FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations. Parallel with the previous volume of conference papers in 2008, Sudan's Wars and Peace Agreements, most of these selected and thematic articles were originally presented as papers at the 31st meeting of the Sudan Studies Association (SSA) at Arizona State University in 2012. Since that time, the Comprehensive Peace Agreement of 2005 provided for the self-determination referendum of 2011 that resulted in the independence of the new Republic of South Sudan. The previous book presaged this present volume as the, perhaps inevitable, outcome of endless conflicts with no serious effort to "make unity attractive." As this book goes to press, the new Republic of South Sudan is itself wracked with violent conflict. The hopes to build a new, democratic and civil society in the south from the many inherited problems have now devolved to dysfunction itself. Reading this book will realistically help in understanding these "Roads" taken. The editors and authors have created a multi-faceted account which reveals the complex foundations of these conflicts between north and south, and recently within the south itself. While Khartoum struggles onward with the Islamist project, regional conflicts and grave economic problems, Juba stumbles with corruption, armed rebellion and a grave humanitarian crisis. The half-full glass of dreams of social and economic development supported by oil revenue has been replaced by a glass half empty with new varieties of political dysfunction in which both nations have grave problems in security and economic stability in a generally troubled regional "neighborhood." Based on the longtime market-leader BUSINESS LAW: TEXT AND CASES by Clarkson/Miller/Cross, this paperback text offers an affordable solution for those looking for a concise one-semester text that offers in-depth treatment of today's business law topics. Designed for the contemporary one-semester course, BUSINESS LAW: TEXT AND CASES--AN ACCELERATED COURSE provides the rigor and seriousness of a classic black-letter law text with a brief nineteen-chapter table of contents. The text combines the benefits of a black-letter law approach with a strong student orientation, making the law accessible, interesting, and relevant for readers. An excellent assortment of included cases range from precedent-setting landmarks to important recent decisions, and ethical, global, e-commerce, digital, and corporate themes are integrated throughout this edition. In addition, numerous critical-thinking exercises challenge students to apply what they have learned to real-world issues.
