Join Greg and Lora Little as they take you through time to look at some of the most interesting mysteries of time and space. "Secrets of the Ancient World is a book that examines curious people, places, objects, as they were addressed in the Edgar Cayce readings. From the lost world of Atlantis to the pyramids of Egypt, the Littles examine these mysteries in depth, using the material from the American mystic Edgar Cayce as well as first-hand research. This book is an eye-opener for any reader seeking answers to these interesting questions. Chronicles the life of American psychic Edgar Cayce and discusses how his work was used by prominent world leaders, scientists, and Hollywood producers. Edgar Cayce, America's best documented psychic, gave upwards of 44 readings that dealt with lost continents, geophysical changes to Earth between 1958-1998, and a pole shift due to begin about now. In this book, geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes. They also seek scientifically to test readings' predictions of catastrophic Earth changes, all the while investigating the following fascinating subjects: * Development and calibration of a comprehensive pole-shift model * The countries predicted to be most affected by a sudden pole shift. * The geologic trend for a mineralized gold vein at Bimini, Bahamas. * The authors' discovered correlations between: - a 2002 arctic earthquake and the eruption of torrid-area volcanoes, - the dropping of atom bombs in 1945 and a significant increase in sunspots following, and - the peaceable nature of Earth between 1645-1715 and the period's near total lack of sunspots. (Cayce readings implied or predicted all three phenomena.) * The first-ever analysis of the sources of Cayce's channeled readings, including a ranking of the veracity and reliability of the most important Earth changes and pole-shift readings. * Moralistic reasons for future catastrophic geophysical changes to Japan, China, and America. * Locations of post-pole-shift supercontinents in Canada and America. * Locations of the records of the Atlantean civilization, to be found when changes begin. * How to awaken to the New Cycle presently opening before humanity. * Evidence for Atlantis in the mid-Atlantic ridge area and for Lemuria (or Mu) in the Pacific. * The consuming religious war in which we find ourselves, and an answer to world conditions today. * Visions of an imminent Age-ending fire, found in a Cayce reading, in a channeled book by Phyllos the Tibetan, and in the 1960s visions of girls in Garabandal, Spain. * Doubtful interpretations of Earth-changes and pole-shift readings advanced by managers and writers of Cayce's legacy organization, the Association for Research and Enlightenment. From the Foreword by the Editor: "The acid test of pole shift and other Earth change predictions is their scientific credibility. If true, momentous societal and political changes are imminent. The geopolitical map of the world will be redrawn. The authors are exploring the transition from the end of one Age to the beginning of another." John Van Auken combines his love of Kabbalah with his 40 years of studying the psychic readings of Edgar Cayce.

of world-famous seer Edgar Cayce to take us on a mind-expanding journey through creation and the levels of our consciousness. Van Auken's easy writing style helps to shed light on the most complicated in Kabbalah, making it easier to grasp the five divisions of our being, the four planes of existence, the heavens, the ten emanations, and the twenty-two channels of the Infinite Creative Consciousness. We learn how to expand our minds to perceive these realms, to journey through them, and, to remain sane, healthy, and active in our present life. Van Auken brings in insights from Buddhism, Hinduism, Taoism, and even ancient Egyptian theology, and includes Gnosticism and Neo-Platonism in this multi-dimensional reading journey into Edgar Cayce and the Kabbalah offers you a personal road map to higher consciousness and a happier, more fulfilling life! From the first century AD to these times the Revelation has fascinated and puzzled spiritual people. Its incredible imagery and often terrifying warnings have captured the attention of psychologists, artists, homemakers, and rock musicians, and provided fodder for TV evangelists. In this book, Edgar Cayce's surprising interpretation turns the Revelation into a powerful study guide for all those spiritualizing body and mind. Cayce taught that "the visions, the experiences, the names, the churches, the places, the dragons, the cities, all are but emblems of those forces that may war within the individual on a journey through the material, or from the entering into the material manifestation [i.e., physical body and world] to the entering into the glory, or the awakening in the spirit..." With this in mind we take a very different tour through the wonders of the Apostle John's vision, a tour that actually has much to give. Moving through the first several chapters of John's vision we find guidance for awakening the best within us physically, and in the subsequent chapters John gives us insights for awakening the best within our minds. Ultimately this all leads us to a new body and a new mind! And John Van Auken's easy-reading manner and use of many supporting sources opens the seemingly impenetrable Revelation to our understanding! The spinster who erupted one day in a blinding flash of violence, the brilliant scientist who was terrified of wearing pearl earrings, the inexperienced pilot who took off from New York bound for Los Angeles and disappeared 27 hours later - in Dublin! In this compellingly off-beat peek into America's past, Floyd examines a fascinating array of men and women who achieved fame, fortune, or notoriety because of (or despite) their glaring peculiarities. A complete guide to the work of the remarkable twentieth-century seer Edgar Cayce featuring Cayce's most intriguing and influential readings, and a biographical introduction to his life. Edgar Cayce is one of the most mysterious men of the twentieth century. Sometimes called "The Sleeping Prophet" he was prone to pick up taglines that reflected the sensationalistic side of his work rather than its real meaning. The core of his life's work was actually being an intuitive healer and Christian mystic. More than one hundred books have been written about his teachings and his life story. Yet no book has contained as much insightful commentary with lengthy, verbatim selections of the full range of his contribution to holistic practical spirituality, and the psychology of the soul. The Essential Edgar Cayce gives the reader an understanding of each major area in which Cayce helped pioneer the modern holistic living movement, as the contemporary popular approach to spirituality that weaves together the best of Eastern and Western religious traditions. The book's substantial introduction frames Cayce and his life's work, and is followed by eight topical sections in which commentaries by Mark Thurston guide the reader through some of the most significant readings. Here is a truly integral portrait of the life and work of one of the twentieth century's most fascinating spiritual figures. There is perhaps no modern psychic more fascinating than Edgar Cayce and no better authors to explore the intricate details and eye-opening stories of the people who received readings than Sidney and Nancy Kirkpatrick. The Kirkpatricks, with decades of experience and research, take us on a journey into the archives and history of these psychic passages, finding the most interesting studies and exploring the most astounding results of the Cayce work in so many people's lives. Their findings are presented in a way that reads like a whodunit that you can't put down! Edgar Cayce's rare mind touches the Universal Mind gives us extraordinary insights into the power of our own minds. In this fascinating book Cayce illustrates how thoughts are things, that may become crimes or miracles in our lives. He explains how changing our thinking patterns, we can change our life for the better. He also gives a unique view into the mind at sleep describing the influences motivating our dreams and visions, and showing us how to better interpret them. He clarifies why the dreaming mind is so much more important to us than we realize. The book addresses the need to move away from a too self-centered consciousness, opening up to a larger consciousness.

Jeannie Reed notes, "Maybe after reading this, we won't be afraid of dying anymore."

fascinating biography written by the country's foremost authorities on metaphysics. The Edgar Cayce is one of the most compelling in inspirational literature. For more than forty years, the "Sleeping Prophet" closed his eyes, entered into an altered state of consciousness, and spoke to the very heart and spirit of humankind on subjects such as health, healing, dreams, prophecy, meditation, and reincarnation. His more than 14,000 readings are preserved at the Association for Research and Enlightenment, Inc., in Virginia Beach, Virginia. A native of Kentucky with a ninth-grade education, Edgar Cayce accurately predicted two world wars, including the years they began and ended, racial strife in America, the death of John F. Kennedy, and hundreds of other recorded events. He could apparently travel in time and space to treat the ill, and dispensed information that led to innumerable cures where traditional medicine was helpless. The first to introduce many Americans to the concept of reincarnation, Cayce drew on a subconscious Universal Mind to provide startling information about past and future. In *The Sleeping Prophet*, Jess Stearn presents the extraordinary story of his life, his healing, his prophecies, and his powerful legacy. Examines the effect of mature religion upon the psychic abilities of the American mystic Edgar Cayce and details how prayer and meditation can heighten anyone's psychic powers. The Akashic Records, also known as "The Book of Life," are the storehouse of all information for every individual who has ever lived upon the earth. Every word, deed, feeling, thought, and intent that ever occurred are contained within. Todeschi takes you on a journey to understanding how you are in charge of shaping your own destiny with additional instruction on how you can tap into your own Akashic records—your past lives, your present experiences, and your future—to create the life you desire now. The Edgar Cayce story is one of the most compelling in inspirational literature. Over the course of forty years the "Sleeping Prophet" time and again closed his eyes, entered an altered state of consciousness, and spoke to the very heart and spirit of mankind on subjects such as health, healing, dreams, meditation, sexuality, and reincarnation. His more than 14,000 readings are preserved at the Association for Research and Enlightenment. And with the guidance of Edgar Cayce, we can learn how to mine our psychic strengths for happier and healthier lives. Here are the readings of *The Sleeping Prophet*, condensed and simplified--the wisdom to help us make the right decisions affecting all facets of our lives. Cayce speaks out on: The sources of psychic development, reincarnation, Karma and grace, dreams, meditation, prayer, personal health (including diet and exercise), holistic healing, sexuality, spirituality, rejuvenation, religion, spiritual psychology, and much more. Cayce offers us the keys to insight, enlightenment, and total fulfillment. This book presents a thumbnail sketch of each historical personality and an overview of the current individual's life for parallels and similarities. It will give you a better understanding of how reincarnation works over time. Are you aware of your past life in the lost continent of Atlantis? Some people are. If you happen to be unfamiliar with the name, Edgar Cayce is the most probable reason is that you hail from a younger generation. Edgar Cayce, the legendary American mystic, is regarded by many as America's Nostradamus. Edgar passed on in 1945 but he left behind an enormous legacy of unimaginably accurate psychic readings on an unusually diverse assortment of topics. It is estimated that Edgar gave more than 15,000 psychic readings in his lifetime but in the earlier years, thousands of his readings, primarily medical readings, were not retained, and the only record of the reading was the name given or sent to the individual requesting the reading. Today, Edgar's Association for Research and Enlightenment is still a thriving, charitable foundation in Virginia Beach, Virginia, where members (membership is definitely not expensive) can view copies of over 14,000 complete Edgar Cayce psychic readings. Approximately 10,000 of these readings are medical readings, about 2500 are classified as reincarnation readings, and the remainder of the readings cover topics as diverse as domestic relations, the stock market and real estate investment, creation, the life and times of Jesus and those close to Him, and numerous other subjects. Well over 300 books, including over 30 biographies have been written using Edgar's amazing readings. I have researched the Edgar Cayce readings for many years, in particular the 2500 reincarnation readings for 2000 individuals. Over 600 of these life readings included incarnations from the continent of Atlantis. I have organized just over 500 of these Atlantis-related readings in a basically - not entirely - chronological order so as to present a partial history of Atlantis. I have identified these recipients using the information provided at the beginning of each Edgar Cayce reading, which included date of birth, place of birth, current location, occupation, and religious affiliation in some cases. Actual names were not revealed. Yes, over 600 people know about their past lifetimes in Atlantis. Are you curious? The ps

readings of Edgar Cayce contained insightful information about the properties and value of a variety of stones, minerals, and other elements. Author Shelley Kaehr, Ph.D., whose own background included the study of gemstones, examines this material by delving into the history and makeup of these magical substances often mentioned by Cayce. In her book, Kaehr shares with us the wonders of the mineral kingdom, and why each stone or mineral is different and reacts differently to various people. Includes an intuitive discovery process to finding out which of these powerful minerals works best for you. Since 1997, astounding developments have shattered American archaeology's most cherished beliefs. Excavations have uncovered solid evidence that ancient America was settled at least 50,000 years ago. Genetic evidence shows several waves of migrations came into America from not only Siberia, but also from Polynesia, China, and Japan. A mysterious genetic type has been identified in ancient American skeletal remains as well as in modern Native Americans. This enigmatic type is linked to the Middle East and may well have originated in a location between America and Europe.

Edgar Cayce, America's famous "Sleeping Prophet," gave 68 readings between 1925 to 1944 that provided information on America's Mound Builders and ancient American history. These readings have never been thoroughly analyzed and have been largely forgotten. For the first time, Cayce's statements about ancient America are compared to current archaeological evidence. Incredibly, everything Cayce related about the Mound Builders is true. Well-documented and highly illustrated. This reissue of the book first released in 2001. A new edition of the landmark, worldwide bestseller on the famed medical clairvoyant and founding father of the New Age: Edgar Cayce. Edgar Cayce (1877-1945) known to millions today as the grandfather of the New Age. A medical clairvoyant, psychic, and Christian mystic, Cayce provided medical, psychological, and spiritual advice to thousands of people who swore to the effectiveness of his trance-based readings. But Cayce was not always a household name. When a young, skeptical journalist named Thomas Sugrue first met Cayce in 1927 the world had not yet heard of the "sleeping prophet." During years of unique access, Sugrue completed his landmark biography, which on its publication in 1942 brought national attention to Cayce and stands as the sole record written during the seer's lifetime. This edition includes a new introduction by historian Mitch Horowitz that highlights the enduring significance of Cayce's message and the role this book played in its dissemination. From its earliest days, America has been an arena for the revolutions in alternative spirituality that eventually swept the globe. Esoteric philosophies and personas—from Freemasonry to Spiritualism, from Madame H. P. Blavatsky to Edgar Cayce—dramatically altered the nation's culture, politics, and religion. Yet the mystical roots of our identity are often ignored or overlooked. Opening a new window on the past, *Occult America* presents a dramatic, pioneering study of the esoteric undercurrents of our history and their profound impact across modern life. Review of recent archaeological discoveries and recent genetic studies with comparison to the psychic readings of Edgar Cayce.
