Artificial Intelligence: A Modern Approach offers the most comprehensive, up-to-date introduction to the theory and practice of artificial intelligence. Number one in its field, this textbook is ideal for one or two-semester, undergraduate or graduate-level courses in Artificial Intelligence. Updated for today's readers, Dale Carnegie's timeless bestseller *How to Win Friends and Influence People* is a classic that has improved and transformed the professional and personal lives of millions. One of the best-known motivational guides in history, Dale Carnegie's groundbreaking book has sold tens of millions of copies, been translated into almost every known language, and has helped countless people succeed. Originally published during the depths of the Great Depression—and equally valuable during booming economies or hard times—Carnegie's rock-solid, time-tested advice has carried countless people up the ladder of success in their professional and personal lives. *How to Win Friends and Influence People* teaches you: -How to communicate effectively -How to make people like you -How to increase your ability to get things done -How to get others to see your side -How to become a more effective leader -How to successfully navigate almost any social situation -And so much more! Achieve your maximum potential with this updated version of a classic—a must-read for the 21st century. The world's best-selling English course - a perfectly-balanced syllabus with a strong grammar focus, and full support at all six levels. Headway's trusted methodology combines solid grammar and practice, vocabulary development, and integrated skills with communicative role-plays and personalization. Authentic material from a variety of sources enables students to see new language in context, and a range of comprehension tasks, language and vocabulary exercises, and extension activities practise the four skills. "Everyday English" and "Spoken grammar" sections practise real-world speaking skills, and a writing section for each unit at the back of the book provides models for students to analyse and imitate. Workbook audio available at a href="https://elt.oup.com/student/headway/?cc=gbandseLanguage=en" www.oup.com/elt/headway/a. Success from the very beginning. Millions of children around the world have learned to speak English through the trusted methodology of Let's Go. Maximise children's talking time in class through dialogues, pair work and communicative games. This combined with the rhythm and melody of the acclaimed Carolyn Graham songs makes the language memorable. The Skills Book offers students extra reading, writing and listening practice. Based on the trusted Let's Go methodology, it uses the vocabulary and grammar patterns that students have covered in the Student Book and Workbook. This approach reinforces the language students have learned with Let's Go and ensures that they are practicing their skills at the correct level. Listening Practice CD Research 1 suggests that listening is the most commonly used skill, but is often the most difficult one for students to master. 2 The Listening Practice CD that accompanies each Skills Book maximizes your opportunities to develop students' listening skills. Every lesson includes an audio-based listening comprehension exercise. Students can only complete each exercise when they understand the audio, so you can be confident that they are making good progress as they work through the book. The activities reinforce the speech delivery patterns that students have heard through the Student Book Audio CD, consolidating what students have already learned. The familiar structures allow them to really focus on understanding and building their listening skills. 1. Wilt, Miriam E. "A study of teacher awareness of listening as a factor in elementary education," *Journal of Educational Research*, 43 (8), April, 1950, pp. 626-636. 2. <http://iteslj.org/Techniques/Bazo-FourSkills.html> The Let's Go Skills Book with Listening Practice CD supports the

Student Book and Workbook. It gives students extra practice in reading, writing and listening. A six-level course which combines a carefully-controlled grammatical syllabus with functional dialogues to produce practical, natural-sounding English. Since publication of the fourth edition of this highly successful book, there have been a number of Government initiatives, reports and policies on how the health of children can best be protected and promoted. This revised fourth edition incorporates recent material on the National Service Framework, 'Every Child Matters', the public health report 'Choosing Health', and the Children Act. It has also been informed by new research on a variety of topics including Sure Start, obesity, Sudden Infant Death Syndrome (SIDS) and language acquisition. Health for all Children 4/e (revised) continues the themes of previous editions, in particular highlighting the growing evidence that behavioural problems and educational failure are not inevitable, and can be prevented. Thus the role of screening for developmental problems, while not ignored, is set in the context of what can be done to promote language development, reading, and enthusiasm for learning. Changes made to the fourth edition, and continued in this revised edition, include dealing with the health care needs of children of school age as well as pre-school children. It also outlines the needs of special groups of children, including those who are vulnerable or disabled and those living in unusual circumstances. The legislative framework is outlined and hallmarks of good practice described. Promoting children's health is a key focus, with updated information on nutrition and injury prevention, and emphasis on the importance of parent education and support, language, and literacy skills, with a review of behavioural management programmes for parents. It also describes the duties laid on PCTs with regard to education and social services support. This established and successful book continues to be essential reading for all health professionals who work with children, whether in the community or at the receiving end of referrals. It will also provide vital background knowledge for those charged with the responsibility of planning, commissioning and monitoring. This revised fourth edition provides the most up to date evidence in a rapidly changing field. Success from the very beginning. Millions of children around the world have learned to speak English through the trusted methodology of Maximise children's talking time in class through dialogues, pair work and communicative games. This combined with the rhythm and melody of the acclaimed Carolyn Graham songs makes the language memorable. Success from the very beginning. Millions of children around the world have learned to speak English through the trusted methodology of Let's Go. Maximise children's talking time in class through dialogues, pair work and communicative games. This combined with the rhythm and melody of the acclaimed Carolyn Graham songs makes the language memorable. The world's favorite children's series, fully revised with brand new components! Flexible, effective and creative primary school teachers require subject knowledge, an understanding of their pupils and how they learn, a range of strategies for managing behaviour and organising environments for learning, and the ability to respond to dynamic classroom situations. This third edition of Learning to Teach in the Primary School is fully updated with reference to the new National Curriculum, and has been revised to provide even more practical advice and guidance to trainee primary teachers. Twenty-two new authors have been involved and connections are now made to Northern Irish, Welsh and Scottish policies. In addition, five new units have been included on: making the most of your placement play and exploration in learning behaviour management special educational needs phonics. With Masters-level reflective tasks and suggestions for research-based further reading, the book provides valuable support to trainee teachers engaged in learning through school-based experience and through reading, discussion and reflections as part of a teacher education course. It provides an accessible and engaging introduction to knowledge about teaching and learning that every student teacher needs to acquire in order to gain qualified teacher status (QTS). This comprehensive textbook is essential reading for all students training to be primary school teachers, including those on undergraduate teacher training courses (BEd, BA with QTS, BSc with QTS), postgraduate teacher training courses (PGCE, SCITT) and employment-based teacher training courses (Schools Direct, Teach First), plus those studying Education Studies. This textbook is supported by a free companion website with additional resources for instructors and students and can be accessed at [www.routledge.com/cw/Cremin](http://www.routledge.com/cw/Cremin). A six-level course which combines a carefully-controlled grammatical syllabus with functional dialogues to produce practical, natural-sounding English. The world's favorite children's series, fully revised with brand new components! A six-level course which combines a carefully-controlled grammatical syllabus with functional dialogues to produce practical, natural-sounding English. The world's favorite children's series, fully revised with brand new components! The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features-- from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and

effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions. Business analysts must respond to the challenges of today's highly competitive global economy by developing practical, creative and financially sound solutions and this excellent guide gives them the necessary tools. It is also ideal for students wanting to gain university and industry qualifications. This new edition includes expanded discussions regarding gap analysis and benefits management, the impact of Agile software development and an introduction to business architecture. English File's unique, lively and enjoyable lessons are renowned for getting students talking. English File fourth edition has built on tried and trusted methodology and contains uniquely motivating lessons and activities that encourage students to discuss topics with confidence. The English File fourth edition Student's Book is packed full of interesting content to keep students of all abilities fully engaged and motivated. The English File fourth edition Workbook reinforces what is learned in each English File lesson, and can be used as extra practice during class, or set as homework. This set is for students at a Pre-intermediate (A2-B1) level of English. Reliable, flexible, and configurable enough to solve the mail routing needs of any web site, sendmail has withstood the test of time, but has become no less daunting in its complexity. Even the most experienced system administrators have found it challenging to configure and difficult to understand. For help in unraveling its intricacies, sendmail administrators have turned unanimously to one reliable source--the bat book, or sendmail by Bryan Costales and the creator of sendmail, Eric Allman. Now in its third edition, this best-selling reference will help you master the most demanding version of sendmail yet. The new edition of sendmail has been completely revised to cover sendmail 8.12--a version with more features and fundamental changes than any previous version of the Unix-based email routing program. Because the latest version of sendmail differs so significantly from earlier versions, a massive rewrite of this best-selling reference was called for. The book begins by guiding you through the building and installation of sendmail and its companion programs, such as vacation and makemap. These additional programs are pivotal to sendmail's daily operation. Next, you'll cover the day-to-day administration of sendmail. This section includes two entirely new chapters, "Performance Tuning" to help you make mail delivery as efficient as possible, and "Handling Spam" to deal with sendmail's rich anti-spam features. The next section of the book tackles the sendmail configuration file and debugging. And finally, the book wraps up with five appendixes that provide more detail about sendmail than you may ever need. Altogether, versions 8.10 through 8.12 include dozens of new features, options, and macros, and this greatly expanded edition thoroughly addresses each, and provides an advance look at sendmail version 8.13 (expected to be released in 2003). With sendmail, Third Edition in hand, you will be able to configure this challenging but necessary utility for whatever needs your system requires. This much anticipated revision is essential reading for sendmail administrators. A guide for teachers at any level shares ideas on classroom management and designing lessons for academic success. Bigger, brighter and better than ever, Let's Go, 3rd Edition, is a series for children who are just beginning their study of English. It combines a carefully controlled, grammar-based syllabus with practical language. Functional dialogues, interactive games, and pair work activities foster a lively and motivating classroom environment. Let's Begin for newcomers introduces the alphabet, basic phonics, and simple language structures. The Teacher's Books contain lesson plans and reproducible activities. Packed with travel information, including more listings, deals, and insider tips CANDID LISTINGS of hundreds of places to eat, sleep, drink, and dance RELIABLE MAPS to get you around Bangkok, Chiang Mai, and more INSIDER TIPS on finding deals on the resort-heavy islands OUTDOOR ACTIVITIES, including scuba diving, snorkeling, and surfing The best NIGHTLIFE COVERAGE, from the big cities to the remote islands The world's favorite children's series, fully revised with brand new components! The Cambridge Advanced Learner's Dictionary gives the vital support which advanced students need, especially with the essential skills: reading, writing, listening and speaking. In the book: \* 170,000 words, phrases and examples \* New words: so your English stays up-to-date \* Colour headwords: so you can find the word you are looking for quickly \* Idiom Finder \* 200 'Common Learner Error' notes show how to avoid common mistakes \* 25,000 collocations show the way words work together \* Colour pictures: 16 full page colour pictures On the CD-ROM: \* Sound: recordings in British and American English, plus practice tools to help improve pronunciation \* UNIQUE! Smart Thesaurus helps you choose the right word \* QUICKfind looks up words for you while you are working or reading on screen \* UNIQUE! SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing \* Hundreds of interactive exercises With a stunning new look in 2015, and with more new Rules than ever, get ready to experience the Rules effect. Begin to get more out of life, shrug off adversity more easily and generally be a happier, calmer, more fulfilled person. You'll feel the benefits, and so will everyone around you. It's your life. How good could it be? Teaching Online: A Practical Guide is a practical, concise guide for educators teaching online.

This updated edition has been fully revamped and reflects important changes that have occurred since the second edition's publication. A leader in the online field, this best-selling resource maintains its reader friendly tone and offers exceptional practical advice, new teaching examples, faculty interviews, and an updated resource section. New to this edition: new chapter on how faculty and instructional designers can work collaboratively expanded chapter on Open Educational Resources, copyright, and intellectual property more international relevance, with global examples and interviews with faculty in a wide variety of regions new interactive Companion Website that invites readers to post questions to the author, offers real-life case studies submitted by users, and includes an updated, online version of the resource section. Focusing on the "how" and "whys" of implementation rather than theory, this text is a must-have resource for anyone teaching online or for students enrolled in Distance Learning and Educational Technology Masters Programs. Success from the very beginning. Millions of children around the world have learned to speak English through the trusted methodology of Let's Go. Maximise children's talking time in class through dialogues, pair work and communicative games. This combined with the rhythm and melody of the acclaimed Carolyn Graham songs makes the language memorable. Success from the very beginning. Millions of children around the world have learned to speak English through the trusted methodology of Let's Go. Maximise children's talking time in class through dialogues, pair work and communicative games. This combined with the rhythm and melody of the acclaimed Carolyn Graham songs makes the language memorable. Pediatric Nephrology On-The-Go aims to be a hands-on and practical reference for pediatricians, pediatric nephrologists, dialysis nurses and physicians in training. This book is a compilation of the protocols and guidelines that are used in daily practice at the Shaw-NKF-NUH Children's Kidney Centre at the Khoo Teck Puat - National University Children's Medical Institute, Singapore. This book focuses mainly on the diagnostic approach and management of conditions seen in children with kidney disease. This 4th Edition contain extensive updates and revision to all chapters. There are 7 new chapters in the edition, encompassing key topics such as glomerulonephritis associated with anti-neutrophil cytoplasmic antibody (ANCA) positive vasculitis, membranous nephropathy, neurogenic bladder, immunosuppressive medications, Anti-CD20 monoclonal antibody therapy, recurrent focal segmental glomerulosclerosis post kidney transplantation and prolonged intermittent kidney replacement therapy (PIKRT). This updated edition introduces the basics of Java and everything necessary to get up to speed on the new 1.4 version quickly. CD contains the Java 2 SDK for Windows, Linux and Solaris. Improved through teacher feedback. More vocabulary work. More opportunities for review and recycling. New phonics activities. Updated material and a bright, new look. Revised syllabus for smoother progress across the levels. New support and choice, in class and at home. New CD-ROMs with the Student Books. New Phonics Workbooks with Audio CD. Skills Book with Audio CDs. New Readers series - 8 titles at each level. New lesson quizzes, unit tests, and review tests, mid-term exams, and final exams. New Let's Begin level for beginning students. New online support. A six-level course which combines a carefully-controlled grammatical syllabus with functional dialogues to produce practical, natural-sounding English.
