#1 WALL STREET JOURNAL BESTSELLER * NEW YORK TIMES BESTSELLER New York Times finance editor David Enrich's explosive exposé of the most scandalous bank in the world, revealing its shadowy ties to Donald Trump, Putin's Russia, and Nazi Germany "A jaw-dropping financial thriller" —Philadelphia

Inquirer On a rainy Sunday in 2014, a senior executive at Deutsche Bank was found hanging in his London apartment. Bill Broeksmit had helped build the 150-year-old financial institution into a global colossus, and his sudden death was a mystery, made more so by the bank's efforts to deter investigation. Broeksmit, it turned out, was a man who knew too much. In *Dark Towers*, award-winning journalist David Enrich reveals the truth about Deutsche Bank and its epic path of devastation. Tracing the bank's history back to its propping up of a default-prone American developer in the 1880s, helping the Nazis build Auschwitz, and wooing Eastern Bloc authoritarians, he shows how in the 1990s, via a succession of hard-charging executives, Deutsche made a fateful decision to pursue Wall Street riches, often at the expense of ethics and the law. Soon, the bank was manipulating markets, violating international sanctions to aid terrorist regimes, scamming investors, defrauding regulators, and laundering money for Russian oligarchs. Ever desperate for an American foothold, Deutsche also started doing business with a self-promoting real estate magnate nearly every other bank in the world deemed too dangerous to touch: Donald Trump. Over the next twenty years, Deutsche executives loaned billions to Trump, the Kushner family, and an array of scandal-tarred clients, including convicted sex offender Jeffrey Epstein. *Dark Towers* is the never-before-told saga of how Deutsche Bank became the global face of financial recklessness and criminality—the corporate equivalent of a weapon of mass destruction. It is also the story of a man who was consumed by fear of what he'd seen at the bank—and his son's obsessive search for the secrets he kept.

Are You Looking For A Great Gift For Someone Close To You? Then You Will Love This Happiness Is Not In The Mere Possession Of Money; It Lies In The Joy Of Achievement, In The Thrill Of Creative Effort. Lined Notebook. You Can Use It As A Business Planner, Journal Or Notebook. The Matte Soft Cover Paperback Journal Is Conveniently Sized At 6x9 Inches (15.24 x

22.86 cm) And Has 120 Lined Pages. Also Great For Taking Notes, Journaling Task List Or As A Schedule Diary. "Veteran FBI agent Mark Bouton shows you how to perceive when someone is trying to trick you by interpreting his body language, facial expressions, and verbal "tells." Bouton uses photographs and specific examples of how detecting lies helped him nab killers, kidnappers, bank robbers, con men, and bombers. The same techniques can help you spot when family, friends, lovers, salesmen, and repairmen are trying to deceive you"--Product description from Amazon.com. Identifies the misleading qualities of popular investment practices to counsel readers on how to protect long-term goals, in a guide that demystifies complex financial concepts while outlining a detailed plan for taking control of one's investments. By the author of Ordinary People, Extraordinary Wealth. 100,000 first printing. "Accurate and highly readable." —Wall Street Journal Emmy award-winning journalist Andrew Kirtzman, explores "The Life and Lies of Bernie Madoff" in Betrayal—an in-depth, personal look at the architect of the biggest financial fraud in history. The New York Times calls Betrayal, "a novelistic, you-are-there sort of narrative," and the shocking story of the King of the Swindlers—and his hundreds of celebrity and corporation victims, and the everyday people who tragically invested their life savings with him—does indeed read like a page-turning thriller. But it's all amazingly, disturbingly true. Are you sick and tired of all the LIES and Bull Sh*t work from home and get rich quick books? Are you sick of your job? Do you still have one? Do you want your own business? If you answered yes to any of those questions, you need to read this book! This book is full of No Bull Sh*t actionable business ideas with data to back them up, You need to read this book, no matter what career circumstance you happen to be in; this "How To Manual" will change your life by showing you how to set up one or multiple income streams that will produce money for you full time or part time. For instance, did you know that the used

clothing market in 2019, was valued at seven billion U.S. dollars and it is projected that this market will grow to 36 billion U.S. dollars by 2024. This is what I mean by useable data This book will explain how to start and successfully operate a legitimate home-based business to either get cash quickly when you need it or operate for the long term. No long term study, college degree or special training is required for the businesses described in this book. Where applicable I give you the what, where and how to start and succeed. This is a fun informative read, by the time you finish this book you will not look at your job and career in the same way because Knowledge Is Power. Please scroll to the top of the page and hit the BUY BUTTON. Thank You, VL Ricketts This is the most comprehensive and up-to-date investigation of moral and conceptual questions about lying and deception. Carson argues that there is a moral presumption against lying and deception that causes harm, he examines case-studies from business, politics, and history, and he offers a qualified defence of the view that honesty is a virtue. The Real Truth About Money. This exciting book explodes the myths about prosperity and addresses some of the lies that tend to blind us. The Truths revealed in this book will help you become a winner in the financial arena of your life and see that God's Investment Plan really does work. An entertaining, deeply informative explanation of how high-level financial crimes work, written by an industry insider who's an expert in the field. The way most white-collar crime works is by manipulating institutional psychology. That means creating something that looks as much as possible like a normal set of transactions. The drama comes later, when it all unwinds. Financial crime seems horribly complicated, but there are only so many ways you can con someone out of what's theirs. In Lying for Money, veteran regulatory economist and market analyst Dan Davies tells the story of fraud through a genealogy of financial malfeasance, including: the Great Salad Oil swindle, the Pigeon King International fraud, the fictional British colony of

Poyais in South America, the Boston Ladies' Deposit Company, the Portuguese Banknote Affair, Theranos, and the Bre-X scam. Davies brings new insights into these schemes and shows how all frauds, current and historical, belong to one of four categories ("long firm," counterfeiting, control fraud, and market crimes) and operate on the same basic principles. The only elements that change are the victims, the scammers, and the terminology. Davies has years of experience picking the bones out of some of the most famous frauds of the modern age. Now he reveals the big picture that emerges from their labyrinths of deceit and explains how fraud has shaped the entire development of the modern world economy. This book offers a rich philosophical and historical perspective on the mechanics, moral dilemmas, and rippling implications of psychoanalysis. Original, witty, incisive, these essays provide a new understanding of the uses and abuses and the ultimate significance of truth telling and lying, trust and confidence as they operate in psychoanalysis

Stone Barrington takes on a client who gives him a run for his money in this heart-stopping thriller from #1 New York Times bestselling author Stuart Woods. Fresh off the runway at Teterboro, Stone Barrington arrives home to find an unexpected new client on his doorstep, anxiously soliciting his help. But everything is not as it seems, when the client reveals the true nature—and value—of his recent turn of fortune. From luxury New York high-rises to the sprawling New Mexico desert, his client is pursued from all angles...and Stone quickly learns that easy money isn't always so easy. Foreign aid is about charity. International development is about technical fixes. At least that is what we, as donor publics, are constantly told. The result is a highly dysfunctional aid system which mistakes short-term results for long-term transformation and gets attacked across the political spectrum, with the right claiming we spend too much, and the left that we don't spend enough. The reality, as Yanguas argues in this highly provocative book, is that aid isn't - or at least shouldn't be - about levels of

spending, nor interventions shackled to vague notions of 'accountability' and 'ownership'. Instead, a different approach is possible, one that acknowledges aid as being about struggle, about taking sides, about politics. It is an approach that has been quietly applied by innovative development practitioners around the world, providing political coverage for local reformers to open up spaces for change. Drawing on a variety of convention-defying stories from a variety of countries - from Britain to the US, Sierra Leone to Honduras - Yanguas provides an eye-opening account of what we really mean when we talk about aid. "Originally published in Great Britain in 2018 by Profile Books."--Title page verso.

Is it possible that everything you have been told about building wealth is wrong? For decades, typical financial planning has sold itself on perpetuating a fundamental lie-that you can reach prosperity through its methods. But truly prosperous individuals don't follow typical financial planning. They know that most mainstream money advice is not intended to make you wealthy; it is intended to keep you from being poor. Big difference. And like any advice for the masses, it is geared toward the lowest common denominator. Busting the Financial Planning Lies strips away the myths surrounding money and charts a course toward true prosperity. This book is not for everyone-it is for those of you who sense there is a greater truth than what you hear on the typical cable TV money show or financial talk radio program. You want to zig when others zag. Among other things, this book challenges several popular money mantras: Your home is your best investment. Put as much money into your 401(k) as possible. The stock market can make you rich. Make extra payments toward your mortgage. Life insurance is something only beneficial in the event of your death. The time is now to decide whether you want to strategize for comfort or prosperity. This book will not only help you make that decision, but will reveal the atypical ways prosperity-minded people make their money work for them. Money matters can be stressful and fraught with

emotion. How much we earn, spend, save, and owe can get tied up with our feelings of self-worth and relationships with others. The story set out here is one of people and money. A great deal of money. It's a story of greed and opportunity. It's a story of deception and betrayal. The story spans continents, but only a very few people. Maybe you have heard of the email scams where a businessman, minor royal, or politician asks for help in retrieving a fortune? They promise considerable rewards for your help, and of course your bank details. Suppose it happened but was it no scam? Suppose it happened to you and was genuine? Our story is about something very similar happening but not as you might expect and with the most unexpected of outcomes. This book introduces capacity management, describes cash flow dynamics, and offers ideas about how to manage both. Business leaders rely on accounting data such as profit and calculated costs as a guide to whether they are making money. Should they? Accounting was designed to report financial performance not model cash flow. Accruals can disconnect cash flow from the timing and extent to which it occurs. Statements of cash flow do not provide insight into what was bought and how efficiently it was used. Costs and profits are not absolute, they change based on the model you use to calculate them. To manage cash, you must manage what you buy and how effectively you use it. The largest expenditure for most companies is capacity; space, labor, materials, equipment, and technology. Unless you model and manage capacity effectively, you will not achieve the cash flow results you seek. This book introduces capacity management, describes cash flow dynamics, and offers ideas about how to manage both. After reading it, you be able to see, understand, and manage cash flow as never before. *** Special Offer - Buy 1, Get 2 *** You are about to discover some astonishing secrets about money and its creation - and how it involved over the centuries in Europe, Asia, and the United States. This bundle is going to help you understand the money's nature so that you can

acquire more of it. You'll gain valuable insights about the monetary system we live today that are going to give you an unfair advantage over the today's economy. Throughout the centuries money has changed, moving from one form to another. It's very valuable to see how money progressed and where money stands today. Furthermore, you are about to witness the development of money and banking as a catalyst for the advancement of the economy today. You are about to discover astonishing secrets about money - and how it is widely misunderstood. That's why most people are poor and live their lives in a quiet desperation. They simply do not know what I am about to share with you in this money bundle. Here's what you'll learn: - Common lies about money and wealth and what's the truth? - How today's system is designed, and why should you care in order to master money? - How to "stand out" in today's economy? - What's the best way to achieve your financial independence? - Government secrets revealed! - How money and power relate to one another? - What's preventing you from getting the money you want, and what to do about it? - How to avoid some of the pitfalls that are preventing you from the success you want? - Common assumed constraints, limitations, and self-convictions that are keeping you poor - and how to eliminate them? - How to master the "emotions of money?" - And much more... Grab your copy! Is life insurance a bad investment? Don't I lose all my cash value when I die? Shouldn't I just make a bundle and invest it instead? What about my spouse or my kids-do they need life insurance? Can I borrow money from (or is it against?) a life insurance policy? My insurance advisor told me one thing about insurance, but my financial planner gave me different advice, and an expert on TV said something else entirely. What do I do now? Help! Every day, people like you and me run into questions like these-and no good answers. The truth about life insurance is that myths, misunderstandings, and even outright lies cause a lot of uncertainty around what it is, how it

works, who needs it and when, and-most importantly-the great benefits it can bring to your life. This book is here to clear up all that confusion. With combined experience of over fifty years in the life insurance industry, Kim Butler and Jack Burns know what's true and what isn't. They've seen what works and what fails. They've lived through every success and failure the industry can throw at them. And they're fed up with seeing smart, well-meaning people fall for costly half-truths and mix-ups because they just can't find the right information. *Busting The Life Insurance Lies* takes the 38 biggest, loudest myths around life insurance and breaks them wide open. Whether you're wondering if life insurance is right for you, wanting to understand how it can help you while you're still alive, or even an insurance advisor yourself, this book will guide you to the answers you need to make the clearest, most informed decision-one you'll feel good about for the rest of your life. From the #1 "New York Times"-bestselling author of "Ordinary People, Extraordinary Wealth" comes this insider's view into how today's investment practices have become so misleading and manipulative that investors must take charge of their own finances. Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people.

Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In *The Psychology of Money*, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics. The author uses his perspectives and insights into financial events and crises in his lifetime as well as references

drawn from Dr. R. Buckminster Fuller's 1983 work, *Grunch of giants* and Steven Brill's May 28, 2018 *Time* magazine article to illustrate what may be on the world's financial horizon and how individuals can better insulate their finances from these possible events. When readers want financial advice (and who doesn't these days?), they turn to experts such as Russ Crosson, CEO of Ron Blue & Co., the highly successful Christian-based financial planning advisory firm. In this important book, Russ teams up with gifted communicator Kelly Talamo to offer readers the truth about popular money lies that influence the spending decisions of millions of Americans. Through the use of everyday stories about men and women who wrestle with spending decisions everyone faces, the authors expose the lies involved and give truth principles based on the Bible to refute the lies. Common lies include: 10 percent is God's, 90 percent is mine I can't afford to give My security is in my investments My talents and abilities produce my wealth The harder I work, the more money I make Readers will be better equipped to manage money, make informed financial decisions, and use their money wisely as they replace the common money lies they've been taught with the truth of the Bible. *The Lies of Money: Who are you Being is dedicated to all of you out there struggling with money. To all of you feeling like the debt or financial worry you are in is a big black hole that you will never climb out of or get beyond. You can have the living you desire. You can create the money, cash, currencies, investments, and vacations you like. Choose You Commit to You Discover why money isn't the root of all evil. As the pastor of your church, you possess a large amount of responsibility to shepherd your flock well. This calling can be especially difficult in the midst of financial pressure. While God doesn't need money to perform miracles, your church needs money to survive. Due to the large amount of misconceptions regarding money in the Christian community, it can be very hard for pastors to talk to their church about their need for it. But what*

if it didn't have to be hard? What if you could talk about money in your church freely? You can. In *The Stewardship Movement*, you will uncover the lies penetrating the Christian community in regard to money. You will walk away equipped with the truth you need to combat these lies and lead your church to one of mission and growth. You will gain useful tools that you, your leadership and church members can utilize to manage your personal finances in an effort to bring awareness to this issue that has been hiding in the dark. It is time to shine a light on this topic, it is time to debunk the lies that are holding millions of Christians back from understanding why they aren't advancing, it is time to live free!

With shocking new details from Madoff himself *The definitive account of the world's biggest Ponzi scheme - an instant New York Times bestseller* Based on award-winning reporter Diana Henriques' unprecedented access to Madoff, including extensive correspondence and his first interviews for publication since his arrest, "*Bernie Madoff, The Wizard of Lies*" is the ultimate true-life financial thriller. 'Compelling.' Reni Eddo-Lodge A 'must-read book for 2022', as picked by Stylist More than one fifth of children want to become influencers and it's easy to understand why. What if you could escape economic uncertainty by winning the internet's attention? What if you could turn the adoration of your social media followers into a lucrative livelihood? But as Symeon Brown explores in this searing exposé, the reality is much murkier. From IRL streamers in LA to Brazilian butt lifts, from sex workers on OnlyFans to fraudulent cryptocurrency schemes, these are the incredible stories that lurk behind the filtered selfies and gleaming smiles. Exposing the fraud, exploitation, bribery, and dishonesty at the core of the influencer model, *Get Rich or Lie Trying* asks if our digital rat race is costing us too much. Revealing a broken economy resembling a pyramid scheme, this incredible blend of reportage and analysis will captivate and horrify you in equal measure. Trading is challenging for most people because they simply don't have

information, tools or confidence to become successful. This book is important for beginners because it tells it like it is and gives an inside look at trading the financial markets giving you the reality on what the live market is really like, the way they are really run and tells you who runs them and what you need to do as a self-directed beginner to survive in them. Let's face it, it's a well-known fact that 97% of brand new self-directed investors and traders fail and lose all of their money, why does this happen? It happens because brand new self-directed traders enter into this business with a bunch of misguided grandiose ideas of making a million dollars from trading and while you can surely make millions of dollars from trading you would need to be using hundreds of millions of dollars of capital to do so, no joke. As a brand new self-directed trader you have no idea of the brutality and volatility that goes on in the live markets on a daily basis and that there are people in the live markets who will walk over dead bodies to get paid so make no mistake as a beginner and think you can go in the live market and beat them, you can't. What you can do though is properly prepare yourself to trade with the best traders in the world and get paid right along with them instead of paying them. Once you have completed reading this entire book you will have a chance at competing with the best professional traders on the planet. The information in this book will put you on the fast track to being able to make an unlimited income for yourself and becoming consistently profitable enough from trading the financial markets to perhaps even making a living from doing it, isn't that the type of business you would like to be in? In this funny, irreverent, unique, eccentric memoir, magician Steve Spill reveals how he managed to survive decades inside a rarely profitable, sometimes maddening, but often deliciously rewarding offbeat showbiz profession—magic! Spill tells of how his tailor grandfather sewed secret pockets in a magician's tuxedo back in 1910, which started his childhood dream to become a magician. This dream took Spill on a journey that

started with him performing, as a young boy, at a “Beauty on a Budget” neighborhood house party to engagements in Europe, Africa, and the Caribbean, to today in Santa Monica, California, where he’s been starring in his own shows since 1998 at Magicopolis, the theater he designed and built himself. Being a magician has given Spill the opportunity to interact with the world’s most famous and fascinating people. In his memoir, Spill reveals the many unique encounters that his profession has led him to enjoy and endure: hosting Sting as his opening act one night, spending two days on camera with Joan Rivers, and selling tricks to Bob Dylan, as well as encounters with Adam Sandler, Stephen King, and other celebrities. I Lie for Money is a literary magic show that captures the highs and lows of an extraordinary life that will delight and amaze you with wit and wickedness. This book should be an obligatory read for anyone considering a creative career, and it serves as an inspiration to those who desire to craft an independent life. A Bestseller! The rollicking investigative book of the year, unveiling the world elite's most powerful secrets and sins, including Jeffrey Epstein, Ghislaine Maxwell, Prince Andrew, MBS , Howard Stern and many others. The stunning and groundbreaking six-volume book series by #1 NY Times bestselling author and award winning investigative journalist Ian Halperin. CONTROVERSY is the rollicking, scandalous, untold story behind the power, greed and corruption by the world's most powerful elite. Based on years of extensive research , undercover forays, and candid interviews, Halperin's no-holds barred investigation offers the most extensive journey ever into incredible, tumultuous and shadowy lives of the world's most famous, (alive or dead) , including The British Royal Family, The Kardashians, Bill Gates, Prince Harry, Meghan Markle, The Clintons, Donald Trump, Michael Jackson, Prince, Dr. Anthony Fauci, Michael Jordan, Howard Stern, Jeffrey Epstein, Angelina Jolie, Brad Pitt, Jennifer Aniston, Pope Francis, Mick Jagger, The Church of Scientology, Vladimir Putin, The Kennedys, Oprah

Winfrey, McDonald's and many more. CONTROVERSY will go down as the mother, definitive journalistic work about the abuse of power and celebrity by the world's rich and famous. In Volume I, Halperin goes for Royal blood. He reveals the real story of Prince Andrew's relationship with notorious sex offender Jeffrey Epstein and offers never before revealed testimony from a bevy of young girls who claim they were intimate with the Royal Prince. When Halperin wrote the best selling book about the seedy side of the fashion industry, *Bad&Beautiful*, he interviewed Epstein, one of the only interviews the serial pedophile ever gave to a journalist. Since then Halperin has followed the Prince Andrew saga extensively. His revelations about the disgraced Prince will make world headlines. They include allegations of rape, a secret sex tape and shady financial dealings. Halperin delves further into the fractured British monarchy, unleashing never-before-revealed details about Prince Harry and Meghan Markle's abrupt separation from the United Kingdom. He also offers up sizzling scandal on other public figures who profess to be royalty even though they are not true blue blood - including The King of Pop - Michael Jackson, Elvis Presley, music icon Prince, basketball star King LeBron James and the self-proclaimed King Of All Media - Howard Stern. Halperin provides an unparalleled glimpse into the events and scandals that have propelled these public figures to worldwide celebrity, for better or worse. Halperin takes the story much, much further, unveiling never before revealed page turning stories of coverups, deceit, sex, drugs, illegitimate children, and abuse of power. Note: Each volume will have a different cover. Ian Halperin is the #1 New York Times bestselling author who is widely regarded as one of the leading authorities in the world on pop culture. He is an internationally acclaimed , award-winning filmmaker, having directed and produced nine films that have sold to more than 150 countries. A specialist in undercover investigations, Halperin's subjects in the past include Michael Jackson, Lady Gaga, Kurt Cobain, Arnold

Schwarzenegger, The Kardashians, Whitney Houston, Roger Waters, Charlie Sheen, Angelina Jolie and The Church of Scientology. Praise for Ian Halperin: "A judicious presentation of explosive material" - The New Yorker "Halperin comes to the story determined to hold to the truth, no matter where it leads him." - The Times (U.K.) "A fascinating portrait... Halperin is an excellent writer." - Jackie Collins "under-the-microscope masterpiece of pop-culture reporting" - LA Weekly

Important What you don't understand about interest rates probably IS hurting you... financially Typical financial wisdom and advice is sometimes lacking, and at other times, altogether wrong. This book fills in important gaps about essential but little-understood financial topics you won't hear about from most financial advisors.

"Busting the Interest Rate Lies" corrects common financial myths such as: Purchasing a car with 0% dealer financing is the best way to buy a car; You always save money by paying cash for major purchases; A 15-year mortgage is more efficient than a 30-year mortgage; Earning a higher rate of interest on your investments is the key to amassing a small fortune over time. Additionally, you'll discover rarely-discussed facts about: What student loan debt costs the average college graduate; What the banks don't want you to know about credit cards; Insider information on how to get the best deal on a car; Finally An accurate comparison of buying vs. renting; Why "average" investment rates of return don't equal "actual" rates of return; And an analysis of Life Settlements-the best investment you may have never heard of Whether you are just learning to manage your money or whether you are an experienced investor, "Busting the Interest Rate Lies" offers information to help you avoid common financial mistakes and put MANY thousands of dollars into your pocket "

The Lies of Money: Who are you Being is dedicated to all of you out there struggling with money. To all of you feeling like the debt or financial worry you are in is a big black hole that you will never climb out of or get beyond. You can

have the living you desire. You can create the money, cash, currencies, investments, and vacations you like. Choose YouCommit to You 'This book should be sold with a bottle of blood-pressure pills. Walker's depiction is meticulous and unsparing' The Times 'Vital financial journalism with heart' Emma Barnett, BBC The definitive account of the Neil Woodford scandal from the award-winning FT journalist who first broke the story. This is the gripping tale of Britain's top investor's fall from grace and the shattering consequences. The proud owner of a sprawling £14m estate in the Cotswolds, boasting a stable of eventing horses, a fleet of supercars and neighbouring the royal family, Neil Woodford was the most celebrated and successful British investor of his generation. He spent years beating the market; betting against the dot com bubble in the 1990s and the banks before the financial crash in 2008, making blockbuster returns for his investors and earning himself a reputation of 'the man who made Middle England rich'. As famous for his fleet of fast cars and ostentatious mansions, he was the rockstar fund manager that had the lifestyle to match. But, in 2019, after a stream of poorly-judged investments, Woodford's asset management company collapsed, trapping hundreds of thousands of rainy-day savers in his flagship fund and hanging £3.6bn in the balance. In Built on a Lie, Financial Times reporter Owen Walker reveals the disastrous failings of Woodford, the greed and opulence at the heart of his operation, the flaws of an industry in thrall to its star performers and the dangers of limited regulation. With exclusive access to Woodford's inner circle, Walker will reveal the full, jaw-dropping story of Europe's biggest investment scandal in a decade. Money Lies and Betrayal is a story about Richie Bandz, a young man who has the world at his feet, a hustle guaranteed to make him rich and a weakness for women. In his pursuit of chasing money, Rich makes a series of bad choices and encounters numerous setbacks. When Rich meets K-Murder, all bets are off. She is infamous in the DMV area and known for

putting in the work. Together Rich and K-Murder run up the bag and terrorize the community. Everything is love until Rich and his street family is victims of a home invasion causing K-Murder to seek street justice. No one will be safe in the streets until K-Murder gets pay back. "On God" The colorful relationships between the characters will leave you wanting more.
