Wise beyond their years—or soon to be—Ruthie, Omar, J.J., and the other kids in these stories veer in and out of touching distance to hard lessons about trust, love, and mortality. However engaged or aloof, grownups are always nearby. Far-from-perfect emissaries to the realm of adulthood, they pose questions for children even as they offer answers. Presents the lives of poor African-American men who make their subsistence wages by selling used goods on the streets of Greenwich Village in New York; and discusses how they interact with passing pedestrians, police officers, and each other. life lived in New York City "A fantasia of a double tale skimming through the art capitals of Europe with double muses, double love pursuits, double Raphaels, even double authors, a tale dripping with idealized romantic settings, mystery, art, and a touch of magic, *The Sidewalk Artist* will keep readers wondering what is real and what is artifice--as fine paintings always do." --Susan Vreeland, author of *Girl in Hyacinth Blue*

While in Europe researching her next novel, twenty-something American Tulia Rose falls headlong into a romance with a handsome sidewalk artist. As he takes her on a tour of Europe's artistic treasures, she begins writing the story of the painter Raphael and his secret lover. Yet as her own affair grows deeper, Tulia's sidewalk artist grows more mysterious. Why does he seem so familiar? And what is his connection to the great Renaissance painter? Set in Paris and Italy, this lyrical first novel interweaves two parallel love stories, offering readers a unique view on the research and inspiration that goes into creating historical novels such as *The Girl with the Pearl Earring* and *The Birth of Venus*.

Urban sidewalks, critical but undervalued public spaces, have been sites for political demonstrations and urban greening, promenades for the wealthy and the well-dressed, and shelterless shelters for the homeless. On sidewalks, decade after decade, urbanites have socialized, paraded and played, sold their wares, and observed city life. These uses often overlap and conflict, and urban residents and planners try to include some and exclude others. In this first book-length analysis of the sidewalk as a distinct public space, Anastasia Loukaitou-Sideris and Renia Ehrenfeucht examine the evolution of the American urban sidewalk and trace conflicts that have arisen over its competing uses. They discuss the characteristics of sidewalks as small urban public spaces, and such related issues as the ambiguous boundaries of their 'public' status, contestation around specific uses, control and regulations, and the implications for First Amendment speech and assembly rights. Drawing on historical and contemporary examples as well as case study research and archival data from five cities - Boston, Los Angeles, New York, Miami, and Seattle - the authors focus on how the functions and meanings of street activities have shifted and have been negotiated through controls and interventions. They consider sidewalk uses that include the display of individual and group identities (in ethnic and pride parades, for example), the everyday politics of sidewalk access, and larger political actions (including Seattle's 1999 antiglobalization protests), and examine the complex regulatory frameworks that manage street and sidewalk life. The role of urban sidewalks in the early twenty-first century depends, the authors conclude, on what we want from sidewalk life and how we balance competing interests. What lurks beneath the sidewalk cracks . . . ? Run, jump, spin round, Skipping to the playground. Skip, hop, jump, stop! Crack in the sidewalk. "Oh, no!" A girl takes care to step over the sidewalk cracks, but in a moment of distraction she falls through . . . In rhythmic verse that begs to be read aloud, *Underneath the Sidewalk* combines humour, joy and just the right dose of spine-tingling fear as it explores the age-old childhood question of what would happen if you fell through the cracks in the sidewalk! Children will delight in the breathtaking art that opens up worlds of imagination in this magical story of bravery, adventure and friendship. Challenges Christians to gain a practical, informed vision for their city that includes a broad understanding of the needs and rewards of vital urban communities. Linsey longs for Ted, even though her career in singing is blossoming and Peter loves her. If you are a dreamer, come in. If you are a dreamer, A wisher, a liar, A hope-er, a pray-er, A magic bean buyer . . . Come in . . . for where the sidewalk ends, Shel Silverstein's world begins. You'll meet a boy who turns into a TV set, and a girl who eats a whale. The Unicorn and the Bloath live there, and so does Sarah Cynthia Sylvia Stout who will not take the garbage out. It is a place where you wash your shadow and plant diamond gardens, a place where shoes fly, sisters are auctioned off, and crocodiles go to the dentist. Shel Silverstein's masterful collection of poems and drawings is at once

outrageously funny and profound. These lively talks and dialogues are about seeing through the illusion of separation and waking up to the boundless wholeness that is all there is. Joan's approach is open and explorative, questioning all attempts to conceptually grasp and frame the movement of life. She talks about seeing through the stories and beliefs that create our human suffering and waking up to the simplicity of what is. This book beautifully dissolves the apparent dichotomy between the uncompromising "this is it, just as it is" message of radical non-duality and the emphasis on "being here now" that is found in many meditation teachings. Joan has an affinity with Buddhism, Advaita, and radical non-duality, but she belongs to no tradition. In these talks and dialogues, she takes on such perennial questions as, Is there a way out of personal and global suffering? Can we choose to stop addictive and destructive patterns? Does being awake take effort, vigilance, and practice, or is it effortlessly and unavoidably always already the case? What happens when we die? After her divorce, Paige Parsons moved from a small Idaho town to start a new life, homeless, alone and Epileptic, she met Mitch, a chamer. Paige thought she had a second chance at love when Mitch brutally beat her, almost killing her. With the help of her friends, Paige found strength and courage to pick up the pieces of her shattered life and move on. Insightful, humorous, touching, and inspiring are just a few words used to describe this well-loved collection of poems and truisms by the late Portia Nelson. Designed to inspire self discovery, *There's a Hole in My Sidewalk* includes stirring poems that gently lead readers to embrace a more authentic self. Set in the future when "firemen" burn books forbidden by the totalitarian "brave new world" regime. Many of Bolivia's poorest and most vulnerable citizens work as vendors in the Cancha mega-market in the city of Cochabamba, where they must navigate systems of informality and illegality in order to survive. In *Owners of the Sidewalk* Daniel M. Goldstein examines the ways these systems correlate in the marginal spaces of the Latin American city. Collaborating with the Cancha's legal and permanent stall vendors (fijos) and its illegal and itinerant street and sidewalk vendors (ambulantes), Goldstein shows how the state's deliberate neglect and criminalization of the Cancha's poor—a practice common to neoliberal modern cities—makes the poor exploitable, governable, and consigns them to an insecure existence. Goldstein's collaborative and engaged approach to ethnographic field research also opens up critical questions about what ethical scholarship entails. Dredged up by an unexpected tragedy, the cry to numb himself returned. Regret brought a hundred of pairs of accusing eyes. Pain was calling as he pulled against the rusted chains. "My demons don't die easy," he knew his truth. Discover the beloved self-help classic featuring moving poems and insightful truisms that "is full of practical wisdom that will allow you to embrace and change your life" (John Gray, Ph.D., author of *Men Are from Mars, Women Are from Venus*). Individuals, therapy groups, twelve-step programs, and the self-help community around the world have embraced the late Portia Nelson's brilliant *There's a Hole in My Sidewalk*. Warm, wise, and funny, her seminal poem "Autobiography in Five Chapters" is a treasured and often quoted motto for anyone seeking to better themselves and their life. "Treat yourself to a special book by a special lady" (Carol Burnett) with this perfect inspirational and motivational gift. Christians often talk about claiming our cities for Christ and the need to address urban concerns. But according to Eric Jacobsen, this discussion has remained far too abstract. *Sidewalks in the Kingdom* challenges Christians to gain an informed vision for the physical layout and structure of the city. Jacobsen emphasizes the need to preserve the nourishing characteristics of traditional city life, including shared public spaces, thriving neighborhoods, and a well-supported local economy. He explains how urban settings

create unexpected and natural opportunities to initiate friendship and share faith in Christ. Helpful features include a glossary, a bibliography, and a description of New Urbanism. Pastors, city-dwellers, and those interested in urban ministry and development will be encouraged by Sidewalks in the Kingdom. This title re-maps public space in order to unveil contemporary spatial practices and to explore future possibilities. In the midst of historic migration and urbanisation, our limited public spaces are being contested and re-conceptualised in cities around the world with innovative experiments in some places and bloody battles in others. This book uses the case of sidewalks in Ho Chi Minh City, Vietnam where a vibrant everyday urbanism takes place in flexible patterns that defy conventional conceptions of public space. Read of the heroic exploits of a young man, Robert Mitchel, who at the age of eighteen is required to transition from a young man to an adult in a matter of minutes. The story tells of Bob's experiences during the invasion of France at Normandy and islands in the Far East and the awards he was presented for bravery. Read about Bob's brief romantic encounter with an attractive English girl, his return home after an honorable discharge, and the tremendous support of his home town which helped his transition into a successful civilian life. Although this story is fictional, the theme could be repeated thousands of times through true stories in different settings. Many young men and women serving in the armed services have faced difficulties such as Robert Mitchel and met them just as he did. Perhaps you know someone from your hometown who fills the role. From the outrageously funny to the quietly affecting -- and touching on everything in between -- here are poems and drawings that illuminate the remarkable world of the well-known folksinger, humorist and creator of *The Giving Tree*. Although a powerful form of governance, pedestrianism tends to be obscured by grander and more visible forms of urban regulation. Winner of the Governor General's Literary Award for Children's Illustrated Book A New York Times Best Illustrated Children's Book of the Year In this wordless picture book, a little girl collects wildflowers while her distracted father pays her little attention. Each flower becomes a gift, and whether the gift is noticed or ignored, both giver and recipient are transformed by their encounter. "Written" by award-winning poet JonArno Lawson and brought to life by illustrator Sydney Smith, *Sidewalk Flowers* is an ode to the importance of small things, small people and small gestures. Evocative, erudite and consistently surprising, these narrative essays explore the places - real and imagined - that shape our lives. Whether wandering the familiar streets of her neighbourhood, revisiting the landmarks of her past, or getting lost in a foreign city, Valeria Luiselli plots a unique and exhilarating course that traces unexpected pathways between diverse ideas and reveals the world from a fresh perspective. Here, we follow Luiselli as she cycles around Mexico City, shares a cigarette with the night porter in her Harlem apartment, and hunts down a poet's tomb in Venice. Each location sparks Luiselli's nimble curiosity and prompts imaginative reflections and inventions on topics as varied as the fluidity of identity, the elusiveness of words that can't be translated, the competing methods of arranging a bookcase, and the way that city-dwellers evade eye-contact with their neighbours while spying on their lives. Sidewalks cements Luiselli's reputation as one of Latin America's most original, smart and exciting new literary voices. In this classic text, Jane Jacobs set out to produce an attack on current city planning and rebuilding and to introduce new principles by which these should be governed. The result is one of

the most stimulating books on cities ever written. Throughout the post-war period, planners temperamentally unsympathetic to cities have been let loose on our urban environment. Inspired by the ideals of the Garden City or Le Corbusier's Radiant City, they have dreamt up ambitious projects based on self-contained neighbourhoods, super-blocks, rigid 'scientific' plans and endless acres of grass. Yet they seldom stop to look at what actually works on the ground. The real vitality of cities, argues Jacobs, lies in their diversity, architectural variety, teeming street life and human scale. It is only when we appreciate such fundamental realities that we can hope to create cities that are safe, interesting and economically viable, as well as places that people want to live in. 'Perhaps the most influential single work in the history of town planning... Jacobs has a powerful sense of narrative, a lively wit, a talent for surprise and the ability to touch the emotions as well as the mind' New York Times Book Review

The cracks in the sidewalk that go on forever Are crazy and crumbling and snaking together. The Canadian tradition of illustrated children's humorous poetry collections begins with Dennis Lee's Alligator Pie. To that tradition is added this latest worthy contribution, *The Cracks in the Sidewalk* by Gordon Chisholm. Many of these 30 poems, accompanied by 32 black-and-white line-drawing illustrations, provide a humorous and playful view of common everyday experiences that children have, such as simply walking along on a sidewalk. Other poems are whimsical flights of fancy or observations of the natural world. All together, these fun verses aim at widening children's sense of curiosity and wonder, and promoting feelings of self assurance and confidence in their abilities.
