Predictable Success Feb 09 2022 Presents advice on ways to inspire confidence in management and achieve lasting success in an organization.

Assessment in Education Jun 20 2020 This book provides key insights into how educational leaders can successfully navigate the turbulence of political debate surrounding leading student assessment and professionalised practice. Given the highly politicised nature of assessment, it addresses leaders and aspiring leaders who are open to being challenged, willing to explore controversy, and capable of engaging in informed critical discourse. The book presents the macro concepts that these audiences must have to guide optimal assessment policy and practice. Collectively, the chapters highlight important assessment purposes and models, including intended and unintended effects of assessment in a globalised context. The book provides opportunities to explore cultural similarities and particularities. It invites readers to challenge taken-for-granted assumptions about ourselves and colleagues in other settings. The chapters highlight the cultural clashes that may occur when cross-cultural borrowing of assessment strategies, policies, and tools takes place. However, authors also encourage sophisticated critical analyses of potential lessons that may be drawn from other contexts and systems. Readers will encounter challenges from authors to deconstruct their assessment values, beliefs, and preconceptions. Indeed, one purpose of the book is to destabilise

certainties about assessment that prevail and to embrace the assessment possibilities that can emerge from cognitive dissonance.

The Introverted Leader Mar 10 2022 "50% of the U.S. population aged 40 and older test out to be introverts, as do 40% of top executives. Jennifer Kahnweiler's The Introverted Leader was one of the first books to offer this staggeringly large audience the tools to effectively lead with this common disposition. In our outgoing, type A business culture, introverts can feel excluded, overlooked, or misunderstood, their reticence mistaken for reluctance, arrogance, or even lack of intelligence. But Jennifer Kahnweiler shows that not only can introversion be managed, it can even be a source of strength in the workplace. This second edition is thoroughly revised with two new chapters and has increased attention to diversity and unconscious bias in organizations. Diversity of styles and temperaments, in addition to more traditional aspects of diversity like race and gender, are increasingly important to companies. This book still remains a highly practical leadership guide for introverts"--

Self-leadership Jun 13 2022

The 5 Levels of Leadership Feb 15 2020 Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team

that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

How Leaders Can Inspire Accountability May 20 2020 Leadership development consultant Michael Timms has discovered three powerful habits that not only make one a better leader, but also encourage those they lead to take greater accountability themselves. Using a compelling combination of teaching principles and illustrations backed by loads of scientific studies, Timms reveals three habits of personal accountability that are easy to implement and which can instantly begin transforming positional leaders into true leaders who inspire everyone to take more accountability for results.

The Leadership Test Feb 21 2023 The author has done a masterful job turning the complex, seemingly genetic leadership characteristic into an understandable, reachable goal for anyone

to strive for. A powerful approach for all leaders to examine their performance.

Everything School Leaders Need to Know About Assessment Jan 28 2021 With plain language and practical examples, Popham covers key understandings for school leaders, including validity, formative assessment, interpreting test results, instructional sensitivity, and more.

Business Evolves, Leadership Endures May 12 2022 Featuring interviews with top CEOs and business leaders, this book helps readers identify the enduring leadership traits that consistently garner success.

The Mindful Leader Apr 30 2021 The ultimate guide to becoming an extraordinary leader – while finding happiness, gaining authenticity, and banishing stress Integrating proven mindfulness practices and world-class leadership theory, The Mindful Leader is the essential guide for self-aware leadership. The book simplifies mindfulness principles and links them solidly to business benefits. It provides a practically-grounded template for leaders to develop unprecedented levels of self awareness, wellbeing and effectiveness. Research findings throughout the book detail the positive impact of mindfulness from the perspectives of brain science, psychology and leadership. International case studies from a variety of industries illustrate the everyday implementation of mindful leadership. You'll learn easy mindfulness practices that you can implement today and a practical framework for everyday mindful leadership. You'll also be given access to online resources for vision reflections, values clarification, mindfulness practices and more. Mindful leadership is a hot

topic – but it's not as simple as "when you become mindful, great leadership will spontaneously happen." This book serves as both mindfulness training and leadership training, clarifying the parallel while guiding you through the many points of intersection. Improve your leadership skills via context-specific mindfulness practices Learn mindfulness from a practical perspective, with real workplace skills Discover how leaders from around the world practice mindful leadership every day Understand the neuroscience link between mindfulness and great leadership Learn practices that deliver a deeper sense of integrity, authenticity, fulfillment and bottom-line results improvement Mindfulness provides real, practical tools for self-awareness, mental wellbeing, stress reduction and more. When practiced through a leadership lens, it becomes much more than just another leadership guide. Mindfulness transforms leadership as a whole, delivering real, lasting change that transcends typical leadership training. For a clear, concise framework of mindfulness at work, The Mindful Leader is the ideal guide for those serious about effective, sustainable leadership.

The Leadership Code Jun 01 2021 What makes a great leader? It's a question that has been tackled by thousands. In fact, there are literally tens of thousands of leadership studies, theories, frameworks, models, and recommended best practices. But where are the clear, simple answers we need for our daily work lives? Are there any? Dave Ulrich, Norm Smallwood, and Kate Sweetman set out to answer these questions—to crack the code of leadership. Drawing on decades of research experience, the authors conducted extensive interviews with a variety of respected CEOs, academics, experienced executives, and seasoned consultants—and heard the same five essentials repeated again and again. These five rules became The Leadership Code. In The Leadership Code, the authors break down great leadership into day-to-day actions, so that you know what to do Monday morning. Crack the leadership code—and take your leadership to the next level.

Leadership Assessment for Talent Development Nov 18 2022
For professionals responsible for talent management and development, assessing competence and capability is crucial, especially in relation to recruiting the right leader. Yet talent professionals can also use leadership assessment as a positive and powerful talent development tool. Leadership Assessment for Talent Development goes beyond recruitment to position assessment as a central, strategic activity. It demonstrates how to apply a connected process that accelerates behavioural change areas and facilitates the engagement and enabling of in-house talent. This practical, forward-looking book uses authentic, engaging case studies to show how the principles of leadership

assessment can work in practice. It is an essential companion for HR and talent professionals in any field who want to equip their company with the talent it needs to be fit for business success.

Your Leadership Legacy Oct 17 2022 You should worry about your legacy later in your career, at the edge of retirement—right? Not according to Robert Galford and Regina Maruca. In Your Leadership Legacy, these authors argue that thinking about your legacy now makes you a better leader today. Based on stories of top leaders who have shaped successful careers, the book explores the art of "legacy thinking," helping you to formulate a legacy that will exert a positive effect on your work immediately. The authors provide a disciplined approach to framing your legacy, as well as shaping it over time. They start with the idea that your legacy is defined by how others approach work and life as a result of having worked with you. They then demonstrate how to assess your current impact on those around you, strengthen that impact, and pass along the best of yourself in the process. While many leaders "find themselves" and hone their work accordingly only after a major life crisis, Your Leadership Legacy enables all leaders to craft their work and build their legacy unburdened by such crises, and to experience personal satisfaction and achievement throughout their working lives.

The Trusted Leader Jan 08 2022 As today's headlines remind us, trust is the hot-button issue in business today, especially for investors, managers, workers, and consumers. More than ever before, the success of an organization depends on leadership that fosters strong connections across teams and among bosses, colleagues, and subordinates. Companies are in urgent need of

trusted leaders, but how can managers meet that need? "Be trustworthy" is the short, logical answer, of course. But being trustworthy and building trust in an organization are not one and the same thing. The former is an inherent part of a person; the latter requires developed talent and considerable skill. Based on highly specific research and experience that covers a wide spectrum of managers and organizations, The Trusted Leader identifies the three critical types of trust that leaders need to master: strategic trust, organizational trust, and personal trust. It introduces a practical and effective formula for building organizational confidence, and provides a unique analysis of the obstacles to trust and the sources of resistance to the building of trust inside organizations. Through a series of interactive exercises, executives will learn how to determine where trust is missing and how it can be supplemented in people, departments, and even whole companies. Perhaps most timely are the book's series of diagnostic tools and skills that help executives rebuild trust that has been broken or betrayed. As business insiders and authors Robert Galford and Anne Seibold Drapeau show, trust inside a company provides focus, fuels passion, fosters innovation, and helps employers to hire and retain the best employees. Trust inside, the authors argue, also builds trust outside by gaining credibility with today's skeptical consumer. Trust is all too frequently overlooked in other leadership books, and is even more important today as companies face uncertain customer demands and the pressures to compete successfully in a whiplash market. Crises, restructurings, mergers, downturns, and executive departures are often trust-destroyers. The Trusted Leader examines those defining moments, and helps leaders turn

such situations into trust-building experiences, creating a culture and legacy of trust throughout the organization at large. Rich in true stories, examples, and practical advice, The Trusted Leader guides leaders on how to climb the ladder of trust and how to secure their legacy as trusted leaders. For managers of all levels, The Trusted Leader is the only comprehensive guide for building trust inside an organization -- the key to every company's long-term survival and success.

21 Tests of Effective Leadership Oct 05 2021 As leaders we all face tests, and we should welcome them. The greater our call to leadership, the greater the tests will be. Problems only provide the opportunity for us to grow and become more mature as leaders. Surviving the tests teaches us humility, because we have been tested and remained faithful. No matter if we are leaders in the workforce, in our homes, our communities, our church or in a variety of organizations, this book will help us stand when the task becomes difficult and demanding.

A Test Preparation and Seminar Guide for Effective Police Leadership Apr 11 2022 Challenge your "test-readiness". Instructors who integrate "Effective Police Leadership" into their curriculum may qualify for a complimentary Effective Police Leadership Training Powerpoint Presentation to enhance instructional effectiveness. Please ask Looseleaf Law Publications, Inc for details.

Multipliers Apr 18 2020 Wall Street Journal Bestseller A thought-provoking, accessible, and essential exploration of why some leaders ("Diminishers") drain capability and intelligence from their teams, while others ("Multipliers") amplify it to produce better results. Including a foreword by Stephen R.

Covey, as well the five key disciplines that turn smart leaders into genius makers, Multipliers is a must-read for everyone from first-time managers to world leaders.

The New Leadership Literacies Dec 15 2019 Over the next decade, today's connected world will be explosively more connected. Anything that can be distributed will be distributed: workforces, organizations, supply webs, and more. The tired practices of centralized organizations will become brittle in a future where authority is radically decentralized. Rigid hierarchies will give way to liquid structures. Most leaders—and most organizations—aren't ready for this future. Are you? It's too late to catch up, but it's a great time to leapfrog. Noted futurist Bob Johansen goes beyond skills and competencies to propose five new leadership literacies—combinations of disciplines, practices, and worldviews—that will be needed to thrive in a VUCA world of increasing volatility, uncertainty, complexity, and ambiguity. This book shows how to (1) forecast likely futures so you can “look back” and make sure you're prepared now for the changes to come, (2) use low-risk gaming spaces to work through your concerns about the future and hone your leadership skills, (3) lead shape-shifting organizations where you can't just tell people what to do, (4) be a dynamic presence even when you're not there in person, and (5) keep your personal energy high and transmit that energy throughout your organization. This visionary book provides a vivid description of the ideal talent profile for future leaders. It is written for current, rising star, and aspiring leaders; talent scouts searching for leaders; and executive coaches seeking a fresh view of how leaders will need to prepare. To get ready for this future, we will

all need new leadership literacies.

Strengths Based Leadership Dec 19 2022 Two leadership consultants identify three keys to being a more effective leader: knowing your strengths and investing in others' strengths, getting people with the right strengths on your team, and understanding and meeting the four basic needs of those who look to you for leadership.

Real Women, Real Leaders Dec 27 2020 Plan your path to leadership with insight from real women at the top In Real Women, Real Leadership, twenty-four women leaders describe their personal journeys to the top, providing deep insight and a fascinating perspective on "making it" as a woman in the male-dominated business environment. They discuss their experiences and offer guidance on topics such as balancing family and career, building alliances, mentoring and being mentored, and overcoming obstacles in the business world which is still dominated by men in the senior levels of management. Drawn from a range of industries including higher education, technology, law, the military, politics, the media, and more, these stories provide the details that every ambitious woman needs to know. You'll learn which skills, attributes, and relationships served these women best, how they overcame the obstacles thrown into their paths, and the people they credit as instrumental along the way. A self-assessment chapter helps you discover your own leadership attributes, and determine which skills you need to acquire as you formulate your own personal roadmap to the top. There are many books about women who have been excellent leaders, but Real Women, Real Leadership provides the personal, relatable testimonials from women who have navigated the

opportunities and pitfalls of the business world. Each story sheds light on women's unique leadership attributes, and provides guidance for professional women charting their own professional advancement. Learn from women leaders in a diverse range of industries Discover the leadership attributes that make the biggest impact Gain insight into work/life balance, mentors, relationships, and more Discover your leadership strengths and develop a plan forward Studies have shown that companies with three or more women board members dramatically outperform the competition in returns on equity, sales, and invested capital — yet women only claim a tiny percentage of boardroom seats and top executive positions. Why? And why, when they do achieve leadership positions, do women tend to make such outstanding leaders? Real Women, Real Leadership tackles these questions and more from an in-the-trenches perspective to help you become the leader you want to be.

The Four Dimensions of Extraordinary Leadership Feb 26 2021 You have the capacity to become an extraordinary leader—if you are willing to embrace a deeper definition of leadership and take action to apply it. In The 4 Dimensions of Extraordinary Leadership, Jenni Catron, executive church leader and author of Clout, reveals the secrets to standout leadership found in the Great Commandment: “Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.” Weaving a winsome narrative filled with inspiring real-life stories, hard-won wisdom, and practical applications, Catron unpacks four essential aspects of growing more influential: your heart for relational leadership, your soul

for spiritual leadership, your mind for managerial leadership, and your strength for visionary leadership. Leadership isn't easy, but it is possible to move from ordinary to extraordinary. Jenni Catron shows the way.

The 8 Dimensions of Leadership Sep 04 2021 Don't Be a One-Dimensional Leader! To be an effective leader you need to know your strengths—but that's only part of the story. You also need a

broad perspective on all the behaviors needed to be an effective leader. This book provides both. Using the third-generation DiSC® online personality assessment—one of the most scientifically validated tools available—The 8 Dimensions of Leadership helps you identify your primary leadership dimension. Whether you are a Pioneering, Energizing, Affirming, Inclusive, Humble, Deliberate, Resolute, or Commanding leader, the authors help you understand the psychological drivers, motivations, and “blind spots” characteristic of your style. But no single style will take you all the way. A Humble leader may have a hard time making tough decisions. A Commanding leader may run roughshod over potential allies. The authors detail the lessons all leaders can learn from each style, enabling you to craft a multidimensional approach to becoming the leader you aspire to be.

Passing the Leadership Test Jul 14 2022 Passing the Leadership Test: Strategies for Success on the Leadership Licensure Exam is a study guide for the School Leaders Licensure Examination (SLLA.)

Emotional Dimensions of Educational Administration and Leadership Mar 30 2021 Emotional Dimensions of Educational Administration and Leadership explores foundational theories for emotional dimensions of educational administration and leadership as they influence our understanding, analysis and practice in the field. It covers a broad range of topics, such as ethics, authority, personality, social justice, gender discrimination, organisational culture, decision-making, accountability and marketisation. The first section, ‘Theoretical Foundations’, includes discussion of the early modern romantic

philosophy that produced the heroic notion of leadership, the idealist philosophy of Hegel, existential concerns through Kierkegaard, the contributions of psychoanalysis, and Habermasian critical theory. The second section, 'Types of Emotional Analysis', includes examinations of the material culture, emotional economies, the politics of emotion, and the relationship between emotion and rationality. The last section, 'Critical and Contemporary Issues', includes critiques of the fear arising from accountability regimes, the political economy of the market model, a feminist critique of ideologies reflecting emotional investments, narrative expressions for the emotional context of teamwork, the problem of narcissism, and the emotional dimensions of role engagement. This volume explores an area that is only just re-emergent in the last few years. The collection demonstrates the relevance to practical issues and problems internationally, both within the organisational context and extra-organisationally with a focus on the application of emotional factors as they affect our understanding of, and practice in, educational organisations. The emotions of education affect the implementation of political values and culture within organisations.

Dare to Lead Jan 20 2023 In her #1 NYT bestsellers, Brené Brown taught us what it means to dare greatly, rise strong and brave the wilderness. Now, based on new research conducted with leaders, change makers and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Leadership is not about titles, status and power over people. Leaders are people who hold themselves accountable for recognising the potential in people and ideas, and developing that

potential. This is a book for everyone who is ready to choose courage over comfort, make a difference and lead. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it and work to align authority and accountability. We don't avoid difficult conversations and situations; we lean into the vulnerability that's necessary to do good work. But daring leadership in a culture that's defined by scarcity, fear and uncertainty requires building courage skills, which are uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the same time we're scrambling to figure out what we have to offer that machines can't do better and faster. What can we do better? Empathy, connection and courage to start. Brené Brown spent the past two decades researching the emotions that give meaning to our lives. Over the past seven years, she found that leaders in organisations ranging from small entrepreneurial start-ups and family-owned businesses to non-profits, civic organisations and Fortune 50 companies, are asking the same questions: How do you cultivate braver, more daring leaders? And, how do you embed the value of courage in your culture? Dare to Lead answers these questions and gives us actionable strategies and real examples from her new research-based, courage-building programme. Brené writes, 'One of the most important findings of my career is that courage can be taught, developed and measured. Courage is a collection of four skill sets supported by twenty-eight behaviours. All it requires is a commitment to doing bold work, having tough conversations and showing up with our

whole hearts. Easy? No. Choosing courage over comfort is not easy. Worth it? Always. We want to be brave with our lives and work. It's why we're here.'

The Best of John Adair on Leadership and Management Nov 25 2020 This is a goldmine of ideas, advice and techniques from one of the world's leading writers on management and leadership. It brings together all of John Adair's thinking on leadership, teambuilding, creativity and innovation, problem-solving, motivation, communication and time-management. Full of practical guidance experience and insight, it's packed with a large number of charts, diagrams and forms. This is a repackaged and updated edition of the best-selling John Adair Handbook.

Lemon Leadership Nov 06 2021

5 Voices Sep 16 2022 Discover your leadership voice and unlock your potential to influence others 5 Voices is the code for unlocking your capacity to have honest conversations and build deeper, more authentic relationships with your teams, your families and your friends. In order to lead others effectively, we need a true understanding of ourselves, our natural tendencies and patterns of behavior. In learning what your leadership voice sounds like to others, you will discover what it feels like to be on the other side of your personality, as well as how to hear and value others' voices, namely the Pioneer, the Connector, the Creative, the Guardian, and the Nurturer. Once you understand your own leadership voice, you'll discover how best to communicate with each of the other voices, which will transform your communication at every level of relationship, both personal and professional. In mastering the 5 Voices of leadership, you

will increase your emotional intelligence, allowing you to gain a competitive advantage as a leader. You will also be equipped with a simple, easy to remember vocabulary that, when shared, has a track record for decreasing the drama, misunderstanding and miscommunication in all spheres of influence. Are you focused on relationships, values, and people? Or are you oriented more toward tradition, money, and resources? Do you know how others hear your voice? Do you appreciate the contributions of others on your team? This book will help you identify your natural leadership style, and give you a framework for leveraging your strengths. Find your foundational leadership voice Learn to hear and value the voices of others Know yourself before leading others Connect and communicate well with team, family and friends All five leadership voices come with their own particular set of strengths, and all have areas for growth. Understanding both sides of the equation is the key to taking your leadership to the next level and is the secret to increasing your ability to influence your team, family and friends. 5 Voices is a simple key which unlocks complicated relational dynamics and improves the health and alignment of all your relationships.

Hiring for Attitude: A Revolutionary Approach to Recruiting and Selecting People with Both Tremendous Skills and Superb Attitude Jul 02 2021 *Build a high-performance workforce by abandoning skills-based hiring practices and focusing on employee attitude Hiring for Attitude offers a groundbreaking approach to recruiting, assessing, and selecting people with both tremendous skills but, more importantly, an attitude that aligns with the organization's culture. Murphy cites his own company's research and examines recent scientific studies about the*

practical effects a person's attitude has on the outcome of his or her job performance. Clear and practical lessons are illuminated by numerous case studies of organizations like Microchip, Southwest Airlines, and The Ritz-Carlton.

The CEO Test Aug 15 2022 Are you ready to lead? Will you pass the test? Despite all the effort through the years to understand what it takes to be an effective leader, the challenges of leadership remain enormously difficult and elusive; even today, most CEOs don't last five years in the job. The demands to deliver at a consistently high level can be unforgiving. The loneliness. The weight of responsibility. The relentless second-guessing and criticism. The pressure to build all-star teams. The 24/7 schedule that requires superhuman stamina. The tough decisions that often leave no one happy. The expectation to always have the right answer when it can be hard just to know the right question. These challenges are brought into their highest and sharpest relief in the corner office, but they are hardly unique to chief executives. All leaders face their own version of these tests, and the authors draw on the distilled wisdom, stories, and lessons from hundreds of chief executives to show how every aspiring leader can master these challenges and lead like a CEO. These foundational leadership skills will make all aspiring executives more effective in their roles today and lift the trajectory of their careers. The CEO Test is the authoritative, no-nonsense insider's guide to navigating leadership's toughest challenges, brought to you by authors uniquely qualified to tell the stories. Adam Bryant has conducted in-depth interviews with more than 600 CEOs. Kevin Sharer spent more than two decades as president and then CEO of

Amgen, where he led its expansion from \$1 billion in annual revenues to nearly \$16 billion. He has served on many boards and is a sought-after mentor for CEOs of global companies. Leadership is getting harder as the speed of disruption across all industries accelerates. The CEO Test will better prepare you to succeed, whether you're a CEO or just setting out to become one.

Simply Brilliant Dec 07 2021 'There's no such thing as an average or old-fashioned business, just average or old-fashioned ways to do business. In fact, the opportunity to reach for extraordinary may be most pronounced in settings that have been far too ordinary for far too long' Far away from Silicon Valley, in familiar, traditional, even unglamorous fields, ordinary people are unleashing extraordinary advances that amaze customers, energize employees, and create huge economic value. Their secret? They understand that inventing the future doesn't just mean designing mobile apps and developing virtual-reality headsets. In Simply Brilliant, the visionary co-founder of Fast Company William C. Taylor goes behind the scenes at some of the unsung organizations that are revolutionizing their otherwise humdrum fields. These unlikely agents of change range from a parking garage that also serves as a wedding venue, to a military insurance company that puts salespeople through simulated overseas deployment. The message is both simple and subversive: in a time of wrenching disruptions and exhilarating leaps, of unrelenting turmoil and unlimited promise, the future is open to everybody. Simply Brilliant illustrates how breakthrough creativity and breakaway performance can be summoned in all industries, if leaders dare to reimagine what's possible in their fields.

Leadership and Management in Nursing Test Success Jan 16 2020 Print+CourseSmart

Becoming a Leader of Character Sep 23 2020 This handbook for developing six crucial habits “ should be on every modern leader’s desk” (Jeb Blount, bestselling author of People Follow You). While many books focus on developing managerial competencies, most leadership failures are the result of a failure in character, not a failure in competence. But just as you don’t get in shape by reading a fitness magazine, you don’t become a leader of character by reading a book on character. You have to do what you want to be! Becoming a Leader of Character is a workout plan designed to develop six Habits of Character by providing small daily exercises that strengthen your character muscles—for the important tests of character all leaders face.

Leadership in Health Care Nov 13 2019 Leadership in Health Care has established itself as an authoritative yet accessible resource for nursing and professions allied to health. Students -as well as professional leaders working in practice - who need a clear and engaging guide to the key theories and practice skills required for effective leadership in health care will benefit from this text. Now revised and updated into a second edition, the book retains its successful approach of looking at leadership theory from an individual, team and organisational perspective, and continues to focus on major areas such as problem solving, dealing with conflict, unhealthy behaviours and notions of quality, diversity and individual values. This new edition, however, responds to recent political changes in health care with the inclusion of two new chapters on interprofessional working and on emotional intelligence. The authors have also taken the

opportunity to focus more clearly on service users, and take forward the concept of project management. The book's ability to bridge the gap between theory, research and practice is one of the reasons why it is so highly-regarded. To strengthen this key feature, more case studies, activities and self-evaluation exercises have been integrated into the existing range of practical material so that readers have further opportunities to analyse their own self-knowledge and leadership skills.
