Sweet and Clean? Nov 27 2022 *Sweet and Clean?* challenges the widely held beliefs on bathing and cleanliness in the past. For over thirty years, the work of the French historian, George Vigarello, has been hugely influential on early modern European social history, describing an aversion to water and bathing, and the use of linen underwear as the sole cleaning agent for the body. However, these concepts do not apply to early modern England. *Sweet and Clean?* analyses etiquette and medical literature, revealing repeated recommendations to wash or bathe in order to clean the skin. Clean linen was essential for propriety but advice from medical experts was contradictory. Many doctors were convinced that it prevented the spread of contagious diseases, but others recommended flannel for undergarments, and a few thought changing a fever patient's linens was dangerous. The methodology of material culture helps determine if and how this advice was practiced. Evidence from inventories, household accounts and manuals, and surviving linen garments tracks underwear through its life-cycle of production, making, wearing, laundering, and final recycling. Although the material culture of washing bodies is much sparser, other sources, such as the Old Bailey records, paint a more accurate picture of cleanliness in early modern England than has been previously described. The contrasting analyses of linen and bodies reveal what histories material culture best serves. Finally, what of the diseases-plague, smallpox, and typhus—that cleanliness of body and clothes were thought to prevent? Did following early modern medical advice protect people from these illnesses?

I Had a Favorite Dress Jan 05 2021 Open up a fresh and stylish story about growing up and keeping hold of your favorite memories. As the year passes, the narrator's favorite dress goes through a series of creative changes, from dress to shirt to tank top to scarf and so on, until all that's left of it is a good memory. Assisted by her patient and crafty mama, the narrator finds that when disaster strikes her favorite things, she doesn't need to make mountains out of molehills—she “makes molehills out of mountains” instead! Structured around the days of the week, the story is also illustrated to show the passing of the seasons, a perfect complement to the themes of growing older and keeping hold (and letting go) of special mementos. Praise for *I Had a Favorite Dress* “A spunky story about adjusting to change with creativity and style. Tailor-made, so to speak, for the Etsy generation of DIY enthusiasts.” —Publishers Weekly “Everyone is smiling in the buoyant confections created by illustrator Julia Denos—including, it's fair to say, young readers looking at them. Endearing picture book.” —Wall Street Journal “What could have been yet another example of kindergarten consumerism instead becomes one of resourcefulness and resilience.” —New York Times “Denos's multimedia illustrations reinforce the narrator's vibrant personality and the amazing transformations of the dress while capturing the action and emotion of the story. This book is sure to capture the imaginations of would-be seamstresses; children who can't bear to part with a favorite item; and those who want to reduce, reuse, recycle.” —School Library Journal “Breezy in style, they smartly stitch each scene of alteration as the not-so-little girl sashays through the days of the week and the seasons. A charming interpretation of an old story that will speak to young fashionistas.” —Kirkus Reviews
