The concept of university language centres has changed in recent decades. Initially conceived as laboratories for practical and autonomous language-learning, they are now considered as places with more specific and complex functions in language teaching and learning. University language centres now constitute networks for exchanging knowledge and know-how in order to respond to ever-changing, multilingual and multicultural contexts. At the same time, the availability and acquisition of new technologies is contributing to

the creation of new tools for the provision of appropriate services and training. This collection covers a wide range of topics related to the activities, experiences and applied research carried out in Italian university language centres. It provides further evidence of the important role university language centres play in promoting language expertise, developing tools and adopting digital resources, and providing support and training for language teaching. Technology, creativity, methodologies and plurilingualism are key topics in the book as they constitute the essential ingredients for effective and successful language teaching and learning. The volume's thirty-three chapters provide multi-perspective approaches, showing how the real contexts of current language education need the integration of theoretical backgrounds with the best practices resulting from practical experience. The essays included in this collection examine issues such as identity and ideology which are at play in the female autobiography practice, along with the problematicity that these trigger in terms of self-representation and traditional formal boundaries. The women writers analyzed here through mainly historical, literary, feminist and psychoanalytic lenses cover a long period in the history of Italy, spanning from the Fascist era to our time. In an attempt to organize and connect these texts which are chronologically far apart, we have divided our contributions into two main parts. The first, "Shapes of Ideology," includes authors interacting primarily with political ideology in a way that eventually entails the challenge of the official "technologies of gender" (De Lauretis, 1987) and implicitly, a reflection on the gendered identity. In the second part, "Reconsidering ideology, negotiating autobiography," while the political ideology is not completely excluded, it becomes however something more internalized and relevant to the writers' quest for identity. Such process bears consequences with respect to the canon of autobiography, as authors experiment with new forms of autobiographical narratives and readers become more and more an integral component of this personal endeavor. A new edition of the bestselling classic - published with a special introduction to mark its 10th anniversary This pioneering account sets out to understand the structure of the human brain - the place where mind meets matter. Until recently, the left hemisphere of our brain has been seen as the 'rational' side, the superior partner to the right. But is this distinction true? Drawing on a vast body of experimental research, Iain McGilchrist argues while our left brain makes for a wonderful servant, it is a very poor master. As he shows, it is the right side which is the more reliable and insightful. Without it, our world would be mechanistic - stripped of depth, colour and value. Chi è un Ceo se non un Ulisse contemporaneo sempre pronto a salpare verso nuove rotte, celando la paura dietro uno sguardo curioso e fiero? Un Chief Executive Officer è chiamato a dirigere l'azienda tra tempeste e arcobaleni, senza mai perdere di vista la meta e la sua Itaca. A volte vorrebbe tornare nel caldo del suo rifugio ma è sempre costretto a scommettere sul futuro e a rischiare tutto. Quante domande avreste voluto fare a un Ceo e non avete fatto per timore o soggezione? Ci si potrebbe chiedere se ogni tanto anche un Ceo nutre dei dubbi, ha momenti di debolezza, fatica ad alzarsi al mattino, ama, si arrabbia e si commuove. Attraverso dieci interviste ad amministratori delegati italiani, Marco Rosetti cerca di indagare il loro mondo, tra business e

vita privata, per far emergere quei «non detti» difficili da confessare. Le conversazioni che in questo libro prendono corpo sono la testimonianza di incontri, intrecci e relazioni che rendono il mondo dei Ceo un universo tutto da esplorare. La tranquillità di un piccolo centro rurale viene scossa da una efferata e sanguinosa rapina in villa. Stesa a terra non rimane la vittima prescelta, bensì uno dei predoni, sospettato di appartenere a una delle tante bande che scorrazzano nel Bel Paese nella quasi assoluta impunità. Gerry Donati, un investigatore privato, viene incaricato di recuperare il cospicuo bottino che i compari del morto sono riusciti a portar via. Con l'ausilio di un singolare collaboratore, indaga mettendo a nudo vizi e debolezze di una società perbenista e tranquilla solo in apparenza, scoprendo scomode e insospettabili verità. La vicenda si svolge nella cornice della ricca provincia veneta, nella quale i radicati costumi locali si intrecciano con le problematiche ormai globali dei nostri tempi.
