***Lloyd George Dec 19 2019 This fourth and
final volume of John Grigg's magnificent
biography opens with Lloyd George's
succession to the Premiership in December
1916, when Britain faced starvation and
defeat through the German U-boat
campaign, its allies France, Russia and Italy
were tottering, the Liberal Party was bitterly
divided and unrest in Ireland was growing.
Worst of all, military chiefs regarded
themselves as at least the equals of the
government. To resolve these crises
required ruthlessness, political genius and
leadership of the highest order. In this***

thrilling book we see one of Britain's most resourceful Prime Ministers in brilliant action, steering his country to victory.

British Political Leaders May 04 2021

Alphabetically arranged entries profile 198 people who filled the top four offices of the British state and the post of secretary of state for the colonies between 1730 and the present.

British Liberal Leaders Jul 18 2022 As the governing party of peace and reform, and then as the third party striving to keep the flame of freedom alive, the Liberal Party, the SDP and the Liberal Democrats have played an undoubtedly crucial role in the shaping of contemporary British society. And yet, the leaders who have stood at its helm - from Earl Grey to Nick Clegg, via William Gladstone, David Lloyd George and Paddy Ashdown - have steered the Liberal vessel with enormously varying degrees of success. With the widening of the franchise, revolutionary changes to social values and the growing ubiquity of the media, the requirements, techniques and goals of Liberal leadership since the party's origins in the struggle for the Great Reform Act

have been forced to evolve almost beyond recognition - and not all its leaders have managed to keep up. This comprehensive and enlightening book considers the attributes and achievements of each leader in the context of their respective time and political landscape, offering a compelling analytical framework by which they may be judged, detailed personal biographies from some of the leading academics and experts on Liberal history, and exclusive interviews with former leaders themselves. An indispensable contribution to the study of party leadership, British Liberal Leaders is the essential guide to understanding British political history and governance through the prism of those who created it.

Choosing a Leader Apr 15 2022 This fascinating study contains important new information and original insights into a poorly-understood political phenomenon: contests for party leadership. It describes, in far greater detail than has appeared before, the frequently bitter struggles over leadership selection which have plagued the Conservative, Labour, Liberal, Social Democratic, and Liberal Democrat parties.

Based on extensive interviewing with former party leaders, and careful analysis of leadership contests in each party, the book concludes that leadership selection rules rarely affect who stands for party leadership or who wins the contests.

Manly Leaders in Nineteenth-Century British Literature Sep 08 2021 Examines fantasies of charismatic, virile leaders in British literature from the 1790s to the 1840s.

The EQ Leader Apr 03 2021 A roadmap to success for tomorrow's leaders The EQ Leader provides an evidence-based model for exceptional leadership, and a four-pillar roadmap for real-world practice. Data collected from thousands of the world's best leaders—and their subordinates—reveals the keys to success: authenticity, coaching, insight, and innovation. By incorporating these methods into their everyday workflow, these leaders have propelled their teams to heights great enough to highlight the divide between successful and not-so-successful leadership. This book shows you how to put these key factors to work in your own practice, with clear examples and concrete

steps for improving skills and competencies. New data from the author's own research into executive functioning describes the neurological aspects of leadership, and a deep look at the leaders of tomorrow delves into the fundamental differences that set them apart—and fuel their achievement. Leadership is changing, both in look and practice; strictly authoritative approaches are quickly losing ground as today's workers discover the power of collaboration and the importance of interpersonal awareness. This book provides step-by-step guidance for leading from within this space, with evidence-based approaches for success. Lead authentically to inspire and motivate others Support employee's needs and nurture development Communicate with purpose, meaning, and vision Foster ingenuity, imagination, and autonomous thinking An organization's success rests on the backs of its leadership. At all levels, true leadership is about much more than management and task distribution—it's about commitment, collaboration, nurturing talent, developing skills, fostering relationships, and so much more. The EQ

Leader integrates the essential factors of successful leadership into a concrete blueprint for the future's leaders.

***British and Japanese Military Leadership in the Far Eastern War, 1941-45* Aug 27 2020**

Some sixty years after the Far Eastern War ended, this innovative new collection brings together five distinguished UK-based scholars and five from Japan to reappraise their respective country's leadership in the Malaya and Burma campaigns. This leadership is analyzed on various levels, ranging from the grand strategic to operational. The Japanese contributors examine the reasons for their forces, brilliant advances in 1941-42, whereas the British writers have to account for the disastrous defeat, characterized by the poor leadership of senior commanders such as Bennett and Percival. Between 1943 and 1945, the tables were turned dramatically, so the failure of Japanese command decisions then comes under critical scrutiny and the British have to explain how defeat was transformed into victory. Above all, this volume should stimulate interest in different methods and styles of military

leadership in view of the contrasting approaches of the British and Japanese in the Second World War.

British Political Leaders (1903) Jun 24 2020
This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Disjunctive Prime Ministerial Leadership in British Politics Sep 27 2020
This book illustrates the cyclical pattern in the kinds of dilemmas that confront political leaders and, in particular, disjunctive political leaders affiliated with vulnerable political regimes. The volume covers three major episodes in disjunction: the interwar crisis between 1923 and 1940, afflicting Stanley Baldwin, Ramsay MacDonald and Neville Chamberlain; the collapse of Keynesian welfarism between 1970 and 1979, dealt

with by Edward Heath, Harold Wilson and James Callaghan; and the ongoing crisis of neoliberalism beginning in 2008, affecting Gordon Brown, David Cameron and Theresa May. Based on this series of case studies of disjunctive prime ministers, the authors conclude that effective disjunctive leadership is premised on judicious use of the prime ministerial toolkit in terms of deciding whether, when and where to act, effective diagnostic and choice framing, and the ability to manage both crises and regimes.

***Great leaders in British history Feb 25 2023
Tape Leaders Dec 11 2021 In post-war Britain everybody was a maker; building and fixing radios, cameras, tape recorders, guided by a range of magazines for the home engineering enthusiast. Encouraged by Amateur Tape Recording, Practical Electronics and a network of tape clubs around the country, men, women and families gathered together to make and share their recordings. Based on years of research, interviews and rummaging through boxes of mouldy reel-to-reel tapes and magazines, Tape Leaders is the***

definitive history of this remarkable lost world of English music.

Serve to Lead Jul 06 2021 The original British Army anthology on leadership, used to train generations of officers, brings together the collected wisdom of great military leaders, tacticians and historians with the authentic voices of unknown soldiers. Moving, inspiring, amusing and thought-provoking, it teaches lessons about motivation, leadership and morale that are every bit as valuable to today's leaders and managers. Complete with a new introduction by Robin Matthews, who commanded the Light Dragoons in Iraq, on the background to 'Serve to Lead' and its relevance to his own career and experiences from Sierra Leone to Afghanistan.

Inspiring Leadership Jun 05 2021 Do you consider yourself to be a successful leader, or do you aspire to be so? If so then this book is for you. Do you wish to lead your teams in the most effective and energising way? Are you a follower seeking to be well led? Are you in the business of helping others to improve their performance? If you answer yes to any of these questions then

you'll find much to help you in these pages. From the authors own practical experience, from his observation of other leaders and from his wide research he found that people who have become highly respected usually display the eight characteristics described within the inspiring leadership philosophy. Employing these qualities is how they manage to get others to follow them willingly. You could do the same. A coaching client, Sarah Jane Mills, who critically reviewed a draft of this book, described the benefits as follows: "This is a fresh approach to leadership and it is named perfectly. It brings together a wealth of different ideas and concepts under a very clear and simple set of 8 principles. This is about leadership based on relationship. It gives people permission to be inspiring leaders. You can analyse your own strengths, weaknesses, opportunities and threats using the compass and you will be given a set of tools to develop your skill so you become a better inspiring leader. If you focus on these principles you will affect others in a highly positive way."

***US and British Military Leaders during the
American Revolution - History of the United
States | Children's History Books Dec 31***

2020 History tells us stories of leaders from both sides of the fence. By knowing who these military leaders were and what they did, you'll be able to understand better the events and decisions made during the American Revolution. Memorizing names and dates can be pretty difficult so we included some powerful images to appeal to your photographic memory too.

Prime Ministers in Power Jan 20 2020 A study of prime ministerial leadership in Britain and Australia. Tony Blair and John Howard were election winning leaders in two similar countries. They succeeded in dominating politics for over 10 years, but both fell dramatically from office. This book asks how these prime ministers established such predominant positions.

British Political Portraits Feb 01 2021

Churchill on Leadership Mar 22 2020

Success often depends on the strength of a single quality: leadership. Winston Churchill is universally recognized as one of the 20th century's great political leaders and his words ring just as true in the world of commerce. A wise, witty, and inspiring leader, Churchill ran Great Britain like a great corporation. "Perhaps the finest book on practical leadership ever written." — Brian Tracy

Churchill on Leadership demonstrates that the principles that guided Churchill ably translate to private industry today. Author Steven F. Hayward gives strong evidence that, if you remove Churchill from his political context, he would have the resume to be among the great business leaders of any age. Churchill:

- was a financier (as chancellor of the Exchequer) and labor negotiator (as home secretary)***
- managed a large transportation network (as head of the British Navy) and far-flung property holdings (as colonial secretary)***
- persevered through bankruptcies and other financial disasters***
- conceived and introduced innovative new products over the opposition of his***

colleagues, and reorganized major production operations in the midst of crisis. With wit and insight, Hayward reveals Churchill's secrets for business success from assembling and inspiring a first-rate team to preparing a wise budget, from communicating a vision to structuring effective meetings, from acting decisively to rebounding from a failure. Laced with epochal events from the historical stage, enlivened with stimulating speculation, and leavened with wit, Churchill on Leadership is both an enjoyable read and a thought-provoking lesson on leadership.

Choosing Party Leaders Jan 12 2022 This rigorous, seminal study of leadership selection in British Politics focuses on the Conservatives and Labour Party to explore the skills needed to be an effective leader over the course of the 20th and into the 21st Century.

British Conservative Leaders Nov 22 2022 As the party that has won wars, reversed recessions and held prime ministerial power more times than any other, the Conservatives have played an undoubtedly crucial role in the shaping of contemporary

British society. And yet, the leaders who have stood at its helm - from Sir Robert Peel to David Cameron, via Benjamin Disraeli, Winston Churchill and Margaret Thatcher - have steered the party vessel with enormously varying degrees of success. With the widening of the franchise, revolutionary changes to social values and the growing ubiquity of the media, the requirements, techniques and goals of Conservative leadership since the party's nineteenth-century factional breakaway have been forced to evolve almost beyond recognition - and not all its leaders have managed to keep up. This comprehensive and enlightening book considers the attributes and achievements of each leader in the context of their respective time and diplomatic landscape, offering a compelling analytical framework by which they may be judged, detailed personal biographies from some of the country's foremost political critics, and exclusive interviews with former leaders themselves. An indispensable contribution to the study of party leadership, British Conservative Leaders is the essential guide to understanding British political history

and governance through the prism of those who created it.

British Labour Leaders Jan 24 2023

Considering the qualities of leaders from this historic party, among them some of the towering figures of British political history, this book places each in the context of their respective time and political landscape. From Keir Hardie to Ed Miliband, and featuring eight Labour prime ministers since the inauguration of James Ramsay MacDonald, it offers an analytical framework by which those leaders may be judged, and a detailed personal biography of each.

British Labour Leaders Feb 13 2022 As the party that championed trade union rights, the creation of the NHS and the establishment of a national minimum wage, Labour has played an undoubtedly crucial role in the shaping of contemporary British society. And yet, the leaders who have stood at its helm - from Keir Hardie to Ed Miliband, via Ramsay MacDonald, Clement Attlee and Tony Blair - have steered the party vessel with enormously varying degrees of success. With the widening of the

franchise, revolutionary changes to social values and the growing ubiquity of the media, the requirements, techniques and goals of Labour leadership since the party's turn-of-the twentieth- century inception have been forced to evolve almost beyond recognition - and not all its leaders have managed to keep up. This comprehensive and enlightening book considers the attributes and achievements of each leader in the context of their respective time and diplomatic landscape, offering a compelling analytical framework by which they may be judged, detailed personal biographies from some of the country's foremost political critics, and exclusive interviews with former leaders themselves. An indispensable contribution to the study of party leadership, British Labour Leaders is the essential guide to understanding British political history and governance through the prism of those who created it.

Personality Politics? Feb 19 2020

Personality Politics? assesses the role that voters' perceptions and evaluations of leaders play in democratic elections. The book presents evidence from an array of

countries with diverse historical and institutional contexts, and employs innovative methodologies to determine the importance of leaders in democracies worldwide. Addressing such questions as 'Where do leaders effects come from?', 'In which institutional contexts are leader effects more important?' and, 'To which kinds of voters are leaders a more prominent factor for voting behaviour?', the authors seek to determine whether the roles leaders play enhances or damages the electoral process, and what impact this has on the quality of democracy in electoral democracies today.

Opinions of English Socialist Leaders on British Rule in India Aug 07 2021

21 Leaders for the 21st Century Aug 19 2022* *21 Leaders for the 21st Century redefines leadership. Trompenaars and Hampden-Turner tap into the wisdom of high-performing leaders from around the globe, from Michael Dell to Acer's Stan Shih and from Richard Branson to Russian politician and banker, Sergei Kiriyenko. These business giants candidly reveal their personal experiences of business dilemmas.

21 Leaders for the 21st Century uses these important insights into the nature of leadership to show today's managers how to understand and use the seven dilemmas of leadership.

On Leadership Oct 29 2020 There have been many books on leadership, but here at last is one that actually draws on the wisdom of those in the know. Acting on his belief that you get the most done in the first twenty minutes of a meeting, Allan Leighton invited Britain's top busine

Communicating and Strategising Leadership in British Elections Oct 21 2022 This book concentrates on the leaders of the Conservatives, Labour and Liberal Democrats in British general election campaigns between 2010 and 2019, by exploring where they visit during the campaign and why, the impact they have, and how leadership is represented in the Press. It establishes the key strategic underpinnings for their visits, and the types of activities they undertake - in a uniquely British context. The degree to which leaders - and their visits - form an important dimension of voter behaviour is also

considered. Moreover, the book explores how the Press delve into the personal lives of lesser-known opposition leaders and scrutinise the policies of Prime Ministers. The types of visits by leaders that become newsworthy are identified alongside their importance as a framing tool in election reporting. Beyond the leaders themselves, press reporting on their personal relationships is scrutinised, showing an increased acceptance of active partnership.

***Fifty Leaders of British Sport Nov 29 2020
Leaders Apr 22 2020 'People don't quit their jobs, they quit their bosses... The action of leadership is not leading, it's teaming... Leadership is the ecosystem that the leader cultivates' General Stanley McChrystal In Leaders, retired four-star General Stanley McChrystal has written a passionate call to arms, looking to redefine what it means to be a successful leader in today's world. The bestselling author dismantles the outdated Great Man theory of leadership proving that exceptional leaders are not defined by their personalities or achievements but the environments they cultivate. By profiling***

pairs of iconic leaders from Alexander the Great and Mark Zuckerberg to Winston Churchill and Steve Jobs to Robert E. Lee and Harriet Tubman, McChrystal analyses how each has responded to similar challenges and what we can learn from them. His research, bolstered by decades of management experience from his first day at military academy to his most recent work with the corporate clients of the McChrystal Group, leads him to construct a groundbreaking new paradigm: Effective leadership is not about the leader themselves but the environment they create.

Leaders of the Opposition Mar 02 2021 Timothy Heppell brings together a renowned group of contributors to consider the role of the Leader of the Opposition in British Politics. The book argues that the neglect of opposition studies needs to be addressed, especially given the increasing importance attached to the performance the Leader of the Opposition in the British political system.

Electing and Ejecting Party Leaders in Britain Sep 20 2022 The Conservatives, Labour and the Liberal Democrats each

allow their members to participate in the selection of the party leader. It also examines the consequences of all-member ballots in leadership elections. It looks at how parties remove leaders, showing that each of the major British parties sought to make it harder to evict incumbents.

Wounded Leaders May 16 2022 Political leaders in Britain are consistently drawn from a class born to be educated away from their families in institutions - elite boarding schools. This has a direct effect on their ability to love, to relate, to make good judgments and to develop the necessary leadership qualities for today's world. In this controversial and highly acclaimed book, the author guides the reader along the elite path through boarding school and Oxbridge to government, unpacking what he calls the Entitlement Illusion. Central to the Illusion is a uniquely British phenomenon, an industrialised process for turning out servants of the Empire that has been unwilling to change with the times. It was deified in the Victorian Rational Man Project and normalised by the British public, who still buy into the trance. Up to

date evidence from Neuroscience shows what a poor training for leadership this actually is.

English Leadership Oct 17 2019

The Habit of Excellence Dec 23 2022 The official British Army book on what makes its leadership so successful, and how to become a better leader yourself - whatever your field. _____

'If you want to become a better leader, read this book'

Eddie Jones 'An extraordinary read for any leader. Truly brilliant'

General Stanley

McChrystal, author of Team of Teams

'Excellent. Offers proven tools and

strategies' ***Matthew Syed*** _____

The Habit of Excellence is a unique insight into British Army leadership, explaining what makes it unique, what makes it so effective and what civilians can take from it to become better leaders themselves.

Drawing on the latest research in military history, business, sociology, psychology and behavioural science, and with compelling illustration from British Army operations across the centuries, Lt Col Langley Sharp MBE goes beyond the latest leadership fads to distil into one peerlessly authoritative work the essence of leading and leadership

from one of the world's most revered institutions. _____ 'Excellent. It's hard to see how any leader, whatever their field, wouldn't benefit from reading and rereading it' New Statesman 'Offers lessons for all managers' Financial Times 'Valuable in any walk of life' General Sir Mike Jackson, former Chief of the General Staff 'Very readable. I could not recommend this exceptional book more' General The Lord David Richards, former Chief of the Defence Staff 'Comprehensive and clearly written' Karin von Hippel, Director-General of RUSI 'Terrific. Full of insights and lessons' General David Petraeus, former Director of the CIA

Leaders' Personalities and the Outcomes of Democratic Elections Jul 26 2020 The conventional wisdom purveyed by the press and television and accepted as true by most politicians is that elections throughout the democratic world are personal clashes between individual presidential candidates and party leaders. Almost everyone assumes that election outcomes are frequently determined by the major candidates' personal characteristics. In the United

States, Al Gore in 2000 came over as aloof and arrogant--and failed to win his expected victory. In Great Britain, Tony Blair in 2001 came across as dynamic and personable--and won a second term. So personal charisma appears to yield electoral success. This study by eminent scholars on both sides of the Atlantic suggests that the conventional wisdom is wrong. Survey research conducted in recent decades indicates that relatively few voters are swayed by candidates personal characteristics. Far more important are voters' longstanding party loyalties, their views on issues, and their judgments of how well or badly presidents and parties have performed--or will perform--in office. The votes of even the few electors who are swayed by candidates' personalities usually cancel each other out. As a result, election outcomes are seldom decided by individual candidates' personal images. Occasionally, but not often. Ronald Reagan and Bill Clinton owed their election victories more to economics than to charm. At the end of World War II, the charismatic Winston Churchill lost the 1945 British general

election; the colorless Clement Attlee won. Chancellor Helmut Kohl remained in power in Germany for a generation-but was never personally popular. Russian voters reckoned that Boris Yeltsin could not hold his drink- but nevertheless elected him. The implications of the authors' analyses are profound. They suggest that modern democratic politics is not nearly as candidate-centered and personality-oriented as is often supposed. They also suggest that parties' policies and their performance in office usually count for far more than the men and women they choose as their leaders. Not least, the authors suggest that the efforts of political consultants, advertising agencies, and spindoctors are often misdirected.
