Assigned to wartime London, American correspondent Rodger Godwin learns, during an interview with Churchill, of a plot to assassinate Field Marshal Rommel. By the author of The Assassini. 50,000 first printing. \$50,000 ad/promo. Decades after Hitler's fall, Nazis are still trying to kill John Cooper. His marriage destroyed by drinking, John Cooper returns to Cambridge, Massachusetts, trying to recapture the joy he felt as an undergraduate in Harvard University's sacred halls. He is just beginning to piece his life together when he gets a telegram calling him home to Minnesota. The message comes from Buenos Aires, and with Cooper's family history, that can mean only one thing: The Nazis are staging a comeback. To John and his brother, their grandfather was a kind, distinguished old man. But to the American people, he was the worst kind of traitor. An industrialist who spent the 1930s in business with Fascists, he became infamous as 'America's Number One Nazi.' When Hitler's old lieutenants decide to get together a Fourth Reich, the Coopers are the first family they call. John hasn't even made it to Minnesota when the first attempt on his life comes -- a message that if he isn't ready to honor his family legacy, he will die for it. 'She was a girl, really, with short red hair and a waif-like slimness. But despite the flowered dress she wore, her belly had begun to show. Immobile, the girl gazed at the clinic as though it were a thousand miles away.' The young woman is Mary Ann Tierney. She is fifteen years old. Within days her name will be known to millions across America, her court case a television must-watch for everyone from the President downwards. As Mary Ann takes on her own parents and the constitutional law of the United States in a desperate bid to protect her future right to bear children, the ramifications of 'the Tierney case' bring a threat to the new President, Kerry Kilcannon, to his nominee for Chief Justice, Caroline Masters, and to his main rival for the Presidency, Senator Chad Palmer. All have dangerous secrets in their past, secrets that would not only threaten careers, but bring death and tragedy to innocent lives. Called "one of the most original talents to emerge in the '90s" by Kirkus Reviews, award-winning author Laurie R. King delivers an intelligent, terrifying, engrossing drama of good and evil, unlike any she has written before.... A respected university professor, Anne Waverly has a past known to few: Years ago, her own unwitting act cost Anne her husband and daughter. Fewer still know that this history and her academic specialty--alternative religious movements--have made her a brilliant FBI operative. Four times she has infiltrated suspect communities, escaping her own memories of loss and carnage to find a measure of atonement. Now, as she begins to savor life once more, she has no intention of taking another assignment. Until she learns of more than one hundred children living in the Change movement's Arizona compound.... Anne soon realizes that Change is no ordinary community and hers is no ordinary mission. For, far from appeasing the demons of her past, this assignment is sweeping her back into their clutches...and to the razor's edge of danger. Backwoods treachery links a string of grisly Minnesota murders. Reporter Paul Cavanaugh is coming home from an afternoon tennis match when he sees an ambulance outside his building's door. A half hour earlier, the mild-mannered Larry Blankenship walked into the lobby, said hello to the doorman, and blew his brains out in front of the elevator bank, leaving behind a note apologizing for the mess. Cavanaugh retreats to his apartment to forget this disturbing scene, thinking the story is over when the police take away the body. But the suicide is only the beginning. A knot of death is tied tight around Blankenship's wife, Kim, an ice-cold beauty from the backwoods of northern Minnesota. As he investigates the string of deaths, Cavanaugh discovers a decades-old atrocity that may explain why the men who know Kim vanish faster than a sunny day in Minneapolis. When an anonymous man is brutally murdered on a London council estate the police race to gather evidence against his killers. They have two men in custody and they know that they are guilty. But when a brilliant QC intervenes in their defence a startling and unsettling justice is delivered. Part of the Storycuts series, this short story was previously published in the collection The Veteran. Gideon. An identity shrouded in mystery - the anonymous source who holds the key to an explosive secret. In a clandestine meeting, writer Carl Granville is hired to take the pages of an old diary, articles, letters, documents in which all proper names and locations have been blacked out - and turn them into compelling fiction. He will be paid a quarter of a million dollars. But he can never tell a soul. As he is fed information and his work progresses, Granville begins to realize that Gideon's book is more than just a potential bestseller. It is a revelation of chilling evil and a decades-long cover-up by someone with far-reaching power. He starts to have second thoughts. How will his book be used? Whose lives will be shattered? What is the truth behind the story - and who is the true storyteller? Then someone close to Granville is bludgeoned to death. Another is savagely murdered. His apartment is ransacked, his computer destroyed, all his records stolen. Suspicion falls on Granville. He tries to explain the shadowy assignment. No one believes him. He has no proof, no alibis... Convicted of murder, a screenwriter gets a chance to clear his name The police find Toby Challis clutching his bloodstained Oscar statuette, his wife dead at his feet. He claims innocence, but the jury doesn't buy it, believing that such a cinematic murder could spring only from the mind of one of Hollywood's finest screenwriters. Nearly driven mad by the time spent waiting for the verdict, Challis has no idea how he will survive more than a decade in the big house. Lucky for him, he won't have to find out--yet. To transport Challis to prison, the state provides only an old prop plane. A freak blizzard hits it hard, knocking it out of the sky and killing everyone on board but the convict. Challis escapes into the woods, to find the man who killed his wife and plan what every script needs: a Hollywood ending. No Safe Place centres on seven days in a closely contested Presidential primary, in which political violence, abortion politics and potential scandal all converge. Kerry Kilcannon is a young senator from New Jersey, the younger brother of a murdered presidential aspirant. Now Kerry, too, is seeking the presidency. But Kerry's past and present have begun to converge. Unknown to him, he is being stalked by Sean Burke, an anti-abortion fanatic intent on killing him before election day. And Nate Cutler, a political reporter for a national newsmagazine is trying to establish that two years before - while still married - Kilcannon had an affair with Lara Costello, another reporter covering Kilcannonm which resulted in an abortion. Through a narrative which weaves past and present, No Safe Place introduces the compelling character, Kerry Kilcannon, and raises questions about abortion politics, the gun culture in America, and the degree to which the press is - or should be - intent on exposing the private lives of political leaders. On the eve of the election, those forces converge in a sensational and shocking climax. Having survived his rise to Chairman of Everest Capital, the world's largest private equity firm, and the ferocious attempts on his life that ensued, Christian Gillette finally seems safely perched atop the financial industry. He's just accepted Everest's largest private investment, he's poised to takeover his ex-rival's sinking firm, and he's just embarked on his firm's most exciting venture to date, buying the NFL's newest team -- the Las Vegas Twenty-Ones. Plus, one of his young employees -- an ambitious deal maker named David Wright -- has caught his eye. Wright reminds Gillette of himself just a few years back, and he's drawn to the thought of teaching the wunderkind everything the ups and downs of the industry. But everything comes to a screeching halt when a shadowy man calls him to a meeting, requesting a favor and offering in return new information about Gillette's father and his still mysterious death. Christian Gillette can't stand to be controlled, but he also can't afford to lose a chance at finally learning something substantive about his father's death. And as he becomes more entangled with the strange deal, and the frantic pace of business continues without his full attention, he feels his grip on Everest weakening -- and soon realizes his life is once more in desperate jeopardy. When all signs begin to point to David Wright, Gillette realizes that his toughest decision as Chairman lies directly ahead... Dans la chapelle d'une propriété familiale de la côte est des États-Unis, sœur Valentine, une religieuse progressiste est assassinée. Et un puissant homme d'Église succombe dans un hôtel de luxe de New York. Y aurait-il un lien ? A-t-on voulu les empêcher de parler ? Que cherche-t-on à dissimuler ? Quand Ben Driskill, le frère de la religieuse, comprend que l'Église n'a aucun intérêt à élucider ces meurtres, il se lance sur les traces d'hommes qui n'hésitent pas à tuer au nom de Dieu. La piste le mène à Paris, Rome, dans un couvent perdu dans les déserts du Moyen-Orient et jusqu'à un monastère battu par les vents où un manuscrit attend depuis des décennies de révéler ses secrets... Drawing on many years of African experience, John Reader has written a book of startling grandeur and scope that recreates the great panorama of African history, from the primeval cataclysms that formed the continent to the political upheavals facing much of the continent today. Reader tells the extraordinary story of humankind's adaptation to the ferocious obstacles of forest, river and desert, and to the threat of debilitating parasites, bacteria and viruses unmatched elsewhere in the world. He also shows how the world's richest assortment of animals and plants has helped - or hindered - human progress in Africa. Au Vatican, le pape est aux portes de la mort. Dans le même temps, sœur Valentine, une religieuse progressiste, est assassinée dans une chapelle sur la côte est des Etats-Unis. Quelques heures plus tard, c'est un puissant homme d'Eglise qui succombe dans un hôtel de luxe à New York. Pourquoi a-t-on voulu les empêcher de parler et quels secrets cherche-t-on à cacher ? Lorsque Ben Driskill, le frère de la religieuse, comprend que l'Eglise cherche à étouffer l'affaire, il se lance sur les traces de ces hommes qui n'hésitent pas à tuer au nom de Dieu. Son enquête le conduit à Paris, à Rome, dans un couvent perdu dans les déserts du Moyen-Orient, puis dans un monastère irlandais où un manuscrit est dissimulé depuis des décennies. Et peu à peu se dessinent les contours d'une conspiration remontant à l'époque des Borgia et aux sombres années de la seconde guerre mondiale... Two centuries later, a descendent of Davis finds evidence of Washington’s betrayal. Before he can announce his findings, he’s murdered by KGB agents hoping to use the information to embarrass the United States. Washington Post columnist David Ignatius is one of the most highly regarded writers in the capital, an influential journalist and acclaimed novelist with a keen eye for the subtleties of power and politics. In The Sun King, Ignatius has written a love story for our time, a spellbinding portrait of the collision of ambition and sexual desire. Sandy Galvin is a billionaire with a rare talent for taking risks and making people happy. Galvin arrives in a Washington suffering under a cloud of righteous misery and proceeds to turn the place upside down. He buys the city's most powerful newspaper, The Washington Sun and Tribune, and wields it like a sword, but in his path stands his old Harvard flame, Candace Ridgway, a beautiful and icy journalist known to her colleagues as the Mistress of Fact. Their fateful encounter, tangled in the mysteries of their past, is narrated by David Cantor, an acid-tongued reporter and Jerry Springer devotee who is drawn inexorably into the Sun King's orbit and is transformed by this unpredictable man. In this wise and poignant novel, love is the final frontier for a generation of baby boomers at midlife—still young enough to reach for their dreams but old enough to glimpse the prospect of loss. The Sun King can light up a room, but can he melt the worldly bonds that constrain the Mistress of Fact? In The Sun King, David Ignatius proves with perceptive wit and haunting power that the phrase "Washington love story" isn't an oxymoron. The first thrilling novel in Raymond Khoury’s New York Times bestselling Templar series. In 1291, a young Templar knight flees the fallen holy land in a hail of fire and flashing sword, setting out to sea with a mysterious chest entrusted to him by the Order's dying grand master. The ship vanishes without a trace. In present day Manhattan, four masked horsemen dressed as Templar Knights stage a bloody raid on the Metropolitan Museum of Art during an exhibit of Vatican treasures. Emerging with a strange geared device, they disappear into the night. The investigation that follows draws archaeologist Tess Chaykin and FBI agent Sean Reilly into the dark, hidden history of the crusading knights—and into a deadly game of cat and mouse with ruthless killers—as they race across three continents to recover the lost secret of the Templars. A woman accused of murder is caught in a tortuous psychological maze that leaves her only one escape—suicide. Or does it? Told in reverse chronological order, from its enigmatic end to its brilliant beginning, In the Company of Liars is a tantalizing tour de force—a “compelling new novel of intrigue, murder, and terrorism” (The Philadelphia Inquirer). Max Pauling, of Murder in Foggy Bottom, is coaxed out of a restless retirement by another "ex-" CIA colleague. The case that tempts him is one involving a large American pharmaceutical firm that may be using a German company as a front to get around the U.S. scientific and technical embargo of Cuba. What's at stake? An ex-senator, who heads up a drug company, is after big game: the surprising and stunning medical research being conducted by the Cubans to develop a more effective anticancer drug. Max, who is among other things a pilot, is assured that this will be a purely private assignment—no assassinations, no government to subvert, no informers to turnjust a few easy flights and a little time in the sun. Once in Havana, he makes contact with a ravishing Cuban-American woman who is to be his "translator." Soon, he finds himself hunted as an assassin in a place where murder is sanctioned for a greater good, or greater greed, and those caught in the crossfire are as quickly consumed as a frozen daiquiri. National security, terrorism, and human rights—these explosive issues lie at the heart of Stephen Frey’s riveting new thriller, a high-octane novel of suspense, revenge, and intrigue. Dynamic chief financial officer Michael Rose is looking to add an exciting and profitable new dimension to energy conglomerate Trafalgar Industries via the major acquisition of CIS, a global information technology company. But it’s far from a done deal, thanks to fierce resistance from CIS, and from certain members of Trafalgar’s own board, to Rose’s takeover proposal. But Rose isn’t about to sacrifice his best shot at the score that could land him in the CEO’s chair. While swiftly scaling the corporate ladder, Rose has played the big business power game expertly enough to know he has the moves to outmaneuver the opposition. But what Rose doesn’t know is the truth about his latest adversaries at CIS—that they are linked to an organization hell-bent on a twisted mission and are lethal to anyone who stands in their way. The Order, an ultra-secret shadow government agency, was founded by high-level administration officials in reaction to the assassination of President Lincoln. Nearly 150 years later, the group was galvanized anew by the worst act of terror ever perpetrated on American soil—and pushed to dangerous extremes by the specter of fear . . . and the taste of power. The Order had always been sanctioned to manage national security at all costs, by any and all means, without consequences. But behind the sleek veneer of CIS Technologies, the fourth and newest incarnation of The Order not only maintains the ultimate nationwide surveillance and intelligence-gathering system, but conducts officially licensed covert operations rife with torture and murder—all in the name of freedom. The mission cannot and will not be jeopardized, even if innocent lives must be sacrificed. Unfortunately Michael Rose doesn’t yet realize that his hardball tactics have made him the Order’s number one hard target, and his penchant for playing to win has brought him unwittingly into a deadly duel with an enemy more powerful than he can imagine. In a world where the rule is kill or be killed, Rose’s rep for sealing deals might just seal his fate.
