Mortified Sep 01 2020 Share the shame. In the days before blogs, teenagers recorded their lives with a pen in top-secret notebooks, usually emblazoned with an earnest, underlined plea to parents to keep away. Since 2002, David Nadelberg has tapped that vast wellspring of adolescent anguish in the stage show *Mortified*, in which grown men and women confront their past with firsthand tales of their first kiss, first puff, worst prom, fights with mom, life at bible camp, worst hand job, best mall job, and reasons they deserved to marry Simon LeBon. Following the same formula that has made the live show a beloved cult hit, *Mortified* the book takes real childhood journals and documents and edits the entries into captivating, comedic, and cathartic stories, introduced by their now older (and allegedly wiser) authors. From letters begging rescue from a hellish summer camp to catty locker notes about stuck-up classmates to obsessive love that borders on stalking, *Mortified* gives voice to the real -- and really pathetic -- hopes, fears, desires, and creative urgings that have united adolescents for generations.

In Cold Blood Apr 27 2020 NATIONAL BESTSELLER • The most famous true crime novel of all time "chills the blood and exercises the intelligence" (The New York Review of Books)—and haunted its author long after he finished writing it. On November 15, 1959, in the small town of Holcomb, Kansas, four members of the Clutter family were savagely murdered by blasts from a shotgun held a few inches from their faces. There was no apparent motive for the crime, and there were almost no clues. In one of the first non-fiction novels ever written, Truman Capote reconstructs the murder and the investigation that led to the capture, trial, and execution of the killers, generating both mesmerizing suspense and astonishing empathy. *In Cold Blood* is a work that transcends its moment, yielding poignant insights into the nature of American violence.

Real People, Real Faith Jun 22 2022 The characters in Scripture are often portrayed as one-dimensional--as caricatures instead of human beings with real needs, authentic pain, and compelling fears. When their problems are viewed as one-dimensional, so is their faith. Approaching biblical characters in this way can inhibit listeners' ability to hear the biblical witness as relevant to their own lives and can minimize the impact of Scripture on their faith journey. *Real People, Real Faith* provides practical tools to portray biblical characters as multidimensional human beings who encountered and journeyed with God. Placing high value on historical, cultural, and scriptural contexts, Cindy Halvorson demonstrates techniques for generating holistic characters, particularly by exploring archetypical human reactions and spiritual longings. She shows how the preacher can use this method to reimagine the biblical characters, present figures with whom listeners relate and empathize, and draw portraits of real people whose

relationship with God is in many ways like listeners' own--people with whom they may sojourn and grow. When listeners are touched by a biblical character's story and shown how their relationship with God was transformed, they too may experience the Divine's love and care for them.

Real Philosophy for Real People Nov 27 2022 The philosopher Paul Weiss once observed, "Philosophers let theories get in the way of what they and everyone else know." For many, the very word "philosophical" has become all but synonymous with "impractical". Yet whether we like it or not, almost every corner of our lives—from dissertation writing to channel surfing—brings us face to face with competing philosophies and world views, each claiming to tell us definitively what it means to be human. How can we know which one is right? And what difference does it make? To Robert McTeigue, S.J., it makes every difference in the world. Consciously or not, we all have a world view, and it decides how we live. In this book, McTeigue gives a funny and invigorating crash course in practical logic, metaphysics, anthropology, and ethics, equipping readers with a tool kit for breaking down and evaluating the thought systems—some good, some toxic—that swirl around us, and even within us. In McTeigue, classical philosophy finds a contemporary voice, accessible to the layman and engaging to the scholar. Real Philosophy for Real People is an answer to those philosophies that prize theory over truth, to any metaphysics that cannot account for itself, to anthropologies that are unworthy of the human person, and to ethical systems that reduce the great dignity and destiny of the human person. As the author insists, "A key test of any philosophy is: Can it be lived?" With Thomas Aquinas, this book teaches not only how to know the truth, but how to love it and to do it.

The second edition of the fun and fascinating guide to the main ideas of the Austrian School of economics, written in sparkling prose especially for the non-economist. scholars too, including Israel Kirzner, Walter Block, and Peter Boettke.

Real People Mar 02 2023 An artists' colony is a false paradise for a frustrated writer in this "witty, knowing, and perceptive" novel from a Pulitzer Prize-winning author (The New Yorker). The mansion is called Illyria, but for the writers and artists who flock there each summer, it's a Garden of Eden where every artistic curiosity is explored. Away from family, friends, and ordinary responsibilities, the creative spirit can flower, nurtured by the company of other artistic souls. Janet Belle Smith's husband doesn't understand why she can't write at home—or really, for that matter, why she must write at all—but for Janet, the reason is clear: Only in Illyria can she be herself. But as the writer mingles with her fellow artists—including a Marxist novelist, a Beat poet, and a wild-man sculptor—she begins to fear that the "real" her isn't who she expected, and Illyria is not the peaceful kingdom it appears to be. This creative paradise is rotting from the inside out, and if Janet doesn't move quickly, she'll be trapped in the rubble when the walls come tumbling down. From the National Book Award-shortlisted author of *Foreign Affairs*, this humorous story "goes down pleasantly, like a glass of lemonade" (The New York Times). This ebook features an illustrated biography of Alison Lurie including rare images from the author's collection.

Nomadland: Surviving America in the Twenty-First Century Sep 13 2021 The inspiration for Chloé Zhao's 2020 Golden Lion award-winning film starring Frances McDormand. "People who thought the 2008 financial collapse was over a long time ago need to meet the people Jessica Bruder got to know in this scorching, beautifully written, vivid, disturbing (and occasionally wryly funny) book." —Rebecca Solnit From the beet fields of North Dakota to the campgrounds of California to Amazon's CamperForce program in Texas, employers have discovered a new, low-cost labor pool, made up largely of transient older adults. These invisible casualties of the Great Recession have taken to the road by the tens of thousands in RVs and modified vans, forming a growing community of nomads. *Nomadland* tells a revelatory tale of the dark underbelly of the American economy—one which foreshadows the precarious future that may await many more of us. At the same time, it celebrates the exceptional resilience and creativity of these Americans who have given up ordinary rootedness to survive, but have not given up hope.

The Men Who Stare at Goats Jul 31 2020 Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today.

Just Like a Real Person Apr 08 2021 Fiction. JUST LIKE A REAL PERSON is a story about broken cars and broken people. Devil's Knot Dec 24 2019 Based on a true story, this edition of Devil's Knot will tie-in to a major motion picture starring Academy Award winners Reese Witherspoon and Colin Firth. This riveting portrait of a small Arkansas town recounts the all-too-true story of a brutal triple murder and the eighteen-year imprisonment of three innocent teenagers. For weeks in 1993, after the grisly murders of three eight-year-old boys, police in West Memphis, Arkansas, seemed stumped. Then suddenly, detectives charged three teenagers - alleged members of a satanic cult - with the killings. Despite the witch-hunt atmosphere of the trials and a case that included stunning investigative blunders, the teenagers, who became known as the West Memphis Three, were convicted. Jurors sentenced Jason Baldwin and Jessie Misskelley to life in prison and Damien Echols, the accused ringleader, to death. The guilty verdicts were popular in their home state - even upheld on appeal - and all three remained in prison until their unprecedented release in August 2011. In Devil's Knot, award-winning investigative journalist Mara Leveritt presents the most comprehensive, insightful reporting ever done on this story - one of the greatest miscarriages of justice in American legal history. In-depth research, meticulous reconstruction of the investigation and close-up views of its key participants unravel the many tangled knots of this endlessly shocking case.

Students As Real People May 21 2022 A teacher of communication expresses his concern for thousands of students who are cheating themselves out of a worthwhile education by falling into the accepted role of "nonperson" uninvolved in the education process. In this book, the author fosters a belief that success or failure in college depends on communicationâinterdependent efforts of people in a relationship to generate common meaning." He proposes to get students to realize that their education is something other students can help them develop, as much as teachers. The author uses a personal style of writing to talk with the students. He uses examples from the students' immediate campus environment in challenging them to question their roles in the educational process. Written for and tested in interpersonal communication courses, the book is also appropriate for teacher education courses, "orientation to college life" courses, and for college counseling centers.

Real People, Real Change Dec 16 2021 Business leaders need more than a fancy project plan or process when facing change, whether running a multi-billion dollar corporation or a small company. They need to be armed with the courage and practical advice it will take to blaze new trails and prosper both financially and emotionally. Author Donna Strother Highfill calls leaders of this caliber "Change Warriors." In Real People, Real Change, Highfill offers a behavioral map to guide change warriors through the complex and often confusing maze of change in the business world. At times, even the best leaders need guidance and inspiration to tackle tough situations in their company's culture. Highfill offers sound advice, humorous stories, and dynamic change lessons for any business leader faced with making meaningful changes within a company. Business leaders must understand that change is seldom neat, clean, or easy. If it is, notes Highfill, then it isn't real change. She believes people want to change, they just need to know why, what, and how. She calls this "learning to inform the head, engage the heart, and put your feet into action." This is the key to successful and lasting change.
