[The Arabs of the Ottoman Empire, 1516–1918](#) Jul 01 2021 The Ottomans ruled much of the Arab World for four centuries. Bruce Masters's work surveys this period, emphasizing the cultural and social changes that occurred against the backdrop of the political realities that Arabs experienced as subjects of the Ottoman sultans. The persistence of Ottoman rule over a vast area for several centuries required that some Arabs collaborate in the imperial enterprise. Masters highlights the role of two social classes that made the empire successful: the Sunni Muslim religious scholars, the ulama, and the urban notables, the acyan. Both groups identified with the Ottoman sultanate and were its firmest backers, although for different reasons. The ulama legitimated the Ottoman state as a righteous Muslim sultanate, while the acyan emerged as the dominant political and economic class in most Arab cities due to their connections to the regime. Together, the two helped to maintain the empire.

*Dictionary of Genocide* Feb 14 2020 Over 600 terms define the history, cases, prevention, and intervention of genocide around the world.

**5-Hydroxytryptamine-3 Receptor Antagonists** Apr 29 2021 5-Hydroxytryptamine-3 Receptor Antagonists provides a comprehensive, authoritative review of the topic featuring contributions by recognized leaders in the field. The book's three sections cover compound discovery and activity rationalization, the use of compounds for studying 5-HT<sub>3</sub> receptors, and their applications to therapeutics. This book will be an important reference for oncologists, researchers working with the CNS and gastrointestinal disorders, and anyone working in the 5-HT field within the pharmaceutical arena, academia, and medical practice.

*The Turks in World History* Sep 22 2020 Traces the Turkic peoples' trajectory from steppe, to empire, to nation-state. Unifying cultural, economic, social, and political history, this work illuminates the projection of Turkic identity across space and time and the profound transformations marked successively by the Turks' entry into Islam and into modernity.

**Romanesque** Dec 18 2022 This volume helps us understand and even experience the manifold aspects of Romanesque artistic composition.

**The Crusades and the Military Orders** Oct 24 2020 Proceedings of a conference on a theme, the 34 essays by specialists from 15 countries present various facets of the struggles waged for the possession of the Holy Land between the 10th and 13th centuries, and of the activities of the military orders elsewhere in Europe.

**Genocide in Armenia** Nov 24 2020 Around 1915, the Young Turks viewed Turkish Armenians as dangerous conspirators, so it endeavored to force thousands of them from their homes. They were massacred or marched to death. When all was said and done, between 600,000 and 1,500,000 Armenians died. This informative book offers a historical backdrop on the events that transpired to result in the Armenian genocide. Readers will learn about what happened during the genocide and in its aftermath, as well as get a closer look at how this period in Armenian history is viewed from a modern-day perspective.

**Besh Big Easy** Oct 16 2022 In this, his fourth big cookbook, the award-winning chef John Besh takes another deep dive into the charm and authenticity of creole cooking inspired by his hometown, New Orleans. Besh Big Easy: 101 Home-Cooked New Orleans Recipes, is a fresh and delightful new look at his signature food. Besh Big Easy will feature all new recipes and easy dishes, published in a refreshing new flexibound format and accessible to cooks everywhere. Much has changed since Besh wrote his bestselling My New Orleans in 2009. His restaurant empire has grown from two to twelve acclaimed

eateries, from the highly praised Restaurant August to the just opened farm-to-table taqueria, Johnny Sanchez. John's television career has blossomed as well. He's become known to millions as host of two national public television cooking shows based on his books and of *Hungry Investors* on Spike TV. *Besh Big Easy* is dedicated to accessibility in home cooking and Orleans cuisine. "There's no reason a good jambalaya needs two dozen ingredients," John says. In this book, jambalaya has less than ten, but sacrifices nothing in the way of flavor and even offers exciting yet simple substitutions. With 101 original, personal recipes such as Mr. Sam's Stuffed Crabs, Duck Camp Shrimp & Grits, and Silver Queen Corn Pudding, *Besh Big Easy* is chock-full of the vivid personality and Louisiana flavor that has made John Besh such a popular American culinary icon. Happy eating!

**Religion and Politics in Turkey** May 31 2021 Over the last decade the once marginal extreme right of the Turkish ideological spectrum has grown in size as well as in influence and has effectively reshaped party competition in Turkey. Policy mandates and electoral bases of the rising extreme right rely on potentially explosive social cleavages in the country. One such confrontation is between the secularist and pro-Islamist forces, which has always been one of the centrepieces of modern Turkish politics. The rise of pro-Islamist electoral forces from a marginal to an undeniably imposing position in Turkish electoral politics has led many to worry that a deep-rooted schism has come to the forefront of Turkish politics. The frontline of this secularist vs pro-Islamist confrontation is quite widespread ranging from a debate around the ban of turban and headscarves in universities to religious education in the country, from Islamic principles in the economy to Turkish foreign policy towards the Middle Eastern countries. This volume was previously published as a special issue of the journal *Turkish Studies*.

Turkey and the European Union Mar 29 2021 These papers examine the history behind Turkey's application for EU membership. The contributors tackle the thorny issues of Cyprus, Turkey's attitude towards a common defence policy and Turkish parliamentarians' views on the nation's relations with the European Union.

**Geography** Jun 19 2020 Plate tectonics - Earthquakes and volcanoes - Weathering and slopes - Glaciation - Coasts - Deserts - Weather and climate - Soils - Biogeography - Population - Urbanisation - Farming and food supply - Rural land use - Energy resources - Manufacturing industries - Transport and interdependence - World development.

*The Magnitude of Genocide* Jul 21 2020 This book defines genocide, distinguishing it from mass murder, war crimes, and other atrocities; allows readers to grasp the magnitude of the crime of genocide across time and throughout human civilization; and facilitates an understanding of new and potential cases of genocide as they occur. • Illustrates the myriad problems inherent in genocide prevention and in the punishment of perpetrators • Analyzes why the nation-states that have the capacity to prevent or intervene against a genocide typically avoid doing so • Discusses the nature of and reasons underlying genocide denial • Examines the different kinds and scales of the impact of genocide on victim groups and on the perpetrators

**Essays in Ottoman and Turkish History, 1774-1923** Aug 22 2020 The effect of Western influence on the later Ottoman Empire and on the development of the modern Turkish nation-state links these twelve essays by a prominent American scholar. Roderic Davison draws from his extensive knowledge of Western diplomatic history and Turkish history to describe a period in which the actions of the Great Powers, incipient and rising nationalisms, and Westernizing reforms shaped the destiny of the Ottoman Empire and the creation of the new Turkish Republic. Eleven of the essays were previously published in widely scattered journals and multi-authored volumes. The first of these provides a general survey of Turkish and Ottoman history, from early Turkish times to the end of the Empire. The following essays continue chronologically from 1774, detailing some of the changes in the nineteenth-century Empire. Several themes recur. One is the impact of Western ideas and institutions and the resistance to that

influence by some elements in the Empire. Another concerns the diplomatic pressure exerted by the Great Powers of Europe on the Empire, which amounted at times to direct intervention in Ottoman domestic affairs. Taken together, the essays portray a confluence of civilizations as well as a clash of cultures. Professor Davison has written an interpretive introduction that sets out the historical trends running throughout the book. In addition, he includes a previously unpublished article on the advent of the electric telegraph in the Ottoman Empire to show how the adoption of a Western technological advance could affect many areas of life. Of particular interest to students of Ottoman and Middle East history, these essays will also be valuable for everyone concerned with modernization in developing nations. Davison's interpretations and keen methodological sense also shed new light on several aspects of European diplomatic history.

*Save Karyn* Jul 13 2022 What would you do if you owed \$20,000? Would you: a) Not tell your parents? b) Stop colouring your hair, having pedicures and buying Gucci? c) Start your own website that asks for money without apology? If you were Karyn Bosnak, you'd do all three... In New York for the first time, with the dream job and the smart flat, Karyn starts spending...and spending. But when it all goes horribly wrong, and her credit card balance mounts in a terrifying manner, Karyn knows that she has to take control. She starts her website [www.savekaryn.com](http://www.savekaryn.com) on which she fearlessly asks for donations to help pay off her debts. The website receives over 2 million hits and has replies from all over the world - some supportive, many abusive. But after four months, Karyn has become a new woman- debt-free, grateful and happy. This is the hilarious and touching true story of how she does it.

**Biology of Aging** Sep 03 2021 Robert Arking's *Biology of Aging* is an introductory text to the biology of aging which gives advanced undergraduate and graduate students a thorough review of the entire field. The mass of data related to aging is summarized into fifteen focused chapters, each dealing with some particular aspect of the problem. His prior two editions have also served admirably as a reference text for clinicians and scientists. This new edition captures the extraordinary recent advances in our knowledge of the ultimate and proximal mechanisms underlying the phenomenon of aging.

**Gypsies in the Ottoman Empire** Mar 17 2020 The Roma presence in the European part of the Ottoman Empire - the Balkans - is centuries old and it is not by accident that this region has often been called the second motherland of the Gypsies. From this region Gypsies moved westwards taking with them inherited Balkan cultural models and traditions. This book explores the history, ethnography, social structure and culture of the Gypsies in the Ottoman Empire. It is based on archival sources, mainly detailed tax registers, special laws, guild registers and court documents. Notes on Gypsies in books by foreign travellers are also included.

**The History of Turkey** Jan 27 2021 Surveys the history of Turkey from the neolithic age to the industrial age and into the 21st century.

*Turkish Foreign Policy* Oct 12 2019 This book explores how Turkey's contested national identity has affected its foreign policy since the late Ottoman era. The book takes a constructivist approach, asserting that identity matters for foreign policy decisions, but it separates itself from statist approaches by bringing identity question into domestic politics.

[An Introduction to Environmental Biophysics](#) Feb 20 2023 From reviews of the first edition: "well organized . . . Recommended as an introductory text for undergraduates" -- AAAS Science Books and Films "well written and illustrated" -- Bulletin of the American Meteorological Society

[The Limits of Convergence](#) Nov 12 2019 This book challenges the widely accepted notion that globalization encourages economic convergence--and, by extension, cultural homogenization--across national borders. A systematic comparison of organizational change in Argentina, South Korea, and

Spain since 1950 finds that global competition forces countries to exploit their distinctive strengths, resulting in unique development trajectories. Analyzing the social, political, and economic conditions underpinning the rise of various organizational forms, Guillén shows that business groups, small enterprises, and foreign multinationals play different economic roles depending on a country's path to development. Business groups thrive when there is foreign-trade and investment protectionism and are best suited to undertake large-scale, capital-intensive activities such as automobile assembly and construction. Their growth and diversification come at the expense of smaller firms and foreign multinationals. In contrast, small and medium enterprises are best fitted to compete in knowledge-intensive activities such as component manufacturing and branded consumer goods. They prosper in the absence of restrictions on export-oriented multinationals. The book ends on an optimistic note by presenting evidence that it is possible--though not easy--for countries to break through the glass ceiling separating poor from rich. It concludes that globalization encourages economic diversity and that democracy is the form of government best suited to deal with globalization's contingencies. Against those who contend that the transition to markets must come before the transition to ballots, Guillén argues that democratization can and should precede economic modernization. This is applied economic sociology at its best--broad, topical, full of interesting political implications, and critical of the conventional wisdom.

The Older Cancer Patient Jan 07 2022 Because cancer in the older adult may be present in combination with other chronic conditions, including dementia and frailty, multidisciplinary care is especially important. This book provides nurses with essential information on the care and treatment of the older adult with cancer, including: An overview of cancer in the older adult, and barriers to treatment Prevention and screening of cancer in the older adult How to perform a comprehensive geriatric assessment, as a method for planning multidisciplinary care Practical applications of quality of life assessment and decision analysis Special considerations in radiation therapy and chemotherapy with the older adult Social and caregiver issues This book reflects lessons learned from a nurse-physician team who planned and implemented the Senior Adult Oncology Program at the Moffit Cancer Center and Research Institute in Florida.

**The A to Z of the Ottoman Empire** Dec 26 2020 The A to Z of the Ottoman Empire is an in-depth treatise covering the political, social, and economic history of the Ottoman Empire, the last member of the lineage of the Near Eastern and Mediterranean empires and the only one that reached the modern times both in terms of internal structure and world history.

**The Origins of the Ottoman Empire** Jan 15 2020 In The Origins of the Ottoman Empire, Köprülü criticized as unscientific the prevailing Western explanations of the origins of the Ottoman Empire. Leiser's translation from the Turkish reveals Köprülü's modern historiographic method, and his unique contribution in describing the nature of the relevant Muslim sources. Using these and other references, Köprülü gave the first broad comprehensive account--political, religious, social, and economic--of the Turkish history of Anatolia in the thirteenth and fourteenth centuries, and outlined the major factors that led to the rise of the Ottomans.

*The Oxford Handbook of Ancient Anatolia* Oct 04 2021 This title provides comprehensive overviews on

archaeological philological, linguistic, and historical issues at the forefront of Anatolian scholarship in the 21st century.

**The Oxford History of Byzantium** May 19 2020 The Oxford History of Byzantium is the only history to provide in concise form detailed coverage of Byzantium from its Roman beginnings to the fall of Constantinople and assimilation into the Turkish Empire. Lively essays and beautiful illustrations portray the emergence and development of a distinctive civilization, covering the period from the fourth century to the mid-fifteenth century. The authors - all working at the cutting edge of their particular fields - outline the political history of the Byzantine state and bring to life the evolution of a colourful culture. In AD 324, the Emperor Constantine the Great chose Byzantium, an ancient Greek colony at the mouth of the Thracian Bosphorus, as his imperial residence. He renamed the place 'Constantinopolis nova Roma', 'Constantinople, the new Rome' and the city (modern Istanbul) became the Eastern capital of the later Roman empire. The new Rome outlived the old and Constantine's successors continued to regard themselves as the legitimate emperors of Rome, just as their subjects called themselves Romaioi, or Romans long after they had forgotten the Latin language. In the sixteenth century, Western humanists gave this eastern Roman empire ruled from Constantinople the epithet 'Byzantine'. Against a backdrop of stories of emperors, intrigues, battles, and bishops, this Oxford History uncovers the hidden mechanisms - economic, social, and demographic - that underlay the history of events. The authors explore everyday life in cities and villages, manufacture and trade, machinery of government, the church as an instrument of state, minorities, education, literary activity, beliefs and superstitions, monasticism, iconoclasm, the rise of Islam, and the fusion with Western, or Latin, culture. Byzantium linked the ancient and modern worlds, shaping traditions and handing down to both Eastern and Western civilization a vibrant legacy.

*Ugh! Yuck! and Whoa!* Jun 12 2022

**A Primer Of Indian Logic** Mar 09 2022 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

This book reflects the state of the art in the management of senior adults with cancer. The contributors discuss epidemiology, evaluation, surgical and radiotherapy treatment, hormonal and cytotoxic treatment, and specific cancers such as lung, breast, colorectal, prostate, b

**A Secondhand Lie** Nov 17 2022 Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair.

Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean Koontz's *The Neighbor*. Read as a standalone or as the companion book to *A Secondhand Life*.

*Ottoman/Turkish Visions of the Nation, 1860-1950* Dec 14 2019 Seeing the critical phase in the construction of a Turkish historical imagination between 1860 to 1950 disregarding the political disruptions, this book demonstrates how history and historical imagery had been instrumental in the nation-building process.

The Great Game of Genocide Apr 17 2020 The Great Game of Genocide addresses the origins, development and aftermath of the Armenian genocide in a wide-ranging reappraisal based on primary and secondary sources from all the major parties involved. Rejecting the determinism of many influential studies, and discarding polemics on all sides, it finds its interpretation of the genocide in the interaction between the Ottoman empire in its decades of terminal decline, the self-interested policies of the European imperial powers, and the agenda of some Armenian nationalists in and beyond Ottoman territory. Particular attention is paid to the international context of the process of ethnic polarization that culminated in the massive destruction of 1912-23, and especially the obliteration of the Armenian community in 1915-16. The opening chapters of the book examine the relationship between the great power politics of the 'eastern question' from 1774, the narrower politics of the 'Armenian question' from the mid-nineteenth century, and the internal Ottoman questions of reforming the complex social and ethnic order under intense external pressure. Later chapters include detailed case studies of the role of Imperial Germany during the First World War (reaching conclusions markedly different to the prevailing orthodoxy of German complicity in the genocide); the wartime Entente and then the uncomfortable postwar Anglo-French axis; and American political interest in the Middle East in the interwar period which led to a policy of refusing to recognize the genocide. The book concludes by explaining the ongoing international denial of the genocide as an extension of the historical 'Armenian question', with many of the same considerations governing modern European-American-Turkish interaction as existed prior to the First World War.

**Prosperi Farinacii ... Praxis, et theoricæ criminalis pars quarta** Sep 15 2022

**Political Parties in Turkey** Aug 02 2021 Turkey's growing international profile, candidacy for the EU, and persistent democracy has led to a growing interest in how that country is governed. This book provides portraits of the seven main political parties by Turkish experts who are close observers of these institutions. In addition to providing an analytical survey of Turkish politics today, this volume also provides a fascinating case study on the problems of developing deep-rooted democracy, conflicts between state interests and interest groups, and the evolution of party systems.
