**will not grow. The 2020 revised edition of My First Shona Dictionary is a picture book for introducing your multilingual child to Shona and English. Add over 50 every day objects to point at and share to your baby's vocabulary. Grow their knowledge in both Shona and English. Read aloud and get them used to your pronunciation. Each every day object is also illustrated to help make the connection with the real world. A perfect gift to get children off to a great start in life by learning two languages at the same time: Shona and English. Suitable for multilingual children 0 to 7 years old.**

**INSTRUCTIONS FOR USE Keep WITHIN REACH of children. First published in 1988, this book is a landmark in the study of one of the major African languages: Hausa. Hausa is spoken by 40-50 million people, mostly in northern Nigeria, but also in communities stretching from Senegal to the Red Sea. It is a language taught on an international basis at major universities in Nigeria, the USA, Western and Eastern Europe, the Middle and Far East, and is probably the best studied African language, boasting an impressive list of research publications. As Nigeria grows in importance, so Hausa becomes a language of international standing. The volume brings together contributions from the major contemporary figures in Hausa language studies from around the world. It contains work on the linguistic description of Hausa, various aspects of Hausa literature, both oral and written, and on the description of the relationship of Hausa to other Chadic languages. This course in Hausa, a West African language spoken by over 30 million people, introduces the structures of the language through a series of graded lessons, complete with exercises, dialogues and traditional fables. Easy-reference grammar tables and an extensive two-way vocabulary are included. Written in a detailed and fascinating manner, this book is ideal for general readers interested in the English language. An instant New York Times bestseller and #1 Wall Street Journal bestseller. JIM KWIK, the world's #1 brain coach, has written the owner's manual for mental expansion and brain fitness. Have you ever dreamed of escaping the 9-5 rat race? Of working part time at home just a few hours a week, yet making more money in a month than you make in a whole year now? Of starting on a shoestring and going on to bank your first £million? Of having the freedom and the money to live the life you truly want and deserve? Follow in the footsteps of this ordinary down-to-earth guy who actually did just that! He gave up his job and starting in from his spare room at home, became a multi-millionaire despite having never done anything like this before. Now for the first time, in this book, he will show you how you can copy his proven money making system. You will even receive a free DVD set to help you along the way! "AMAZING. I buy something for £6, just like he showed me, and sell it for £197...working from my kitchen table at home. Even though I'd never done anything like this in my life, I have pulled in over £1million so far." Andrew Reynolds' student. This up-to-date volume, the first Hausa-English dictionary published in a quarter of a century, is written with language learners and practical users in mind. With over 10,000 entries, it primarily covers Standard**

**Nigerian Hausa but also includes numerous forms from Niger and other dialect areas of Nigeria. The dictionary includes new Hausa terminology for products, events, and activities of the modern world. Its definitions show the use of Hausa words in context, and particular attention is paid to idioms, figurative meanings, and special usages. As a guide to pronunciation, headwords and illustrative sentences are fully marked for tone and vowel length. The book adopts a unique approach to the presentation of verb forms that clarifies lexical relationships and their correct usage. Buddhist wisdom for finding freedom and insight through spiritual practice in the midst of illness and pain. "Let your illness be your spiritual teacher!" Make a statement like that to someone who's struggled for years with, say, rheumatoid arthritis, and be prepared for an eyeroll (at best). To Peter Fernando's credit, he makes that statement, and no such impulse arises. We believe him because he's been there himself and because he backs up the statements with his own real experiences and with real wisdom from the Buddhist teachings. Peter starts by defusing the pernicious belief that anyone is somehow responsible for their illness: You're not "wrong" for being sick. Then, having gotten past self-blame, one can begin to learn self-kindness. From there, one moves to mindfulness practices and cultivating body awareness--even if body awareness is distasteful when the body isn't behaving the way you like. Further topics include getting intimate with dark emotions (fear, despair, the scary future, frustration, grief, etc.), learning equanimity (rejoicing in the good fortune of those who don't share your suffering), cultivating healthy relationships in the midst of everything, and practical advice for living with pain. Each chapter comes with one or more practices or guided meditations for putting the teachings into practice. In 'They Love Us Because We Give Them Zakāt', Dauda Abubakar describes how the giving and receiving of Zakāt lead to the establishment of social relations between the rich and needy persons in northern Nigeria. While in high school Chuck felt God's call to be a field missionary in Africa, expecting to spend his life there. But God only allowed him three years in the "bush." He had other things in mind for him. These years working cross-culturally laid a solid foundation for his future accomplishments. Through a series of unplanned events, God made him a teacher of missionaries and a missiologist--teaching and writing to improve missionary principles and practices. In this book Kraft reflects on how he was shaped as a missiologist and why/how he felt the need for writing his many books and articles. "Culture-positive" is the**

**term he has coined for his approach. It's an approach that honors a people's way of life and helps them to express their faith in Christ within that way of life without converting to another culture. He taught that God loves and accepts them as they are--plus faith--and seeks to work with them to develop their own Christianity based on their own understanding of Scripture. Chuck sees a missionary as a coach, not as a director. This approach has shown its effectiveness both among the people Chuck worked with (the Kamwe of northern Nigeria) and in the field ministries of his students. Complete Spanish is a comprehensive book and audio language course that takes you from beginner to intermediate level. This book is for use with the accompanying audio CDs (ISBN 9781444177251). First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company. This English-Hausa beginner's book is easy to use for all beginners learning Hausa. It covers a wide range of categorized day to day vocabulary and expressions compiled in a simplified way by language experts to help the learners to easily learn Hausa. Learners will quickly build their vocabulary and develop their oral skills through constant use of simplified dialogues that facilitate quick learning. Learning with this book will enhance your confidence and independence in speaking Hausa! Hausa is one of Africa's single most spoken languages. It is Hausa's general ease of use that has contributed to its becoming so widely used. A member of the Chadic branch of the Afro-Asiatic languages Hausa is spoken as a first language by about 34 million people, and as a second language by about 15 million more. Native speakers of Hausa are mostly to be found in the north of Nigeria and in Niger (where it is an official language), but the language is widely used as a lingua franca in a larger geographic band across sahelian Africa north of the Congo basin, and west of central Sudan. As a lingua-franca, Hausa is especially prevalent in Ghana, used by Hausa traders in zango (Hausa urban districts) in major cities. It is also used by Fulani herdsmen, Dagomba/Gurunsi farmers as a second language, by the official Islamic clergy of the country, and as an inter-ethnic group lingua-franca north and east of all Akan dominated areas. In total, Hausa speakers in Ghana number between 4-7 million of all Hausa-speakers, making it a very handy language to know in the marketplace. Hausa is also used extensively in Cameroon alongside Fulani in the far north and as far south as Gabon. In Central/Northeast Africa, Hausa is used in Chad and Sudan among the Hausa-Fulani communities, and smaller Muslim tribal groups, in and around Khartoum and Kordofan (in addition to Arabic). Two famous Sudanese singers, Fadimatu and Sabrin,

**occasionally sing in Hausa on the popular Sudanese national television program Nogoum, noting the increasing recognition of the Hausa language in otherwise Arabic-dominated Sudanese society. Hausa is a tonal language which employs two distinct tones, high and low, but doesn't sound as distinctly tonal as other African languages. There are also many special implosive and explosive consonants used in Hausa that may have to be learned by ear, but are completely comprehensible without mastering. Hausa employs a 5 vowel system like Spanish (a, e, i, o, u), and grammar is quite easy to learn. This dictionary contains 10,200 terms in English and Hausa. A guide to English and Hausa pronunciation is also included. It is derived from our Words R Us system. This book is a comprehensive grammar of Hausa, one of the largest and most important languages of Africa. Hausa is spoken by some 35 million people as a first language and approximately 15 million more as a second language. Paul Newman, a world authority on the Hausa language, draws on two centuries of Hausa linguistic scholarship to provide the most authoritative and detailed grammar of the language ever written. Unlike other grammars, this book is organised alphabetically. Readers will appreciate the ease with which they can find the specific individual topics that interest them. The grammar covers such expected topics as tonology, noun plurals, and verbal tense/aspect as well as often neglected topics, including verbal idioms, proper names, and language games. Newman also incorporates historical linguistic notes that explain and explicate current Hausa phenomena, especially puzzling anomalies, in terms of their Chadic and Afroasiatic origins.**
