Askers, Seekers, Knockers : I ASKED Jan 24 2020 An admired civil servant reveals the principles and life lessons she learned that transformed her thinking and actions from poverty-level living to a successful life and career in the federal government as a member of the Senior Executive Service. Askers, Seekers, and Knockers: I ASKED takes you on a journey filled with life lessons and experiences that demonstrate how anyone can create their own personal journey to success. Through deliberate, persistent, and dedicated actions, Carolyn Jean McMillon illustrates a powerful and inspirational step-by-step process to help you design a personal plan of action to get you from where you are today to the success you desire tomorrow. McMillon demonstrates through the principles of Asking, Seeking, and Knocking that it is not your beginning that dictates where you end up, but your choices. She makes a dare to every reader that forces them to evaluate the what-ifs of life. So what if you were not born a member of the privileged class, did not receive an Ivy League education, were not fortunate enough to have a formal mentor to take you under their wings, did not have that stellar job assignments, did not finish school, had a broken home life and a dysfunctional family, have more than your share of life's obstacles and challenges, were not fortunate enough to have a pre-planned successful path laid out for your life, and the "I did not have" and what-ifs list could go on and on and on. If you have grown tired of having a pity party and using one excuse after another as reasons why you are suffering with lack in your life, this book is definitely for you. An engaging and powerful storyteller, McMillon uses enlightening parables and vignettes to offer sage advice and wisdom about making choices that impact one's life. Through positive thought-provoking exercises, this book enables readers to map out their own personal journey to success by getting rid of limiting beliefs and self-defeating doubts and putting into action new directions that will take them to their high places in life. When you give up the pity party, stop blaming things that you can't change, and focus on changing the things you can, your circumstances will change! Why is McMillon so adamantly sure that you can transform and change the direction of your life? Because she did it.

First Steps Toward Linking Dialogues: Mediating Between Free-text Questions and Pre-recorded Video Answers Jun 30 2020 Pre-recorded video segments can be very compelling for a variety of immersive training purposes, including providing answers to questions in after-action reviews. Answering questions fluently using pre-recorded video poses challenges, however. When humans interact, answers are constructed after questions are posed. When answers are pre-recorded, even if a correct answer exists in a library of video segments, the answer may be phrased in a way that is not coherent with the question. This paper reports on basic research experiments with short linking dialogues that mediate between the question and answer to reduce (or eliminate) the incoherence, resulting in more natural human-system interaction. A set of experiments were performed in which links were elicited to bridge between questions from users of an existing training application and selected answers from the system, and then comparisons made with unlinked answers. The results show that a linking dialogue can significantly increase the perceived relevance of the system's answers.
