**Metaphors of Self** Oct 20 2019 James Olney examines the writings of seven men--Montaigne, Jung, George Fox, Darwin,

Newman, Mills, and Eliot--and traces the essential and unique autobiographical impulse, and in a real sense makes it live. Originally published in 1972. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

•“The best is the best and we must take it on the rare occasions that we find it.”  
-Jim Harrison, Kermit Lynch Wine Merchant

News •“Delicious Reading” -Patrick Kuh, San Francisco Chronicle •“Funny” -Gourmet Magazine •“Awe-Inspiring” -Tara Q. Thomas, Wine & Spirits •“... downright brilliant..” -Mark Bittman, New York Times Book Review •“Mr. Olney’s influence in the culinary profession was profound....” -R.W. Apple Jr., New York Times •“...an unparalleled view of French food and wine.” -William Rice, Chicago Tribune •“Richard Olney, one of the most influential cookbook writers of his generation....” -Russ Parsons, Los Angeles Times •“Olney was well ahead of his time. He was without doubt, one of the most influential of modern writers about food. He has a very strong claim to be considered the best.” -Times, London •“Richard Olney’s writings may come to share the position bestowed upon A. Escoffier’s 1903 Guide Culinaire as the international authoritative culinary text of the 20th century. A pair well-matched, Escoffier preached “Faites simple” and devoted his career to eradicating the excessive culinary follies invented by his predecessors.” -Nora Carey, Independent,

London •“Although he was an American, Richard Olney...was one of the foremost writers on French food and wine.... He was admired and respected by the French gastronomic community....” -Jill Norman, Guardian, Manchester •“He was not as famous as Julia Child...but he was in many ways just as influential...the expatriot theorist who revolutionized the way the best American chefs think about food.” -Donald Kaul, Des Moines Register

The book begins in New York in 1951 where Olney, a struggling artist, waited tables in Greenwich Village, then moves to Paris and weaves a magical description of food that becomes so real-as if you were actually there with Olney: “My first meal in Paris was in a glum little dining room for boarders, in the Hôtel de l’Académie, at the corner of rue de l’Université and the rue des Saints-Pères. The plat du jour was ‘gibelotte, pommes mousseline’- rabbit and white wine fricassée with mashed potatoes. The gibelotte was all right, the mashed potatoes the best I had ever eaten, pushed through a sieve, buttered and moistened with enough of their hot cooking water to

bring them to a supple, not quite pourable consistency—no milk, no cream, no beating. I had never dreamt of mashing potatoes without milk and, in Iowa, everyone believed that, the more you beat them, the better they were.” This book is a long-awaited story of the man who brought the simplicity of French cooking to the United States, and a statement about one of the finest and most important food professionals in the world. Richard Olney, one of the first food writers to introduce the simple joys of French cooking to American readers was an American who lived in Europe for almost 50 years. He died unexpectedly July 31, 1999. Author of more than 35 titles and inspiration to hundreds more his works include French Menu Cookbook, the seminal Simple French Food, The Good Cook, Yquem, Ten Vineyard Lunches, Romanée-Conti, Provence the Beautiful, Lulu’s Provençal Table, Good Cook’s Encyclopedia, and French Wine and Food. A resident of Solliès-Toucas, France, Olney was close to his art and family and friends.

New Scientist Jun 27 2020 New Scientist  
magazine was launched in 1956 "for all  
those men and women who are interested in  
scientific discovery, and in its  
industrial, commercial and social  
consequences". The brand's mission is no  
different today - for its consumers, New  
Scientist reports, explores and interprets  
the results of human endeavour set in the  
context of society and culture.

**Olney** Jul 29 2020 This guide to Olney's  
past compiles many snippets of area

history found in manuscripts and reference books. Chapters include: A Road from the Past to the Present; Land Speculators, Early Settlers and Village Ghosts; A Dingy Old Place; The Farmer's Greatest Gift; The Civil War: A Community Divided; Cultivating the Mind and Soul; The Golden Age of Medicine; Death of Old Olney; The Community's Foundation; and The Birth of New Olney. Photographs, a map of area land grants, recollections of longtime residents, and an index to full-names, places and subjects add to the value of this work.

*Equal Pay* May 27 2020 Ensuring that the work done by women and men is valued fairly and ending pay discrimination is essential to achieving gender equality. However, pay inequality continues to persist and gender pay gaps in some instances have stagnated or even increased.
