guide to success in network marketing. The author shares insights and wisdom gathered over his 30 years in the business, with the lessons learned to illustrate both the right and wrong way to prepare yourself, and others, for lasting financial success. The concept of network marketing is sound: build relationships with like-minded people and sell quality products and services within this network. Some people make amazingly high incomes from their network marketing businesses, while others unexpectedly fall by the wayside. Why do some fail while others prosper? This insightful business guide gives smart, practical tips on how to succeed at network marketing. It explains simple and commonsense ways to treat any network marketing business like a mainstream business. By taking away the mystery, it illustrates. Leadership is a learned skill. No one is a "natural-born leader." Babies aren't given a manual on how to be an adult. Adulthood is learned from others. So how will we teach eager distributors to become leaders? By showing, participating, experiencing ... and of course, sharing stories. Yes, our distributors could imitate us to become leaders, but not everyone is created the same, with the same set of skills or advantages. So there must be common lessons everyone can learn for leadership. Inside this book you will find many ways to change people's viewpoints, to change their beliefs, and to reprogram their actions. And when these three things change, the results will naturally change too. Building leaders in your organization is the best investment in financial security you can make. The return on your investment is paid over and over again. And the earnings from developing one good leader could dwarf the monthly payout of almost any retirement plan. "The Best Network Marketing Book I've Ever Read!" --Mitch Jackson "By Far The Best & Most Complete Resource for Network Marketing!" --Erik Christian "Incredible Resource for Anyone in Network Marketing!" --Marcia J. LeVoir In network marketing nothing is more important than recruiting. If you want passive income, you've got to build a team. Unfortunately, many MLM distributors struggle with recruiting. They can't get prospects to look at the presentation. They invite people to events but they don't show up. They follow-up repeatedly but people don't call them back. What if there was a way to get almost everyone you approach to look at your business presentation? What if you could find out immediately if they were interested? What if you knew how to get more exposures done in a day than you now do all week? Do you think you might get more people to sign up? In Recruit and Grow Rich, that's exactly what you'll learn how to do. Author David M. Ward is an attorney who started a network marketing business to build retirement income. His schedule only allowed him to work the business a few hours a week and his business grew slowly. Frustrated with his results, he set out to find ways to "recruit smarter" and quickly sign up more prospects. His methods worked. In his first few years he signed up hundreds of distributors and created a six-figure passive income. In this book, Ward lays out the system he used to quickly identify interested prospects, expose them, and get them signed up--often in a single day. In Recruit and Grow Rich, you'll learn: \*\* How to identify

the BEST prospects for your multilevel marketing or direct sales business \*\* How to find out if someone is a good prospect in ONE MINUTE OR LESS \*\* How to do MORE exposures in a DAY than you now do all WEEK \*\* How to double or TRIPLE your recruiting results by using different approaches for different people \*\* A simple way to increase the "show up" ratio for prospects you invite to live events and conference calls \*\* How to control the entire exposure process (THE KEY to recruiting MORE people with LESS effort) \*\* The TRUTH about duplication (and why so many people get it WRONG) \*\* How to (finally!) stop leaving messages with people who don't call you back \*\* A simple "two question" close that really works (PLUS: more closes for different situations) \*\* Scripts for approaching, exposing, and closing more distributors \*\* And much more Recruit and Grow Rich comes with two bonus chapters: BONUS CHAPTER 1: How to Do Three-Way Calls You'll learn a step-by-step method for using three-way calls to close more prospects. You get the exact words to use to get prospects on the call, and how to introduce them to your third-party expert. There are truly very few opportunities that you can get involved in which will allow you to start with a relatively small investment and turn that into a six-figure or

even seven figure income. If you think about it, many professionals that earn six figures plus incomes have to invest a tremendous amount of time, energy, and money in order to reach that level. If you wanted to be a doctor, you'd have to invest 8-12 years in school, and (in most cases) rack up \$100k - \$300k in student loan debt before you could even begin earning a single penny! If you wanted to be a lawyer, you'd have to invest 6-7 years in school, racking up \$80k - \$150k before you would be eligible to earn a single penny! In network marketing, most people invest \$500 - \$2,000 to get started, and work 2-5 years to build their six-figure income. BUT - network marketers are getting paid while they are learning. Unlike other high-paying professions, you are earning as you learn, not waiting until you finish a bunch of school before you begin earning. And of course, most other high-paying professions require that you trade your time for money. If you don't show up to work, you don't get paid. It's hard to get ahead or get out of the rat-race if you are simply trading time for money. With network marketing, you are building a residual income that continues to pay you even if you don't directly put in the effort! Of course you can't do this on your third week in a new business, but over time you are leveraging the time and talent of other people that you bring into your team, so that you aren't in a position where you are perpetually trading time for money. This book covers the following topics: What is network marketing? A brief history of multi-level marketing Mindset Find your target market Relationship marketing The power of social media in network marketing Mistakes new network marketers make How to pick a great network marketing company Questions to ask before joining a network marketing company Promoting products Develop your leadership ...And much more This model frees up both your time and money so that you can build true wealth and time freedom as well. And that is why this is the best industry to be a part of, and why right now is the perfect time to get started. Let's get started. Too busy to build a network marketing business?

At the end of the day, everybody becomes salespeople who sell products and get other recruits to sell products. You earn for each product you sell and for each product your recruits sell.
