DOOM METAL LEXICANUM 2
Jan 23 2023
The Book of Martyrs Nov 21 2022
Fantastic portmanteau featuring the stoic warriors of the Adepta Sororitas. To die in the name of the God-Emperor of Mankind is to live eternal, and none are more willing to bleed in His name than the Adepta Sororitas - the Sisters

of Battle. The Book of Martyrs charts the deaths of these exemplars. Sister Ishani of the Orders Hospitaller, serving alongside the death-obsessed Valorous Heart, tends to her Ecclesiarchy charges as something inhuman hunts the fields. Sister Anarchia of the Order of Our Martyred Lady, taken captive by the vile T'au Empire, seeks to teach her interrogators what it truly means to be one of the faithful. On a regressed Imperial world, Sister Superior Laurelyn of the Order of the Bloody Rose reinforces the beleaguered defenders against a familiar foe turned anew by the Great Rift. And in the age of the Indomitus Crusade, with the galaxy split in two, only one thing is certain - there will be no shortage of martyrs to fill the pages of this ancient tome.

But now dark forces plot against Wulfrik, and he must discover the enemy within or else his soul will be lost to the Dark Gods.

Robots That Kill Mar 01 2021
This book describes real-world killer robots using a blend of perspectives. Overviews of

technologies, such as autonomy and artificial intelligence, demonstrate how science enables these robots to be effective killers. Incisive analyses of social controversies swirling around the design and use of killer robots reveal that science, alone, will not govern their future. Among those disputes is whether fully-autonomous, robotic weapons should be banned.

Examinations of killers from the golem to Frankenstein's monster reveal that artificially-created beings like them are precursors of real 21st century killer robots. This book laces the death and destruction caused by all these killers with science and humor. The seamless combination of these elements produces a deeper and richer understanding of the robots around us.
