It's been known for years that usability testing can dramatically improve products. But with a typical price tag of \$5,000 to \$10,000

for a usability consultant to conduct each round of tests, it rarely happens. In this how-to companion to *Don't Make Me Think: A Common Sense Approach to Web Usability*, Steve Krug spells out a streamlined approach to usability testing that anyone can easily apply to their own Web site, application, or other product. (As he said in *Don't Make Me Think*, "It's not rocket surgery".) Using practical advice, plenty of illustrations, and his trademark humor, Steve explains how to: Test any design, from a sketch on a napkin to a fully-functioning Web site or application Keep your focus on finding the most important problems (because no one has the time or resources to fix them all) Fix the problems that you find, using his "The least you can do" approach By paring the process of testing and fixing products down to its essentials ("A morning a month, that's all we ask"), *Rocket Surgery Made Easy* makes it realistic for teams to test early and often, catching problems while it's still easy to fix them. *Rocket Surgery Made Easy* adds demonstration videos to the proven mix of clear writing, before-and-after examples, witty illustrations, and practical advice that made *Don't Make Me Think* so popular.

acknowledge that death will come. As children, we think we are immortal. Even as we get older, we think it is someone else that will die, not us. Our death is far off and we have plenty of time to do whatever we want. To live consciously is to accept that death is a part of life and plan for it, while not allowing it to dominate our life at any age. Bob Southard, after his own near death encounter, shares his experience and offers his thoughts, beliefs and meditations to help you plan for and live life in a conscious way. If you've ever been intrigued by the tarot but were confounded by the complexities of multi-card spreads and the vague interpretations given in most books, this is the guide for you. Here is a real breakthrough in interpreting the tarot! With Tarot Made Easy you can easily interpret the meaning of any card and apply it to the particular circumstances of your life. With the simple process outlined here, you need only choose one tarot card and then consult one (or several) of the 32 categories listed under each card -- including Romance, Travel, Career, Finances, Friends, and Special Guidance -- to discover the card's specific message for you. For example, if you want to know about your romantic future and the Queen of Cups turns up, you may find that the standard description given is "an honest, devoted woman; loving intelligence and happiness." How should you interpret this? But with Tarot Made Easy, the Queen of Cups Romance category tells you that "someone will enter your life in whom you will be very interested...and you will meet this person very close to your home, if not outside your front door." This easy but accurate system banishes the vague interpretations found in most books and gives you the immediate, specific insights you need.
