Database Concepts Nov 18 2022 Written by one of the world's leading database authorities, Database Concepts 3e, introduces the essential concepts students need to create and use small databases. Appropriate for all introductory courses or brief courses on database development and management, as well as database courses designed around specific database products such as Microsoft Access, SQL Server, or MySQL.

The Hundred Books Jun 20 2020 There's a set of books which you're just supposed to know about, at least if you live in The West and fancy the idea of being thought 'educated'. There's the Bible, Shakespeare, James Joyce, Walter Scott and Machiavelli. Dr Jekyll, Tiny Tim, Starbuck, Socrates, Mr. Scrooge, Raskolnikov, Einstein and Enkidu. The Brontes and Boswell, Wordsworth, Newton Confucius and Don Quixote. Here they all are. 100 of the most quoted, most known, works of all time, in the original author's own words, but squashed up into nice little abridgements you can read in an hour or so. Little versions which smell and sound just like the originals. And ... with The Hundred Books it becomes possible to read the whole thing as a single narrative, to discover a Pisgah View of the written history of the great grand thing of how We got where We are now, in way that's just impossible for ordinary mortals. Read the lot, you'll love it, and you'll never, ever, be bored in an airport again.

The Old Curiosity Shop Sep 16 2022 It is impossible to overstate the importance of British novelist CHARLES DICKENS (1812-1870) not only to literature in the English language, but to Western civilization on the whole. He is arguably the first fiction writer to have become an international celebrity. He popularized episodic fiction and the cliffhanger, which had a profound influence on the development of film and television. He is entirely responsible for the popular image of Victorian London that still lingers today, and his characters-from Oliver Twist to Ebenezer Scrooge, from Miss Havisham to Uriah Heep-have become not merely iconic, but mythic. But it was his stirring portraits of ordinary people-not the upper classes or the aristocracy-and his fervent cries for social, moral, and legal justice for the working poor, and in particular for poor children, in the grim early decades of the Industrial Revolution that powerfully impacted social concerns well into the 20th century. Without Charles Dickens, we may never have seen the likes of Sherlock Holmes, Upton Sinclair, or even Bob Dylan. Here, in 30 beautiful volumes-complete with all the original illustrations-is every published word written by one of the most important writers ever. The essential collector's set will delight anyone who cherishes English literature...and who takes pleasure in constantly rediscovering its joys. This volume contains Part I of *The Old Curiosity Shop*, which was originally serialized in Dickens's own periodical, *Master Humphrey's Clock*, in 1840 and 1841. The story of the orphan Nell

Trent, who lives with her grandfather in the establishment by which the book takes its name, it is both beloved and disparaged for Dickens's treatment of, as Oscar Wilde famously termed it, "the death of little Nell," the suspense surrounding which was comparable to the Harry Potter phenomenon of today.

K. Chesterton The Life of Charles Dickens by John Forster Dickens' London by M. F. Mansfield Charles Dickens (1812-1870) was an English writer and social critic. He created some of the world's best-known fictional characters and is regarded as the greatest novelist of the Victorian era. His works enjoyed unprecedented popularity during his lifetime, and by the twentieth century critics and scholars had recognized him as a literary genius. His novels and short stories enjoy lasting popularity.

The Old Curiosity Shop Feb 21 2023 `... holding her solitary way among a crowd of wild, grotesque companions; the only pure, fresh, youthful object in the throng.' `Little Nell' cares for her grandfather in the gloomy surroundings of his curiosity shop. Reduced to poverty the pair flee London, pursued by the grotesque and vindictive Quilp. In a bizarre and shifting kaleidoscope of events and characters the story reaches its tragic climax, an ending that famously devastated the novel's earliest readers. Dickens blends naturalistic and allegorical styles to encompass both the actual blight of Victorian industrialization and textual echoes of Bunyan, the Romantic poets, Shakespeare, pantomime and Jacobean tragedy. Contrasting youth and old age, beauty and deformity, innocence and cynicism, The Old Curiosity Shop is a compelling mixture of humour and brooding meance. This edition uses the Clarendon text, the definitive edition of the novels of Charles Dickens, and includes the original illustrations. ABOUT THE SERIES: For over 100 years Oxford World's Classics has

made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Lady Anna Feb 26 2021 When it appeared in 1874, *Lady Anna* met with little success, and positively outraged the conservative - This is the sort of thing the reading public will never stand...a man must be embittered by some violent present exasperation who can like such disruptions of social order as this.' (Saturday Review) - although Trollope himself considered it the best novel I ever wrote! Very much! Quite far away above all others!!!' This tightly constructed and passionate study of enforced marriage in the world of Radical politics and social inequality, records the lifelong attempt of Countess Lovel to justify her claim to her title, and her daughter Anna's legitimacy, after her husband announces that he already has a wife. However, mother and daughter are driven apart when Anna defies her mother's wish that she marry her cousin, heir to her father's title, and falls in love with journeyman tailor and young Radical Daniel Thwaite. The outcome is never in doubt, but Trollope's ambivalence on the question is profound, and the novel both intense and powerful.

Ann Walker Jul 14 2022 Lesbian. Lover. Lunatic. These are just some of the words usually used to describe Ann Walker, the oft overlooked wife of Anne Lister, better known by some as Gentleman Jack. Ann was one half of England's first same-sex marriage and yet the rainbow plaque that marks their historic union on the wall of the Holy Trinity Church, York, features Ann's name in a font only half the size of her wife's. Her story has been long forgotten. Born into wealth and privilege Ann was one of the most eligible heiresses in 19th century Yorkshire and the question on everyone's lips in 1830's Halifax was why a respectable young heiress, with property, fortune and connection risked everything, even her freedom, to become entangled with the notorious Gentleman Jack? The answer to this question reveals a woman of immense courage, faith, and determination, but her voice has remained silent...until now. Within the depths of Ann's diary - discovered by Diane Halford in 2020 - the answers to some of the above questions can be found, as can insight into Ann as an independent woman. The life of Ann is worthy of its own narrative and it is time for Ann to step out of the shadow of Gentleman Jack and tell her own story.

Irish Fairy Tales (???????) Dec 27 2020 A wonderful collection of Irish fairy tales, featuring the following stories:THE STORY OF TUAN MAC CAIRILL, THE BOYHOOD OF FIONN, THE BIRTH OF BRAN, OISIN'S MOTHER, THE WOOING OF BECFOLA, THE LITTLE BRAWL AT ALLEN, THE CARL OF THE DRAB COAT, THE ENCHANTED

CAVE OF CESH CORRAN, BECUMA OF THE WHITE SKIN, MONGAN'S FRENZY.

The Cambridge Encyclopedia of the English Language Jan 28 2021 Now in its third edition, The Cambridge Encyclopedia of the English Language provides the most comprehensive coverage of the history, structure and worldwide use of English. Fully updated and expanded, with a fresh redesigned layout, and over sixty audio resources to bring language extracts to life, it covers all aspects of the English language including the history of English, with new pages on Shakespeare's vocabulary and pronunciation, updated statistics on global English use that now cover all countries and the future of English in a post-Brexit Europe, regional and social variations, with fresh insights into the growing cultural identities of 'new Englishes',

English in everyday use with new sections on gender identities, forensic studies, and 'big data' in corpus linguistics, and digital developments, including the emergence of new online varieties in social media platforms such as Facebook, Twitter and WhatsApp. Packed with brand new colour illustrations, photographs, maps, tables and graphs, this new edition is an essential tool for a new generation of twenty-first-century English language enthusiasts.

Intolerance Apr 30 2021 Intolerance, the second book in the continuing saga of An Angel's Tale, is a story addressing the social abomination of child predators. A three-year old child is on the television, her sexual assault taped and repeatedly shown on the news, prompting Sam and Andrea to help the victims of such horrible crimes. They plan a benefit to raise money for abducted children and their families. Henny Madison, the wealthiest man in Manhattan, wants to help. Henny is a gay man who has spent twenty years hiding from society because of self-inflicted shame and Marsha Kingsley's blackmail. He has his reasons for wanting to help his daughter's boss, Andrea. His wealth will finance the gala event. Marsha Kingsley is a witch and the mother of one of Sam's students. She schemes with her coven to ruin the event and shame Henny publically when she learns he will come out of social isolation to attend the benefit. This story invites the reader into a mystical and spiritual tale. Henny's prison of secrecy has to be broken at the risk of hurting his only child, Anne. Marsha has enjoyed torturing and blackmailing Henny by threatening to tell Anne that her father is gay. Marsha spreads evil wherever she goes, prompted by her demon, Bella, making her a strong evil force determined to win Satan's approval. Marsha is poised and ready to destroy everyone who wants to help Sam and Andrea. Sara Kingsley knows her mother is a witch and feels helpless, suspecting her mother has killed her father, and that she may kill again for her half of her father's estate. This is a twisted tale of greed, murder, bigotry, and child abuse. It invites the reader into a suspenseful, exciting, and thought provoking story.

The Dog in the Dickensian Imagination Feb 15 2020 Fascinated by them, unable to ignore them, and imaginatively stimulated by them, Charles Dickens was an acute and unsentimental reporter on the dogs he kept and encountered during a time when they were a burgeoning part of the nineteenth-century urban and domestic scene. As dogs inhabited Dickens's

city, so too did they populate his fiction, journalism, and letters. In the first book-length work of criticism on Dickens's relationship to canines, Beryl Gray shows that dogs, real and invented, were intrinsic to Dickens's vision and experience of London and to his representations of its life. Gray draws on an array of reminiscences by Dickens's friends, family, and fellow writers, and also situates her book within the context of nineteenth-century attitudes towards dogs as revealed in the periodical press, newspapers, and institutional archives. Integral to her study is her analysis of Dickens's texts in relationship to their illustrations by George Cruikshank and Hablot Knight Browne and to portraiture by late eighteenth- and nineteenth-century artists like Thomas Gainsborough and Edwin Landseer. *The Dog in the Dickensian Imagination* will not only enlighten readers and critics of Dickens and those interested in his life but will serve as an important resource for scholars interested in the Victorian city, the treatment of animals in literature and art, and attitudes towards animals in nineteenth-century Britain.

Palaces of Pleasure Mar 18 2020 An energetic and exhilarating account of the Victorian entertainment industry, its extraordinary success and enduring impact The Victorians invented mass entertainment. As the nineteenth century's growing industrialized class acquired the funds and the free time to pursue leisure activities, their every whim was satisfied by entrepreneurs building new venues for popular amusement. Contrary to their reputation as dour, buttoned-up prudes, the Victorians reveled in these newly created 'palaces of pleasure'. In this vivid, captivating book, Lee Jackson charts the rise of well-known institutions such as gin palaces, music halls, seaside resorts and football clubs, as well as the more peculiar attractions of the pleasure garden and international exposition, ranging from parachuting monkeys and human zoos to theme park thrill rides. He explores how vibrant mass entertainment came to dominate leisure time and how the attempts of religious groups and secular improvers to curb 'immorality' in the pub, variety theater and dance hall faltered in the face of commercial success. The Victorians' unbounded love of leisure created a nationally significant and influential economic force: the modern entertainment industry.

The Writings of Charles Dickens: The old curiosity shop Mar 10 2022

I Know My Own Heart Apr 18 2020 Upon publication, the first volume of Anne Lister's diaries, *I Know My Own Heart*, met with celebration, delight, and some skepticism. How could an upper class Englishwoman, in the first half of the nineteenth century, fulfill her emotional and sexual needs when her sexual orientation was toward other women? How did an

aristocratic lesbian manage to balance sexual fulfillment with social acceptability? Helena Whitbread, the editor of these diaries, here allows us an inside look at the long-running love affair between Anne Lister and Marianna Lawton, an affair complicated by Anne's infatuation with Maria Barlow. Anne travels to Paris where she discovers a new love interest that conflicts with her developing social aspirations. For the first time, she begins to question the nature of her identity and the various roles female lovers may play in the life of a gentrywoman. Though unequipped with a lesbian vocabulary with which to describe her erotic life, her emotional conflicts are contemporary enough to speak to us all. This book will satisfy the curiosity of the many who became acquainted with Lister through *I Know My Own Heart* and are eager to learn more about her revealing life and what it suggests about the history of sexuality.

Bookseller May 20 2020 Vols. for 1871-76, 1913-14 include an extra number, *The Christmas bookseller*, separately paged and not included in the consecutive numbering of the regular series.

The Old Curiosity Shop, and Master Humphrey's Clock Oct 13 2019

The old curiosity shop Aug 15 2022

Handmade Mar 30 2021 From atomic structures to theories about magnetic forces, scientific progress has given us a good grasp on the properties of many different materials. However, most scientists cannot measure the temperature of steel just by looking at it, or sculpt stone into all kinds of shapes, or know how it feels to blow up a balloon of glass. *Handmade* is the story of materials through making and doing. Author and material scientist Anna Ploszajski journeys into the domain of makers and craftspeople to comprehend how the most popular materials really work. Anna has the fresh perspective of someone at the forefront of the field. Each chapter features her accounts of learning from masters of their respective crafts. Along the way, Anna builds a fuller picture of materials and their place in society, as well as how they have intersected with her own life experiences – from land racing on American salt flats to swimming the English Channel. She visits a blacksmith, explores how working with the primal material, clay, has brought about some of the most advanced technologies, and delves down to the atomic scale of glass to find out what makes it 'glassy'. *Handmade* affords us a new understanding of the materials we encounter every day and an appreciation for the skills needed to fashion them into objects that are perfectly formed for the jobs they do.

Emily Dickinson Aug 23 2020 Using updated scholarship and never-before-published primary research, this new biography takes a fresh look at a genius of American letters.
