a company of heroes, even if that company contains a disturbing proportion of bureaucrats, office politicians, and layabouts. Somehow the finest and the flawed manage to work together well enough to keep the barbarians at bay. Every Day. While trying to escape the unwelcome attentions of a drunken squire, impetuous Francine Elizabeth Powell asks the rakish Earl of Ransome to kiss her. He complies--and he's smitten, but Francine doesn't believe it. Now it's a merry chase that could turn a rake into a fool with a broken heart or turn a brazen tomboy into a blushing bride. When Lord Royce Van Cleef decides to settle down and marry, he wagers his friends that he'll be able to talk any woman into marrying him within a fortnight. Royce's friends take on the wager and pick the perfect foil for their overly confident friend--Laurel Simmons, beautiful, charming, and very, very peeved when she finds she has been targeted by the arrogant Lord Van Cleef. Delightful Blend of Love and Laughter in Turano's Sophomore Novel Miss Arabella Beckett has one driving passion: to help the downtrodden women of America. Naturally, she supports the women's suffrage movement and eagerly attends rallies and lectures across the country. On her travels, she makes a simple offer of assistance to a young woman in need that goes sadly awry and lands both ladies in more trouble than they can manage. An independent sort, Arabella is loath to admit she needs help and certainly doesn't need help from an arrogant, narrow-minded knight in shining armor. Mr. Theodore Wilder, private investigator extraordinaire, is on a mission. A mission that began as a favor to his good friend Hamilton Beckett, but swiftly evolved into a merry

chase across the country. By the time he finally tracks down Hamilton's sister, Arabella, he is in a less than pleasant mood. When the lady turns out to have radical ideas and a fiercely independent streak, he soon finds himself at his wit's end. When they return home to New York, circumstances force their paths to continue to cross, but the most peculiar feelings growing between them certainly can't be love. When the trouble Arabella had accidentally stirred up seems to have followed her to New York and threatens her very life, the unlikely couple must face the possibility that they might have landed in the most peculiar circumstance of all: love. The Lindsey Mountain Massacre was the stuff of legend—the spine chilling, wicked-cruel kind of story that evil-humored folk like to share on a dark and moonless night. It held all the makings of a fine and frightful tale, a blustering blizzard of a winter storm, a candlelit, backwoods mansion in the heart of the Blue Ridge Mountains, a Christmas Eve celebration in the year of nineteen and one, good folk killed by a vengeful haint... or a rabid bear—depending on who was doing the telling. Truth be told, no one ever really found out exactly what did happen or why, nor even realized just how far from the truth all their old stories fell... 'til more than a century later, when folks 'round Lindsey started mysteriously disappearing and dying...and the ancient ones returned. From the nevermore mists, lost among dark realms of nothingness and myriad points of twinkling light, in a place that had never really been before or since, the Fates appeared, and with caprice and whimsy created all that followed as unscripted players on a stage designed for no more mind or purpose than to lessen the burdens that neverending eons of time lay upon the creators themselves. Vampiri, Sorceri, Faielri, Demorni...four distinct races, each imbued with a different bit of life and gnosis drawn from their creator's very souls—each with a Magick all their own. Each, in turn, allowed to play their own unique roles upon this wondrous stage and reign over all its beasts before fading away into an eternal life within the Paths of Mist. Each leaving the world, with their passing, a little less perfect, a little less Magick, a little dirtier, a little plainer...a little less desirable than before. This is the tale of three who dared defy the Fates...and the humans who paid the price. www.1stWorldLibrary.ORG - - It was the last of May in the north of England, in the year 1209. A very different England from what any boy of to-day has seen. A chilly east wind was blowing. The trees of the vast forests were all in leaf but the ash trees, and they were unfolding their buds. And along a bridle-path a few miles southwest of York a lad of fourteen was riding, while behind him followed a handsome deerhound. A boy of fourteen, at that age of the world, was an older and more important personage than he is to-day. If he were well-born he had, generally, by this time, served his time as a page and was become an esquire in the train of some noble lord. That this lad had not done so was because his uncle, a prior in whose charge he had been reared since the early death of his parents, had designed him for a priest. Priest, however, he had declined to be, and his uncle had now permitted him to go forth unattended to attach himself as page to some lord, if he could. The Flying Dutchmen Whether you are a Civil War buff or a fan of dramatic historical Fiction, The Flying Dutchmen will keep you enthralled. Thoroughly researched, yet told with humor and emotion, The Flying Dutchmen is the story of Fernando Suhrer, who though betrothed to the lovely Eva Plotts, reluctantly enlisted in the ill-fated 107th Regiment of Ohio Infantry. Scorned as cowards by the rest of the Army and the public, the Dutchmen of the Eleventh Corps fought heroically against impossible odds, suffering tremendous casualties. The Flying Dutchmen is as much of a story of love, separation, friendship and tragedy as it is a history of unsung heroes of the war. "Surreal, stunning, heart warming and magnificent." "The Flying Dutchmen takes no time in

whisking the reader on an adventure that will leave you wanting more."
