You'll learn how to: * Pick the best materials for your child's age and learn to make your very own * Prepare art activities to ease children through transitions, engage the most energetic of kids, entertain small groups, and more * Encourage artful living through everyday activities * Foster a love of creativity in your family

Let's Make Art: 12 Craft Projects for Children Dec 23 2019 This book offers families a cherry picked selection of Alice and Karen's tried and tested art projects with clear instructions on how to make them at home. They reveal their top tips for creating stunning art work that parents and children will want to keep and display (rather than consign to the recycling bin)! All the projects use a household item as the starting point, making the activities largely accessible. Within this framework the book is organised into sections according to the time scale of the project to help families make the most of the time they have available beginning with shorter projects. A comprehensive but affordable kit list is part of the introduction and includes many items families will already own. Along with a basic kit list Alice and Karen spill a few in house secrets about their go-to materials for maximum impact and a professional finish. Plastic materials are kept to a minimum. Let's Make Art champion sustainable, recycled art projects with their home based starting point for projects. This craft book for children and their families is a unique addition to the market as it elevates children's art to the status it deserves by showing children how to achieve bold work with a professional finish. The projects are cheeky, flamboyant and have their own very particular style, especially the costumes and wearable artwork. Having worked for galleries, libraries and restaurants Let's Make Art have amassed an array of art projects that avoid messy clearing up for parents and children.

Mad About Metal Aug 31 2020 Craft metal has endless decorative possibilities. It is pliable and can be wrapped around or adhered to any surface you can imagine. This book is all about using colored craft metal—decorating it by means of embossing, cutting out designs, adding further color, taking away color and filling in 3D designs, and much more—to customize found objects for your home. You will learn more about the metal and

supporting mediums, as well as how to use the tools and familiarize yourself with several techniques—all of which can be applied in making more than fifty decorative and functional items provided in this book. The original projects were designed and created specifically to showcase a variety of techniques and applications, including: Transferring and tracing designs Creating texture by means of inexpensive handheld tools or manual processes Using an embossing machine such as the cuttlebug™ for textures, patterns and die-cuts Finishing techniques such as sanding, ageing and painting Upcycling and repurposing Tips and tricks to simplify processes The projects range from beginner to advanced levels and from quick ideas to masterpieces that will take longer to complete. Magnificent photographs of the finished objects will inspire you while step-by-step instructions and photographs will help you to get started right away.
