Did you know that 'flavour of the month' originated in a marketing campaign in American ice-cream parlours in the 1940s, when a particular flavour would be specially promoted for a month at a time? And did you know that 'off the cuff' refers to the rather messy practice of writing impromptu notes on one's shirt cuff before speaking in public? These and many more idioms are explained and put into context in this second edition of the Oxford Dictionary of Idioms. This vastly entertaining dictionary takes a fresh look at the idiomatic phrases and sayings that make English such a rich and intriguing language. A major new edition, it contains entries for over 5000 idioms, including 350 new entries and over 500 new quotations. The text has been updated to include many new idioms using the findings of the Oxford English Reading Programme, the biggest language research programme in the world. The entries are supported by a wealth of illustrative quotations from a wide range of sources and periods. For example: 'Rowling has not been asleep at the wheel in the three years since the last Potter novel, and I am pleased to report that she has not confused sheer length with inspiration.' - Guardian, 2003. 'I made the speech of a lifetime. I had them tearing up the seats and rolling in the aisles.' - P.G. Woodhouse, 1940. Many entries include boxed features which give more detailed background on the idiom in question. For example, did you know that 'taken aback' was adopted from nautical terminology, and described a ship unable to move forward because of a strong headwind pressing its sails back against the mast? The text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the quirky side of the English language will have hours of fun browsing through this fascinating and informative volume. Coverage is extensive, and includes terms from the related fields of psychology, economics, anthropology, philosophy and political science. -- Provided by publisher. This updated edition of the popular dictionary contains a wealth of new words and meanings, technical terms and abbreviations, as well as thousands of new and updated biographical and geographical entries. This best-selling dictionary includes more than 3,800 entries covering all aspects of accounting, including financial accounting, financial reporting, management accounting, taxation, auditing, corporate finance, and accounting bodies and institutions. Its international coverage includes important terms from UK, US, Australia, India, and Asia-Pacific. Over 150 new entries have been added to this edition to reflect the very latest developments in the accounting profession, e.g. Accounting Council, European Financial Stability Mechanism, and General Anti-Abuse Rule. In addition, existing entries have been updated to cover the latest developments, most notably the Financial Reporting Standard Applicable in the UK and the Republic of Ireland, which sets out new rules in areas such as goodwill, hedge accounting, and fair value accounting. There is increased coverage of topics such as corporate governance, accounting ethics, accounting scandals, and major firms and professional bodies. With its authoritative and accessible definitions and its wide-ranging coverage, this dictionary is essential for students and professionals in accounting and finance. It is also an ideal source of reference for anyone seeking a clear guide to the often-confusing world of accountancy terms. With the Russian invasion of Ukraine underway, Mondonomo has published a special dictionary edition devoted to the Ukrainian given names, their transliteration and etymology. The work can be considered as the very first Reference Dictionary of Ukrainian Names. Written by leading figures in the field including translatology and onomastics, this is the definitive scholarly reference for a new generation of Ukraine-centred researchers and amateurs. This dictionary is a celebration of Ukraine's rich cultural heritage bringing to light the country's most important names from prehistory to the present. It chronicles the naming patterns within Ukraine at a time when the country's people, culture, and language are facing destruction and devastation. This move comes out of solidarity with the people of Ukraine. The dictionary, being the first attempt in the Ukrainian-English language pair, represents a milestone development in the combined interdisciplinary fields of comparative name research, translation studies, sociology, history and some other disciplines. The authors present a work, which is engaging and rich in its reach across the said domains. It has been built on the rich heritage of the preceding Ukrainian authors who have published the relevant dictionaries of Ukrainian names that used to be mostly unavailable to the general English-speaking public because of their insufficient visibility and the language barrier. Thus, one of the main aims of the Dictionary is to expand the current framework, to bring Ukrainian and English names into dialogue, to demonstrate the intersections between them, and to contribute to the understanding of how the fascinating national patterns merge in the process of the global world view development. Now in its Third Edition, this bestselling reference text has established itself as the authoritative source covering the key concepts, theories, and methods in criminology and criminal justice. Edited by Eugene McLaughlin and John Muncie, two of the leading figures in the discipline, the book is: Comprehensive: with over 300 entries, the new edition contains multiple revisions, new entries and an expanded editorial introduction Definitive: concepts are precisely defined so students have a clear understanding of the history and development of each topic Student-focused: each entry maps connections across various fields and issues and includes further reading to extend students' knowledge International: over 90 contributions from internationally renowned academics and practitioners ensure this book is global and comparative throughout This unique, multilingual, encyclopedic dictionary in two volumes covers terms regularly used in landscape and urban planning, as well as environmental protection. The languages are American and British English, Spanish (with many Latin-American equivalents), French, and German. The encyclopedia also provides various interpretations of the terms at the planning, legal or technical level, which make its meaning more precise and its usage clearer. Excerpt from The Manual of Dates: A Dictionary of Reference to the Most Important Events in the History of Mankind to Be Found in Authentic Records IT has been the aim of the Author to render the manual or dates a concise and trustworthy compendium of the principal events of Ancient and Modern times. AS the value of a work of reference must necessarily depend upon the character of the sources whence information is derived, the best authorities have in all cases been consulted, and their statements have been carefully examined and compared. On disputed points, conflicting accounts have been subjected to rigid scrutiny, and the view supported by the best evidence has been invariably adopted. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. This is the perfect go-to reference book for children ages five and up, with 1,000 entries and a picture for every word, making it a fantastic addition to any child's library. With 1,000 word entries and supporting images, My First Dictionary features nouns, verbs, and adjectives that are most commonly encountered by young children, and definitions that give the word's primary meaning in terms of a child's experience. Each entry in this updated edition has been checked to ensure it is current, and new words and pictures have been added to make sure this reference is relevant for today's kids. This wide-ranging and authoritative dictionary contains 7,000 entries covering all areas of business and management, including marketing, organizational behaviour, business strategy, law, and taxation. Written by a team of experts, it features the very latest terminology, for example, the recent vocabulary associated with structured finance and the associated subprime lending crisis, including collateralized debt obligation and special purpose vehicle. The new edition of this established bestseller dispels modern financial and management jargon, defining entries in a clear, concise, and accessible manner. It contains US business terms, general management concepts (e.g. competence, knowledge management), named theories (e.g. Tannenbaum and Schmidt, Blake and Mouton) as well as expanded coverage of the contemporary theory of the firm and human resources. New terms are included from the fast-moving areas of current affairs (e.g. MiFID), Internet business and information technology and there is full coverage of the new Companies Act. With recommended web links for many entries, accessible and kept up to date via the Dictionary of Business and Management companion website, this edition is more informative than ever. This A-Z reference work is essential for business students, teachers and professionals, and useful for anyone needing a guide to business terminology. Suitable for both primary pupils and secondary students, this dictionary presents concise information about the essential elements of English grammar. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible.
