*Math and Music* Aug 01 2020 From the beat of a tribal drum to a choir of crickets--music is everywhere. *Math and Music* explores the music of various cultures and the sounds heard in nature while highlighting the mathematical concepts, such as proportion, patterns, Fibonacci numbers, geometric transformations, and trigonometry, found in music. The companion poster explores mysterious connections between seemingly different entities, such as music and animals! A four-page guide explains the connections students may discover.

**Norsk, nordmenn og Norge 1** Jul 12 2021 This introduction to Norwegian helps students acquire the basic units of vocabulary and structure and use that knowledge to learn about Norway and Norwegian culture. Once students acquire the basic units of vocabulary and structure, they will use their knowledge of the language to learn about Norway. Students will learn about the cities of Oslo and Bergen, how to converse when eating in a Norwegian home or restaurant, and about Norwegian schools. Emphasis is also given to travel and communications, as well as the seasons of the year and Norwegian holidays. The present edition of the text features a short grammar summary, a reference for review to assist in drawing together aspects of the grammar that are presented throughout the text. To aid in developing good pronunciation and intonation habits, as well as to internalize certain items of vocabulary and structure, most chapters contain a practice dialogue for students to practice repeatedly while studying the chapter.

**Dragons of the West** Aug 25 2022 I cannot think of a better introductory volume...compact, sensible...well written study 3RD Stone fascinating...plentifully illustrated...an excellent resource for latter-day dragon hunters Prediction For thousands of years fabulous serpents and dragons have been the stuff of myth and traveller s tales. The dragon has held the attention of people for centuries, and continues to do so. The dragon is more than a beast of tall stories, myth and folk-tale, for it is a symbol of the awesome power of nature which appears in many variant forms, but which we can understand only in symbolic or allegorical form. Thus, it appears in religious symbolism, alchemy, medicine and geomancy as well as in the more lyrical tales of bards and storytellers. Ultimately the dragon is a product of the human mind, for there are dragons of various kinds lurking deep within us

all. This book explores Western dragon and dragonslayer traditions, not just legends, but living festivals and rituals surviving today.

*Norwegian Verbs And Essentials of Grammar* Aug 13 2021 This compact volume offers an integrated guide to both Norwegian verbs and the basics of grammar. All the major verbal and grammatical concepts of the language are presented.

The End of Physiotherapy Mar 08 2021 Physiotherapy is arriving at a critical point in its history. Since World War I, physiotherapy has been one of the largest allied health professions and the established provider of orthodox physical rehabilitation. But ageing populations of increasingly chronically ill people, a growing scepticism towards biomedicine and the changing economy of healthcare threaten physiotherapy's long-held status. Paradoxically, physiotherapy's affinity for treating the 'body-as-machine' has resulted in an almost complete inability to identify the roots of the profession's present problems, or define possible ways forward. Physiotherapists need to engage in critically informed theoretical discussion about the profession's past, present and future - to explore their practice from economic, philosophical, political and sociological perspectives. *The End of Physiotherapy* aims to explain how physiotherapy has arrived at this critical point in its history, and to point to a new future for the profession. The book draws on critical analyses of the historical and social conditions that have made present-day physiotherapy possible. Nicholls examines some of the key discourses that have had a positive impact on the profession in the past, but now threaten to derail it. This book makes it possible for physiotherapists to think otherwise about their profession and their day-to-day practice. It will be essential reading for scholars and students of physiotherapy, interprofessional and community rehabilitation, as well as appealing to those working in medical sociology, the medical humanities, medical history and health care policy.

**Naïve. Super** Feb 04 2021 Troubled by an inability to find any meaning in his life, the 25-year-old narrator of this deceptively simple novel quits university and eventually arrives at his brother's New York apartment. In a bid to discover what life is all about, he writes lists. He becomes obsessed by time and whether it actually matters. He faxes his meteorologist friend. He endlessly bounces a ball against the wall. He befriends a small boy who lives next door. He yearns to get to the bottom of life and how best to live it. Funny, friendly, enigmatic and frequently poignant - superbly naive.

**The Mystery of Nils. Part 1 - Norwegian Course for Beginners. Learn Norwegian - Enjoy the Story.** Feb 16 2022 We all hate text books that begin with "Hello, what's your name?," don't we? "The Mystery of Nils" is a coherent story, which starts very simply, but develops into a fascinating novel. Can't stop reading? Well then you will have to learn Norwegian! We have carefully selected the most frequently used words in the Norwegian language and made sure that the story is primarily made up

of them. Separate texts and exercises focus on conversational topics that will prepare you for living in Norway. Grammar is a headache? Not with "The Mystery of Nils." Uncover the structure of the Norwegian language with pictures, casual yet comprehensive explanations, and a lot of easy to remember examples. Repetition is the key to learning a language. At [www.skapago.eu/nils](http://www.skapago.eu/nils) you will find a great number of exercises, a vocabulary trainer, videos about pronunciation, and a whole lot more. Our Norwegian teachers have co-created this book. They know all the obstacles you might incur and can help you with individual training. Since we teach through online video conferences, you can take lessons wherever you are on this planet. Schedule a free demo lesson at [www.skapago.eu](http://www.skapago.eu). This is the story: Erna Langvik gives her eight year old granddaughter a special birthday present: a doll inspired by the traditional Norwegian mythical creature "Nisse." Nils as the doll is called leads a happy life with his new family in Oslo. But due to an accident, Nils finds out that he means a lot more to Erna than just being a birthday present. Without knowing it, he has been carrying a painful secret, and during an adventurous trip to Northern Norway, he helps Erna to make one of the most important decisions of her life."

*Damned for Their Difference* Oct 22 2019 Represents a sociological history of how deaf people came to be classified as disabled, from the 17th century through the 1990s.

**The Elixir of Immortality** Nov 23 2019 A mesmerizing debut novel that spans a thousand years of European and Jewish history seen through the beguiling members of the Spinoza family Since the eleventh century, the Spinoza family has passed down, from father to son, a secret manuscript containing the recipe for immortality. Now, after thirty-six generations, the last descendant of this long and illustrious chain, Ari Spinoza, doesn't have a son to whom to entrust the manuscript. From his deathbed, he begins his narrative, hoping to save his lineage from oblivion. Ari's two main sources of his family's history are a trunk of yellowing documents inherited from his grandfather, and his great-uncle Fernando's tales that captivated him when he was a child. He chronicles the Spinozas' involvement in some of Europe's most formative cultural events with intertwining narratives that move through ages of tyranny, creativity, and social upheaval: into medieval Portugal, Grand inquisitor Torquemada's Spain, Rembrandt's Amsterdam, the French Revolution, Freud's Vienna, and the horrors of both world wars. The Elixir of Immortality blends truth and fiction as it rewrites European history through comic, imaginative, scandalous, and tragic tales that prove "the only thing that can possibly give human beings immortality on this earth: our ability to remember."

**Sophie's World** Sep 01 2020 The international bestseller about life, the universe and everything. When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.

The Frantic Assembly Book of Devising Theatre Feb 25 2020 'This is a close companion to Frantic Assembly's practice and one that is written with an open and engaging, even disarming, tone ... A rich, rewarding and compelling text.' Stuart Andrews, University of Surrey As Frantic Assembly move into their twentieth year of producing innovative and adventurous theatre, this new edition of their well-loved book demystifies the process of devising theatre in an unusually candid way. Artistic directors Scott Graham and Steven Hoggett offer an intimate and invaluable insight into their evolution and success, in the hope that sharing their experiences of devising theatre will encourage and inspire students and fellow practitioners. The Frantic Assembly Book of Devising Theatre is a uniquely personal account of the history and practice of this remarkable company, and includes: · practical exercises · essays on devising, writing and choreography · suggestions for scene development · a 16-page colour section, and illustrations throughout · a companion website featuring clips of rehearsals and performances. This is an accessible, educational and indispensable introduction to the working processes of Frantic Assembly, whose playful, intelligent and dynamic productions continue to be acclaimed by audiences and critics alike.

**Enjoy Norwegian: Teach Yourself** Apr 20 2022 Using authentic conversations between native speakers as a basis, this course will help you to improve and build upon the language you already have so that you develop your skills to a level where you can enjoy talking and understand what is said. You will be introduced to more colloquial Norwegian so you will sound more natural when speaking and gain confidence. If you already know some French and want to take it further, this is the course for you. It is a great refresher course, as well as being an easy way to build upon and improve your existing Norwegian. Taking you from a good intermediate level (B2 of the Common European Framework), this book and audio course helps you to progress up to C1 by offering: Workbook plus MP3 CD-ROM of audio files Carefully leveled and sequenced material - a solid path to build up

your knowledge. Quality listening and reading input - day-to-day conversations but also speeches, interviews and newspaper articles. Fluency building - reach a level where you can discuss sophisticated ideas in Norwegian Full of authentic texts and dialogues about complex subjects, this course covers a wide range of topics of the sort you will want to talk about when in France and teaches you the kind of everyday language and features of speech that will enable you to communicate with confidence and feel comfortable taking part in conversation with native speakers of Norwegian. The choice of material aims to give you something of the flavour of Norway today and each unit is based around a single theme with lively interviews and conversations on the accompanying recording. There are activities based on the interviews and texts to help you remember what you've learnt and put your knowledge into practice. The units are divided into sessions - to help you organize your learning time and break up the material into manageable chunks - and there are reminders throughout to refresh your memory of points you have learnt.

**Digital Music Distribution** Apr 28 2020 The digital music revolution and the rise of piracy cultures has transformed the music world as we knew it. Digital Music Distribution aims to go beyond the polarized and reductive perception of 'piracy wars' to offer a broader and richer understanding of the paradoxes inherent in new forms of distribution. Covering both production and consumption perspectives, Spilker analyses the changes and regulatory issues through original case studies, looking at how digital music distribution has both changed and been changed by the cultural practices and politicking of ordinary youth, their parents, music counter cultures, artists and bands, record companies, technology developers, mass media and regulatory authorities. Exploring the fundamental change in distribution, Spilker investigates paradoxes such as: The criminalization of file-sharing leading not to conflicts, but to increased collaboration between youths and their parents; Why the circulation of cultural content, extremely damaging for its producers, has instead been advantageous for the manufacturers of recording equipment; Why more artists are recording in professional sound studios, despite the proliferation of good quality equipment for home recording; Why mass media, hit by many of the same challenges as the music industry, has been so critical of the way it has tackled these challenges. A rare and timely volume looking at the changes induced by the digitalization of music distribution, Digital Music Distribution will appeal to undergraduate students and policy makers interested in fields such as Media Studies, Digital Media, Music Business, Sociology and Cultural Studies.
