Summer 1940. The evacuation of Dunkirk proves that the British can rise to a challenge, even against seemingly insurmountable odds. But now the soldiers walk the streets of Dover, even wandering through Woolworths store, and take weary turns on the town's skating rink. Life, despite the threat of invasion and the reality of bombing, must go on and people must take comfort where they find it. Toby Hendry, a fighter pilot, is awaiting orders when he meets Giselle, a young

Frenchwoman who took the chance to flee occupied France with the English troops. Their love affair feels like a summer idyll, but can it withstand the forces of war? Meanwhile, reserve naval commander Paul Instow has been called up to fight in a war for which he feels too old. Distracting him from his worries is Molly, a young Dover prostitute. Their relationship is tender and happy, but is this a love born from desperation or could it be something more permanent? And then there are Harold, Spots and Boot, three boys desperate to fight the German invaders, armed only with catapults and a stolen Bren gun... In *Dover Beach* Thomas chronicles the lives and loves of ordinary people in besieged Britain during these tense, but curiously elated days. should he even be bothered to solve the case? Dover and the Claret Tappers is a surprising departure for the series featuring Scotland Yard's least competent detective, and the first to depart is none other than Dover himself. When the doubtful detective suddenly vanishes from Scotland Yard, along comes an ultimatum from a gang of kidnapers, the Claret Tappers. They demand not only a stout ransom, but also the release of two prisoners — a multiple bigamist and a nymphomaniacal shoplifter. How Dover gets out of this one is only the beginning.
