Two pink lines. Autumn Norris knew in an instant her life would never be the same. Years have flown by in a flurry of sparkles and dress up, and Autumn has refused to let the anchor of regret pull her under. Until she lays eyes on Sebastian, and the wave of "why," "where," and "how could you" flood her every thought. Old hurt and new betrayal twist first love into a reluctant partnership, and theirs may be a bond even pigtailed and butterfly kisses can't mend. *United Kingdom is in pieces, divided by a historic, once-in-a-generation summer. Love is won, love is lost. Hope is hand-in-hand with hopelessness. The seasons roll round, as ever. Ali Smith's new novel is a meditation on a world growing ever more bordered and exclusive, on what richness and worth are, on what harvest means. It is the first installment of her Seasonal quartet—four stand-alone books, separate yet interconnected and cyclical (as the seasons are)—and it casts an eye over our own time. Who are we? What are we made of? Shakespearean jeu d'esprit, Keatsian melancholy, the sheer bright energy of 1960s pop art: the centuries cast their eyes over our own history making. Here's where we're living. Here's time at its more contemporaneous and its most cyclic. From the imagination of the peerless Ali Smith comes a shape-shifting series, wide-ranging in time-scale and light-footed through histories, a story about aging and time and love and stories themselves. In autumn, nature stages some of its most enchantingly beautiful displays, yet it's also a period for reflection, melancholy even, as the days shorten and winter's chill approaches. Taking in September to November, Jim Crumley tells the story of how unfolding autumn affects the wildlife and landscapes of his beloved countryside. Along the way, Jim experiences the deer rut, finds phenomenal redwood trees in the most unexpected of places, and contemplates climate change, the death of his father, and his own love of nature, thus painting an intimate--and deeply personal--portrait of a moody and majestic British autumn. Animals get ready for the cold days ahead." A simple text and vivid photographs show children the changes in animals, plants, and landscapes that occur during fall. Leaves change, animals prepare for winter, and people celebrate autumn holidays as the weather gets cooler and the days get shorter. Suitable for young readers, the simple text introduces a number of important concepts-- such as hibernation, migration, and seed dispersal-- in clear terms, without too much detail. For older readers, a brief author's note at the end expands on several concepts. Shelley Rotner's energetic photographs of diverse children add vitality and warmth to this celebration of the season, capturing the brilliance of the autumn sky, the saturation of autumn leaves, and the joy of kids interacting with the natural world. Follow the changing seasons through the year with the rest of the Hello Seasons! series. This panoramic exploration of French life between the wars reads like a prequel to Irène Némirovsky's international bestseller Suite Française. At the end of the First World War, Bernard Jacquelain returns from the trenches a changed man. Broken by the unspeakable horrors he has witnessed, he becomes addicted to the lure of wealth and success. He wallows in the corruption and excess of post-war Paris, but when his lover abandons him, Bernard turns to a childhood friend for comfort. For ten years, he lives the good bourgeois life, but when the drums of war begin to sound again, everything around which he has rebuilt himself starts to crumble, and the future—of his marriage and of his country—suddenly becomes terribly uncertain. Written after Némirovsky fled Paris in 1940, just two years before her death, and first published in France in 1957, The Fires of Autumn is a coruscating, tragic novel of war and its aftermath, and of the ugly color it can turn a man's soul. For every day from Advent Sunday to Christmas Day and beyond, the bestselling poet Malcolm Guite chooses a favourite poem from across the Christian spiritual and English literary traditions and offers incisive seasonal reflections on it. A scholar of poetry as well as a renowned poet himself, his knowledge is deep and wide and he offers readers a soul-food feast for Advent. Among*

*the classic writers he includes are: George Herbert, John Donne, Milton, Tennyson, and Christina Rossetti, as well as contemporary poets like Scott Cairns, Luci Shaw, and Grevel Lindop. He also includes a selection of his own highly praised work. If you could see into the future - would you look? Jenni Green doesn't have a choice. On her way to visit her best friend, Autumn, Jenni suddenly finds she's been transported exactly one year forward in time. Now she discovers that in the year that's gone by, tragedy has struck and her friendship with Autumn will never be the same again. But what caused the tragedy? How did Jenni skip a year? And can she find her way back to the past to try to change what lies ahead? With humour - and her customary light touch - the author of the EMILY WINDSNAP books plays a fascinating game with time, and explores the changes that take place in friendships and families in the aftermath of a disaster. Autumn Smythe doesn't foresee anything unusual on the early October evening when she drives home from a party. But her entire world changes when she finds herself lost in a dark forest during a blizzard. She seeks shelter at The Inn at the End of the Road, where a ghostly innkeeper saves her from the storm, but charges her with an unusual mission she cannot decline. Autumn leaves the next morning on an unwilling quest to locate a man whose identity is a mystery. What ensues is a thrilling adventure that winds through the White Mountains of New Hampshire and chilling dreamscapes, through Boston's oldest neighborhoods and, finally, a graveyard in a distant land. Haunted by her dreams, and frightened by shocking news about the innkeeper's death, Autumn seeks distraction in the arms of a handsome stranger. The stranger's fiery passion leads her perilously close to losing herself in a world of violence and deceit. But her terrors are compounded when she unveils the identity of the man she is to find. Autumn finds herself torn between two lovers and forced to make a decision that leads her to the most thrilling discovery of all: that love is powerful enough to transcend even death. Written between August and December 1938, this poem is a record of MacNeice's emotional and intellectual experience during those months. The trivia of everyday living is set against events in the world outside - the settlement in Munich and slow defeat in Spain. Now in its fourth edition and vastly expanded, Anniversarius is Brett Rutherford's 40-poem epic cycle of autumn poems. Although there is plenty of Shelley, Poe, and Bradbury here in the celebration of "autumn's being," this cycle encompasses works that are mythic, metaphysical, political, satirical and, of course, supernatural. Autumn becomes the landscape for Jan Palach's suicide in Soviet-invaded Czechoslovakia in 1969; for translations of Pushkin and Hugo; and for rhapsodic and moody invocations of fall in Western Pennsylvania (the poet's birthplace) and haunted New England (his adopted home). Greek myth comes in by way of a hymn to Rhea, the Oak Tree Goddess, an encounter with three oak nymphs, and a dinner party in Hades. Rutherford walks in the footsteps of Poe in New York City, and sets two other powerful poems in Manhattan: one a panorama of historic Madison Square Park, and a troubled visit in the aftermath of 9/11. Influenced by Poe, Shelley, Whitman, Jeffers, Hugo, Bradbury, and Greek classics, these poems present a cosmos tinged with autumnal sadness, yet they are brave with the delight in a life fully relished down to the last falling leaf. Although solitude and loss stalk through these pages, there are also poems expressing a defiant, transcendent spirit. Each of the two "Rings" of the work ends with powerful affirmation. The locales of the latest poems include New York, Providence, rural Pennsylvania, the planets Mars and Pluto, and Ming Dynasty China. This book is meant to be relished slowly, to be read aloud and savored for music as well as meaning. Each poem stands alone as an "anniversary," yet the cycle as a whole is Romantic in sweep, its structure like that of two successive long symphonies. This special deluxe edition presents 36 photos and digital art illustrations in full color, making it a suitable gift edition. Written between August and December 1938, 'Autumn Journal' is still considered one of the most valuable and moving testaments of living through the 1930s by a young writer. It is a record of the author's emotional and intellectual experience during those months, the trivia of everyday living set against the events of the world outside. As part of the Literature Network, Chris Beasley presents the full text of the poem entitled "Ode to Autumn." This poem was written by the English poet John Keats (1795-1821). Billedbog. ability to transcend time and place. No detail is too small for the poet to revel in, no subject too mundane. Robin's thoughtful attention to rhyme showcases the power of sound and his proficiency of the poetic craft. Don't let this slim volume fool you: these poems are filled with profound emotions illuminated by evocative descriptions, images, and quietly devastating endings. "I was somewhat familiar with the works of Sophie before reading this collection of short stories; however, these uniquely crafted literary pieces opened for me a new window into the mind of an author who has the capacity to demonstrate so many different aspects of female psyche. It often feels that the author has drawn from personal experiences; yet every character is unique and every protagonist battles in a completely different sphere! The characters are complex in the extreme, yet there is a familiarity in every one of them that makes them easily recognizable to the reader. This, of course, can only be explained by the prowess the author has in depicting women with all of their fragilities, strengths, struggles, heartaches, victories, failures and everything else that encompasses a woman's life in a patriarchal world. Sophie succeeds with every beautifully plotted story to demonstrate the ultimate female struggle for finding freedom and equality! What is more is that she does so with a fresh, novel style, rarely ever seen in other Kurdish or Persian female novelists." - Gloria Yazdani, Writer/Director, Canada Short stories: The Queen of Niflheim Identifying the Main Codes One-Legged Angel Setar on the Mud Wall Naked Windows of Alley 717 The Before Death Dread Ms. Susan From Allie Esiri, editor of the bestselling A Poem for Every Day of the Year and A Poem for Every Night of the Year, comes this beautiful gift anthology of Shakespeare's works.
