Allied and Axis Signals Intelligence in World War II Dec 12 2022 The importance of codebreaking and signals intelligenc  
in the diplomacy and military operations of World War II is reflected in this study of the cryptanalysts, not only  
Britain, but all the Allies. The codebreaking war was a global conflict in which many countries were active. The  
contributions reveal that, for the Axis as well as the Allies, success in the signals war often depended upon clos  
collaboration among alliance partners.
